2018 is the 50th Anniversary of the National Trails System Act

In his 1965 “Natural Beauty Message” to Congress, President Lyndon B. Johnson inspired a national “system of trails” for the American people. Congress passed the National Trails System Act, signed into law by President Johnson on October 2, 1968. Today, the National Trails System includes 11 National Scenic Trails and 19 National Historic Trails authorized by Congress, and more than 1,200 National Recreation Trails including the East Bay Skyline National Recreation Trail.

Please enjoy the Regional Parks safely, and help us protect and preserve the parklands by complying with park rules and regulations.

Safety and Etiquette

- Stay on trails. Taking shortcuts can be dangerous and causes erosion.
- Wading and/or swimming in undesignated areas may be dangerous and may harm the watershed.
- Carry and drink plenty of water. Dehydration is a leading cause of injuries on the trail.
- Be prepared for sudden changes in weather conditions.
- Trails can be slippery, rocky and steep. Proceed carefully at your own risk.
- Wildlife may be present on the trails at any time. Feeding or approaching wildlife is dangerous and illegal.
- Bicycles are permitted on designated trails only. Horses have the right-of-way on trails.
- Keep the parks beautiful. Pack out what you pack in. *Leave No Trace.*

Rules

- Dogs must be leashed 200 feet from any trail or park entrance. Dogs must be leashed in parking lots, picnic areas, developed areas such as lawns and play fields, and on some trails. They must be under voice control at all times.
- State law requires that all bicyclists under age 18 wear an approved helmet while riding on trails and roadways. Bicyclists and equestrians are also strongly encouraged to wear helmets at all times.
- Smoking is prohibited, except in overnight campsites.
- Drones are prohibited.

Visitors are responsible for knowing and complying with park rules (Ordinance 38). See ebparks.org/rules.

The East Bay Skyline National Recreation Trail, one of 1,200 designated National Recreation Trails in the United States, is part of the historic 1968 National Trails System Act. The trail parallels the Bay Area Ridge Trail, a planned 550-mile multi-use trail along ridgelines ringing the San Francisco Bay Area, and the Anza National Historic Trail, commemorating the 1776 East Bay exploration by Lt. Colonel Juan Bautista de Anza’s expedition.

About the Skyline Trail

The East Bay Skyline National Recreation Trail (Skyline Trail) offers one of the most unique and rewarding outdoor trail experiences in the San Francisco Bay Area. A 31-mile continuous path, the Skyline Trail traverses through six of the East Bay's most historic and picturesque parks and preserves, sometimes just steps away from urban areas. Visitors will encounter many delights along the trail including stunning panoramic city and bay views, the largest remaining natural stand of coast redwood found in the East Bay and historic and geologic resources.

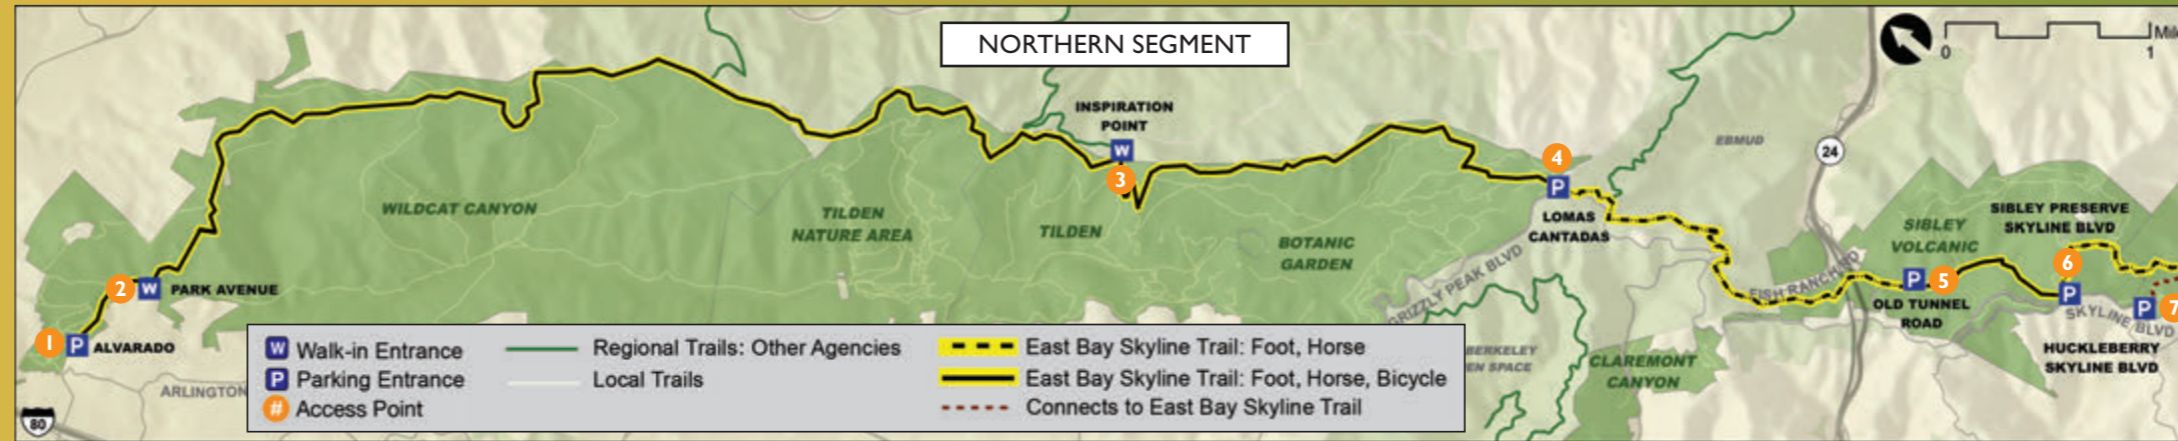

Running north to south, the trail begins at historic Alvarado Park and the entrance to **Wildcat Canyon Regional Park** in Richmond. From there it leads through

Tilden Regional Park, Sibley Volcanic Regional Preserve, Huckleberry Botanic Regional Preserve, Redwood Regional Park, and ends at Proctor Gate staging area at **Anthony Chabot Regional Park** near Castro Valley. There is also a section that crosses East Bay Municipal Utility District land over the Caldecott Tunnel and Highway 24.

The Skyline Trail truly embodies the spirit of the National Trails System Act of 1968 (trails50.org) which is celebrating 50 years of creating outdoor recreation opportunities, promoting resource preservation, providing public access, and appreciating the great outdoors and America's history and cultural diversity.

To help you enjoy the East Bay Skyline National Recreation Trail, hiking routes are divided here into seven hikeable sections from north to south. All 21 parking entrances and walk-in access points, trail details, downloadable park maps for the Skyline Trail's hosting parks, and interesting park facts can be found on the District's website at ebparks.org. Park maps are available at each park.

Trail Access Points and Descriptions

Alvarado to Inspiration Point

7.14 miles

Part of the Wildcat Creek, Belgium, San Pablo Ridge trails and Nimitz Way. Trail leads through rolling grassy hills and an oak/madrone/bay forest. Along Nimitz Way, once a NIKE missile site access road, there are Monterey, Coulter and Ponderosa pines. This four-mile paved road leads to Inspiration Point in Tilden Regional Park.
