

Central Contra Costa County Crossover Project

Work Activity Notification: Tunnel Closure

December 2009

Tunnel Closure to begin Early January 2010

As part of the Central Contra Costa County Crossover Project, a portion of the Contra Costa Canal Trail will be temporarily closed. This portion of the Canal Trail runs under BART tracks, from North Main Street (at Autocenter Road) to Jones Road.

The tunnel will be closed from approximately early January 2010 through late February 2010. Please use alternate pedestrian walkways at Parkside Drive or at the northern side of Treat Blvd.

For additional information or to receive future updates on this project call 925.603.5321, email ContraCostaCountyCrossoverProject@bart.gov, or visit our website at www.bart.gov/crossover.

We thank you for your patience and cooperation during this work.

The Central Contra Costa County Crossover Project Area

The project will add two new crossover tracks between Pleasant Hill Station and Walnut Creek Station. Project benefits include: additional seating capacity during peak hours, increased reliability of service in the Walnut Creek-Pleasant Hill area, additional flexibility in operational and delay management and improved maintenance capacity.
