## CHILDREN SUPERVISION RECOMMENDATIONS

Children, young and old must be supervised at all times. Our facilities and our park areas are easily damaged, and renters are responsible for any damage caused by their guests.

We are having some challenges with children left unsupervised during events at the facilities. The parks are a great place for children to run and play but rental areas are developed and must be respected as such. It is your Cleaning and Damage deposit that is at risk if outdoor or indoor areas are damaged.

The following is a partial list of areas to watch for with children:

1. No climbing on the building buttress located off the patio (at Brazilian Room), on the flagpole; no climbing on rocks and/or decks or railings; and no swinging from the trees.
2. No throwing of objects, including dirt, rocks, and fruit from the loquat tree.
3. Children are not allowed to play behind the building along the narrow strip of cement (Brazilian Room).
4. No playing in parking lots.
5. Toys, confetti, paper, plastic items, bottles, cans, glasses, plates, etc. are not to be thrown on the lawn, patio, flower beds, or parking lot.
6. No crayons, paint, permanent markers or chalk can be used.
7. No screaming or using loud voices after dark when using the outside. We are under a sound ordinance.
8. Please keep children from putting hand and lip prints on the windows and mirrors.
9. No soda spraying.
10. Balloons are not to be released outside.
11. No playing in the flower beds, picking flowers or removing rocks.
12. No ball or frisbee playing on the upper lawn or patio
13. Tables and chairs are not toys and may not be used to make forts or anything else.
14. **AT TEMESCAL**- children are NOT allowed to play beyond the adjacent patio area after dark. Temescal park and beach are off limits after dark. **BEWARE OF SAND, IT WILL SCRATCH THE FLOORS IN THE BUILDING.** Children will need to have an adult empty their clothes, shoes, and socks of all sand grains. THANKS!

We suggest hiring a clown, a sitter, or assign older teenagers to supervise the children.

Thank you for your cooperation.
