Comments:

Areas of dense coastal scrub and coyote brush  
Some oak bay woodland in and adjacent to RTA  
Good coastal scrub habitat to the east for connectivity  
Area behind homes has been mowed by residents developing a buffer from homes to park border.  
Implement BMPs for AWS protection

I certify that this site assessment is complete and meets the EBRPD standards for natural resource protection in accordance with the Wildfire Hazard Reduction and Resource Management Plan
