

**East Bay Regional Park District – City of Fremont  
Liaison Committee Meeting**

October 19, 2017

6:00 p.m.

**AGENDA SUMMARY**

**Dumbarton Quarry Park – Update**

EBRPD will provide an update on the current status of construction with the extension of the sewer mainline into the campground and installation of other underground utilities.

**Modification of EBRPD/City of Fremont Liaison Meeting Agreement**

The current Memorandum of Understanding (MOU) between the East Bay Regional Park District and the City of Fremont outlines the terms and conditions of the Liaison Committee meetings. The MOU, created in 2003 after the dissolution of the former Ardenwood Park Advisory Committee, dictates the frequency and quantities of meetings to be held in a calendar year: a minimum of 3 times a year, with one meeting held in March/April. The Committee will discuss the possibility of amending the agreement to a minimum of two meetings annually with one held in the spring at Ardenwood and one in the fall.

**Hay Storage Request for Ardenwood Pole Barn**

EBRPD staff will propose the erection of a pole barn, which will be located east of the park office outside of the historic cove. The barn is permissible per the Land Use Plan Amendment for Ardenwood Farm. The pole barn will provide covered storage for hay grown at the farm and hay purchased on site. The pole barn will also reduce costs on hay deliveries, as well as lessen the potential for injuries from employees moving and stacking bales by hand.
