

Crab Cove Visitor Center presents

WHALE WATCHING OPPORTUNITIES

Venture out to the Pacific Ocean in search of the California Gray Whale, our state marine mammal. These magnificent animals are on the move through our coastal waters. Their mission: to reach plankton-rich arctic waters! Our mission: to observe them on one of the longest migrations of any mammal.

Join Crab Cove's Naturalist staff as we depart Half Moon Bay in search of "Grays" and other marine marvels. (8+yrs)

9:30am-12:30pm

Saturday, February 23, Course #16939

Sunday, March 2, Course #17226

Sunday, March 16, Course #17227

Saturday, March 22, Course #17228
