

# Measure WW will fund local park and recreation grants

Providing funding for every community in Alameda and Contra Costa Counties is a major component of Measure WW. A total of 25% of the funds, or \$125 million (less 5% grant administration costs), will be dedicated to help meet local park and recreation needs. Local allocations are per capita and based on California Department of Finance 2008 Population Estimates. Local agencies will set local priorities and select projects for funding.
