ARTICLE ONE: PURPOSE AND ORGANIZATION

1.1 PURPOSE

The East Bay Regional Park District ("District"), created pursuant to the provisions of the Public Resources Code of the State of California, is a public special district.

The East Bay Regional Park District Police Association, ("PA"), represents the employees of the District in the Public Safety Unit (as hereinafter defined).

The PA and the District ascribe to and recognize that the mission and purpose of the District is to provide quality and economical park and recreation services and facilities; and this MOU is entered into as of October 1, 2014, between the District and the PA. It is the intent and purpose of this MOU to assure sound and mutually beneficial working and economic relations between the parties hereto, to provide an orderly and peaceful means of resolving any misunderstandings or differences which may arise, and to set forth herein the basic and full agreement between the parties concerning rates of pay, wages, hours of employment and other conditions of employment and PA-District relationships.

1.2 DEFINITIONS

As used in this MOU the following terms shall have the meanings indicated:

- A. Appropriate Unit: All employees in the classification of Police Officer, Police Officer/Helicopter Pilot, Police Officer Recruit, Police Sergeant, Police Sergeant/Helicopter Pilot, Fire Captain, Communications Dispatcher/Community Service Officer, Dispatch Supervisor, Property and Evidence Specialist, Public Safety Dispatch Systems Administrator and Public Safety Volunteer Coordinator.
- B. District: The East Bay Regional Park District, and where appropriate herein "District" refers to the Board of Directors, the governing body of said District, the General Manager or any duly authorized management employee.
- C. Employee, Permanent: An employee hired in a year round job assignment of 12 months in a regular classification as provided for in the District's annual budget or by other Board Action and designated a permanent employee by approval of the General Manager. Effective January 1, 2000, all Communications Dispatcher/Community Service Officers will obtain the designation of permanent after 18 months in their job assignment.
- D. Employee, Volunteer: A person in an employee status, pursuant to a written agreement specifying volunteer status and specifying that such person shall receive no compensation of any kind or any benefits except as specifically provided herein. No provisions of this MOU shall apply to volunteer employees, except as specifically provided in such provisions.

- E. Employee, Probationary: Any employee who has not completed the probationary period.
- F. Employee, Part-time: Any employee who normally works less than 35 hours per week.
- G. Meet and Confer (sometimes referred to herein as "Meeting and Conferring"): Performance by duly authorized District representatives and duly authorized representatives of an employee organization recognized as the majority representative of their mutual obligation to personally meet as set forth in Article 2.4 below in order to freely exchange information, opinions and proposals concerning matters within the scope of representation involving wages, hours and other terms and conditions of employment for the purpose of endeavoring to reach agreement on such matters in the form of a MOU.

1.3 TERM

This MOU shall become effective at 12:01 a.m., October 1, 2014, and shall continue in full force and effect until midnight, September 30, 2018.

1.4 SUCCESSORS

This MOU shall be binding upon and inure to the benefit of the successors and assigns of each party.

1.5 TIME

Time is of the essence of this entire MOU.

ARTICLE TWO: EMPLOYER-EMPLOYEE RELATIONS

2.1 EMPLOYEE RIGHTS

Subject to the provisions of this MOU, and applicable law, all employees of the District shall have the right to form, join and participate in the activities of employee organizations of their own choosing for the purpose of representation on all matters of employer-employee relations involving wages, hours and other terms and conditions of employment. Employees of the District also shall have the right to refuse to join or participate in the activities of employee organizations and shall have the right to represent themselves individually in their employment relations with the District. No employee shall be interfered with, intimidated, restrained, coerced or discriminated against by the District or by the PA because of their exercise of these rights.

2.2 DISTRICT RIGHTS

Except as otherwise expressly provided in this MOU, the District retains all rights of management, including the right to direct employees, to hire, reclassify, determine the content of job classification, develop and administer performance evaluation systems, promote, train, transfer, assign and retain employees, and to suspend, demote, discharge or take other disciplinary action against employees for just cause, to relieve employees from duties because of lack of work, lack of funds, or for other causes beyond the District's reasonable control, to provide necessary equipment as listed in Appendix B, to determine organization and budget, to maintain the efficiency of the operations entrusted to the District and to determine the methods, technology, means and personnel by which such operations are to be conducted, including contracting and subcontracting; similarly, to take whatever action may be necessary regardless of prior commitments to carry out the mission of the District in an emergency or any unforeseen combination of circumstances which calls for immediate action, and the right to make reasonable rules and regulations pertaining to employees.

2.3 SETTLEMENT OF LABOR RELATIONS POLICIES

The parties agree that this MOU sets forth their entire agreement on all Labor Relations policy matters for the term of the MOU. Accordingly, except as may be expressly provided herein concerning any matter requiring meeting and conferring, all dealings between the parties during the term hereof shall consist of the administration of the MOU and the processing of any grievances that may arise. For those purposes it is agreed that except as may be otherwise expressly provided in this MOU, the District shall contact and deal with the PA only through the PA's President (or such other persons the PA may hereafter designate in writing) and not otherwise, and the PA shall contact and deal with the District only through its General Manager (or such other persons the General Manager may hereafter designate in writing) and not otherwise. The parties also hereby agree that there are not now, and shall not in the future be, any agreements or understandings between them concerning any of the subject matter of this MOU or otherwise except that which has been reduced to writing and signed by authorized representatives of both parties.

2.4 MEET AND CONFER

A. Conference - Procedures

The District and the PA shall meet and confer only in accordance with the following:

1. Number of Representatives: Each party shall designate up to three representatives, all of which may be District employees on duty, to attend such meetings for the purpose of meeting and conferring.
2. Meeting Times - Procedures and Purposes: Representatives of the PA shall be entitled to meet and confer as provided herein with District officials during working hours, for reasonable periods of time agreed to by the parties, or otherwise as specifically provided in this MOU, without loss of pay or time. However, employee representatives shall not leave their duty station or assignments without the specific prior approval of their immediate supervisors, which approval shall not be unreasonably withheld. Nothing herein shall limit or restrict the right of both management and employee groups to meet either before or after the regular working day as a matter of mutual convenience as they may agree so to do.

B. Meet and Confer – New MOU

1. Sixty days prior to the expiration of this MOU the parties shall meet to begin negotiations for a new MOU.
2. The PA negotiating committee may include up to three employees on District paid time. Any additional members shall be on non-paid status and may attend negotiating meetings with the approval of the employee's supervisor.
3. If no agreement is reached before 15 days prior to the expiration of this MOU, either party may declare an impasse has been reached in negotiations. Either party may then contact the State Conciliation Service and ask that a mediator be appointed to mediate the dispute.
4. The mediator, when appointed, shall meet forthwith with the parties, either jointly or separately, and shall take such other steps as the mediator may deem appropriate in order to persuade the parties to resolve their differences and effect a mutually acceptable agreement. The mediator, however, shall not have the power to impose any settlement on the parties.

2.5 APPROPRIATE UNIT

The District recognizes the employees appointed to the classifications set forth in Appendix A as an appropriate bargaining unit exclusively represented by the East Bay Regional Park

District PA for the purposes of collective bargaining as defined in Government Code Sections 3500, et seq.

2.6 POLICE ASSOCIATION

A. Agency Shop

1. Any employee covered by this MOU shall, as a condition of continued employment, either:
 - a) become a member of the PA and pay the initiation fees and dues uniformly required for acquiring and maintaining membership in the PA; or
 - b) pay to the PA an agency fee in the amount of the initiation fees and dues as specified above. This obligation shall not commence until after the employee has completed 30 days of employment.
2. The PA shall indemnify and hold the District harmless from any cost or liability resulting from any and all claims, demands, suits, or any other action arising from the operation of this provision and from the use of such monies by the PA, including the costs of defending against any such actions or claims.
3. Any employee who is a member of a bona fide religion, body, or sect, which has historically held conscientious objections to joining or financially supporting a public employee organization shall not be required to join or financially support the PA. Those employees may, in lieu of dues, initiation fees or agency fees, pay sums equal to such dues, initiation fees or agent fees to:
 - American Red Cross
 - American Cancer Society
 - Heart Association
4. The District agrees to deduct on a bi-weekly (not to exceed twice a month) basis the periodic membership dues or agency fees from the paycheck of each employee who voluntarily executes and delivers to the District a valid check-off authorization form approved by the District and the PA.
5. Supervisory employees shall not be covered by the Agency Shop requirement.

B. Dues Check-Off Procedures

1. Certification of Dues: The following certification form shall be used by the PA to initially certify membership dues or to make any change in the previously certified dues:

CERTIFICATION OF TREASURER OF THE PA

I certify that the membership dues for employees in the bargaining unit are \$ _____ per employee per month.

Date: _____, 20____ Signature _____
Treasurer of the PA

Date of Delivery to the District: _____, 20 ____

2. Terms of Payroll Deductions: Payroll deductions shall be made only from wages earned by employees for a full calendar month's employment; provided, however, the deduction for any employee shall not be made unless both:
 - a) a properly executed "Authorization for Deduction of PA Dues" is then in force, and
 - b) certification of the amount of or of any change in the amount of the monthly dues or service fee has been delivered to the District not later than the 10th day of the calendar month for which such deduction is to be made.

3. Remittance to the PA: All sums deducted by the District shall be remitted to the PA at the PA's then current address for notices once each month by the 15th calendar day of the month following the month in which the deductions were made, together with a list of names of each employee for whom a deduction was made.

4. Indemnity - Dues Check-off: The District shall not be liable to the PA by reason of the requirements of this Article for the remittance or payment of any sum other than that constituting actual deductions made from the pay earned by the employee. In addition, the PA shall indemnify and save the District harmless from any liability resulting from any and all claims, demands, suits or any other action arising from compliance with this Article. The PA agrees to refund to the District any amounts paid to it in error.

C. Prohibition against Discrimination

1. The PA shall represent fairly all employees in units it represents and who wish to be represented by it and shall not discriminate on the basis of organizational membership, race, color, creed, sex, disability or national origin.

2. The District shall not discriminate for or against any employee organization or its members nor in any way coerce or influence any employees in their free choice to join or not to join any employee organization, nor shall it discriminate

on the basis of age, sex, marital status, religion, race, color, creed, national origin, sexual preference, disability or political or Union affiliation.

D. PA Representatives

The District recognizes and agrees to deal with the President of the PA in all matters relating to grievances and the interpretation of this MOU.

E. List of Officers

A written list of the Officers of the PA and the specific areas they represent shall be furnished to the District immediately after their designation and the PA shall notify the District promptly in writing of any changes of such Officers.

2.7 WORKFORCE FLEXIBILITY

A. Acknowledgement of Interests

The PA acknowledges that the District has wide discretion in determining staffing levels and scheduling assignments to meet District policing needs. This section is in no way intended to diminish District rights in these areas as set forth in Article 2.2 of the current MOU.

Rather, it is intended to clarify the relationship between workforce flexibility, the nature of District police operations, and best practices for ensuring public safety. By doing so, it is intended to minimize controversy over the use of alternative staffing forms in police service delivery. Both the District and the PA share an interest in ensuring that the public is provided police services in the safest, most timely, cost-effective manner possible.

B. Workforce Flexibility

The term "workforce flexibility" refers to the ability of District management to use a range of staffing alternatives to meet policing needs. These include sworn staff, non-sworn staff, cooperative policing agreements, private unarmed security, volunteers, police reserves, seasonal officers, and fee-for-service contracts with city and county agencies. Implicit in the term is that sole reliance upon permanent staffing is neither fiscally sound nor operationally effective.

C. Permanent Staffing Needs

The District acknowledges that the PA has an interest in ensuring that permanent staffing needs are addressed in a timely, reasonable, and fair manner. To meet this interest, the District will meet regularly with PA representatives to review the use of staffing alternatives.

D. Non-Supplantation of Overtime

The intent of this provision is to ensure that internal overtime opportunities are reasonably available based upon historical practices and allocated fairly among permanent staff, both sworn and civilian. The District recognizes that the PA has concerns about fee-for-service contracting supplanting the availability of overtime assignments. To allay these concerns, the District agrees to maintain historical overtime practices during the life of the agreement, absent a change in fiscal or operational circumstances. With respect to the staffing of overtime assignments, however, the District will not implement administratively burdensome procedures for doing so, particularly during peak activity periods, before contracting for outside services.

E. Fee-for-Service Contracting*

To the extent feasible, the District agrees to use internal staff, including seasonal officers, civilians, and reserve police officers, to meet seasonal fluctuations, rather than fee-for-service contracting. However, if outside police officers or civilians are employed, they shall be responsive to District supervisors and commanders, consistent with service agreements entered into by the District and the employing agency. The District agrees that the Assistant General Manager for Public Safety will discuss such service agreements with PA representatives prior to implementation, absent exigent circumstances.

*The term "fee-for-service contracting" specifically refers to the practice of the District hiring outside staff to perform in-District duties as a supplement to the existing workforce, particularly during times of peak workload.

F. Annual Cap on Fee-for-Service Contracting

The District agrees that fee-for-service contract hours with other local and county agencies shall not exceed 1,000 hours annually. The District further agrees that whenever the level of fee-for-service contract hours in a given year reaches 80% of the cap, the District will meet with the PA to discuss the use of additional permanent staff in lieu of fee-for-service contracting. If the discussions result in the addition of a permanent FTE, the District shall have an additional 1,000 fee-for-service hours available to it during that same year.

ARTICLE THREE: BOARD MEETINGS

- A. A designated employee representative of the PA may attend Board Meetings. Attendance will be compensated at straight time pay for the hours of the Board meeting provided such hours are part of the representative's normal work schedule.
- B. Employees other than the paid representative may attend Board meetings during their normal work schedule provided such time off the job is charged as use of:
 - Vacation time or
 - Compensating time
- C. The Public Safety Managers group will be made aware of this policy and will facilitate such attendance provided absence of the representative will not cause hardship or operating problems to the District, in which event a substitute representative may attend the meeting.

ARTICLE FOUR: ADMINISTRATION

4.1 EMPLOYMENT INTERVIEW OBSERVER

The PA shall have the right to one non-voting observer for entry level and supervisory classifications covered by this MOU.

4.2 JOB CLASSIFICATION

- A. Work in Job Classification: All employees shall be hired into a job classification to be designated in the employee's personnel records, and will normally be required to perform only the duties of that classification.

- B. Work Appropriate to All Job Classifications: Individual job classifications are designed to describe specific qualifications and duties of each job in the District. In addition to those duties, it shall be a term and condition of all employees' employment that each such employee shall:
 - 1. Perform work out of class for periods not to exceed 30 consecutive work days' duration where the immediate supervisor and the Assistant General Manager for Public Safety concur that such employee is capable of performing the new duties thus assigned to such employee:
 - a. To fill in for another employee in the same Department who is absent from work or, when such employee's own work load permits, assist another employee needing help to complete his/her work in a timely manner; and
 - b. To do work assigned for purposes of allowing an employee to complete a total unit of work or for job enrichment purposes; and
 - c. In special assignment positions established where duties and responsibilities are of a short period for special work projects. Said positions may be established by the General Manager following a report and recommendation thereon by the Assistant General Manager for Public Safety and the Human Resources Manager. Selection of employees to said positions and removal therefrom shall be made by the Assistant General Manager for Public Safety. An employee so assigned shall receive a salary increment of 5% of such employee's salary.

 - 2. Respond in a courteous, helpful manner to park users and staff, assisting them where reasonably practicable, or otherwise directing them to the appropriate person or office for the information or assistance they need.

- C. Rotation of Assignment: The staffing of the Detective Division shall remain a minimum

of one sergeant and two officers. Assignment to the Division shall be for four (4) years. The Assistant General Manager for Public Safety, at her/his sole discretion, may extend a bargaining unit member's four (4) year assignment for up to an additional two (2) years (for maximum time in assignment of six (6) years).

4.3 SEASONAL EMPLOYEES

- A. Seasonal employees may be used during the months of March through October to augment the work force. The number of seasonal officers will be limited to 25% of the number of officers and sergeants during this period.

- B. Seasonal employees will not be used during November, December, January or February except to cover the hiring process, vacations or leaves of absence. The number of seasonal officers will be limited to 7% of the number of officers and sergeants during this period.

ARTICLE FIVE: WORK SCHEDULE

5.1 DAYS AND HOURS OF WORK

- A. Normal Schedule and Overtime: During the normal two week pay period, the scheduled hours of work will total 80 hours. Hours worked in excess of the normally scheduled hours in a day or in a week, which are required by an employee's supervisor, shall be deemed overtime. No employee shall be scheduled to work two consecutive shifts except in emergency situations. For purposes of this section, an emergency situation is a sudden or unforeseen circumstance or event that requires a level of staffing to ensure adequate levels of public safety. Routine backfilling of shifts due to pre-approved vacations, long term disability leaves, training leaves, or sick leaves do not constitute emergency situations.
- B. Shifts, working days of the week and such details shall be as determined by the District. Although many District employees will work a Monday through Friday schedule, the very nature and function of the District require many individuals to work unusual hours and work weekends. Work schedules showing the employee's shift, workdays and hours shall be posted.

5.2 BREAKS

- A. Meals: All full-time employees, except in cases of emergency or where workload does not allow for a lunch period, shall be granted a paid 30 minute meal period during each normal work shift. Whenever possible, the meal period shall be scheduled at the middle of the shift. If any full-time employees, at the request of their immediate supervisor, are expected to work two hours beyond their scheduled work periods, the District will either provide a meal or will provide a meal allowance of \$11.00. Such allowances will be claimed on the employee's timecard on the day the meal is incurred.
- B. Paid Rest Periods: All employees may take a rest period of not more than 15 minutes for each half-day of work. Rest periods shall be taken at a time and in a manner that does not interfere with the efficiency of the work unit.
- C. Equipment Service Time: A paid 10-minute equipment service period at the end of the workday shall be granted to any employee who, in the supervisor's discretion, requires clean up or equipment service time.

ARTICLE SIX: SALARY AND COMPENSATION

6.1 COMPENSATION

A. Wages:

1. Effective the first full pay period following Board approval of this MOU, sworn employees shall receive a wage increase of 5.5%.
2. Effective the first full pay period in October 2015, sworn employees shall receive a further wage increase of 5.5%.
3. Effective the first full pay period in October 2016, sworn employees shall receive a further wage increase of 5.5%.
4. Effective the first full pay period in October 2017, sworn employees shall receive a further wage increase of 5.5%.
5. Effective the first full pay period following Board approval of this MOU, non-sworn employees shall receive a wage increase of 2.5%.
6. Effective the first full pay period in October 2015, non-sworn employees shall receive a further wage increase of 2.25%.
7. Effective the first full pay period in October 2016, non-sworn employees shall receive a further wage increase of 2.25%.
8. Effective the first full pay period in October 2017, non-sworn employees shall receive a further wage increase of 2.5%.
9. The pay rates as of October 1, 2014, and as adjusted by paragraphs A.1 and A.5. above are set forth in Appendix A.

B. Entry Step

1. Normally all employees enter their first job classification or any promotional or new classification at the Step A pay level. In the case of internal promotions, if such step is less than 5% above the salary level prior to promotion, the employee shall be granted the next step in the salary range of the new position which is immediately above such employee's salary at the time of promotion. With regard to new entry level or lateral appointments, the General Manager upon recommendation by the Assistant General Manager for Public Safety may authorize entry at any step in order to meet recruiting problems, or to recruit or recognize a person with extraordinary qualifications.

2. Lateral Hires: The Assistant General Manager for Public Safety may authorize entry at any step up to and including the C step for lateral hires after reviewing the training experience of the individual and certifying to the Human Resources Manager that these qualifications warrant the increased level of compensation. Effective January 1, 2012, the Assistant General Manager for Public Safety may authorize entry at any step up to and including the "D" step for lateral hires.

C. Step Advances

Normally all employees in classifications which provide for step advances in pay shall not be advanced from one pay step to the next without having served the full time interval specified for each step. All time an employee is in the status of leave without pay (see Article 11.3 below) shall not be included in computing time served in each step. It shall be the responsibility of the Human Resources Division to notify the Assistant General Manager for Public Safety reasonably in advance of the time any employee will have completed the time specified in each pay step. The Assistant General Manager for Public Safety shall thereupon formulate a written recommendation concerning step advancement for such employee to the General Manager, who shall decide whether to advance such employee. If advancement is withheld, the employee shall be notified of the reason therefore in writing and a copy of such notice shall be filed in the employee's personnel file.

1. Early Step Advancement: If the Human Resources Manager and Assistant General Manager for Public Safety determine that it is necessary for the good of the District, and that the employee has demonstrated extraordinary progress in the factors for normal advancement listed in Article 6.1 (C) (2) below, such employee may be advanced prior to completion of the specified time-in-step requirements. The reason for this determination must be demonstrated in writing and filed in the employee's personnel file.
2. Normal Step Advancement: Employees shall normally receive pay step advancements upon completion of the specified time in step, provided they have demonstrated progressive improvement in job skills and work performance and continue to demonstrate a positive and constructive attitude toward the District and its objectives of service to the public. Such matters as good work attendance, safety alertness, efforts to improve job skills, initiative and ability to work constructively with co-workers shall be considered along with written performance ratings by the employee's supervisor(s) covering the prior performance rating period.
3. Withholding Step Advance: Division Commanders and supervisors have the authority and responsibility to recommend withholding step advancements if they are not merited. Employees may grieve improper application of this paragraph. Division Commanders shall keep their employees informed about

their job performance, giving deficient employees all reasonable guidance and assistance toward improvement.

6.2 WORK IN A HIGHER CLASSIFICATION

Employees designated to substitute for employees in a higher classification or to temporarily fill a vacant budgeted position shall be paid an additional \$10.00 per day from and including the first day of such work in the higher classification. Such assignments shall be limited to 180 calendar days when the assignment is to a vacant position.

This Article 6.2 shall be applicable only when:

- A. A permanent employee substitutes for a permanent employee in an approved budgeted position; and
- B. The employee is designated by name to work in the higher class and receiving acting pay; and
- C. The designation is due to vacation, sick leave, leave of absence, job injury leave, or to fill a position temporarily vacated by a permanent employee who has been temporarily re-assigned; and
- D. The supervisor making such designation is at least one supervisory level above the class being filled.
- E. In the event that an employee is designated by the General Manager, a division or department head, or his/her designated representative, on a temporary basis to a position in a higher classification and who, pursuant to such an assignment, does perform all the significant duties and responsibilities of such position for thirty (30) consecutive days shall be paid at the first step of the higher class or five percent (5%), whichever is greater. This shall become effective the thirty-first (31) day of acting employment and this will continue until the assignment is concluded or as noted below. The acting pay can never exceed the maximum authorized pay range of that classification.

An employee who serves in a long-term acting assignment and then subsequently takes paid leave (e.g. vacation, sick leave, or compensatory time) during the acting assignment, may remain at the higher acting pay range, if the employee has not concluded the acting assignment, provided the time off does not exceed two work weeks (eight to ten consecutive work days, depending on the work schedule).

Vacation pay outs and compensatory time pay outs shall be made at the employee's regular rate of pay, not at the acting rate of pay.

6.3 OVERTIME

A. Definitions

1. Overtime: Time spent in ordered duty, and pre-approved by supervisor, in excess of normally scheduled hours in one day or one week. Overtime shall be earned and paid in tenth (0.1) of an hour increments rounded to the nearest tenth (0.1) of an hour. One tenth (0.1) is equal to six (6) minutes.
2. Extension of the Performance of Police Function (Contiguous): An extension of a regular workday, either before or after the shift.
3. Standby: When an employee is required by the District to be on on-call status, available for immediate callback.
4. Callback Time: That time an employee spends when called back to duty on their day off, or on their duty day not contiguous with the duty shift, but excludes Training or Court time.
5. Court Overtime: Time spent either off duty or contiguous with a duty day before or after a shift for the purpose of conferring with members of the District Attorney's office or appearing in court when subpoenaed as a witness in a District matter.
6. Training Time: Time spent for training on a day off or on a duty day not contiguous with a work shift.

B. Overtime should be approved in advance whenever possible.

C. Computing Overtime and Standby Time

1. Approved overtime which is an extension of the performance of a police function is computed at the rate of 1.5 times the straight time rate based on actual overtime worked rounded to the nearest 1/10 hour.
2. Standby time is computed at the rate of 1/2 straight time, for the actual time on standby status.

D. Callback Pay/Court Time

1. If overtime worked is contiguous with a work shift, it will include actual time at 1.5 times the regular rate.
2. When such time is on scheduled time off, the employee will receive a minimum of three (3) hours at 1.5 times the regular rate or the actual hours at 1.5 times the regular rate, whichever is greater. When such time is on a scheduled day

off, the employee will receive a minimum of four (4) hours at 1.5 times the regular rate or the actual hours at 1.5 times the regular rate, whichever is greater.

3. When an officer has a court appearance scheduled on time off, and such appearance is canceled with less than 24 hours notice, the officer shall be given two hours of pay at 1.5 times the regular rate.

E. Callback Time

An employee called to duty on a normal day off will receive a minimum of four hours pay at 1.5 times the regular rate. An employee called to duty on a duty day, but not an extension of their regular tour of duty, nor for training time, will receive a minimum of three hours of pay at the overtime rate. When an employee is on callback status they will also be entitled to one hour of travel time computed at 1.5 times the regular rate in addition to the above listed minimums. This provision shall also apply to the above employees when ordered to duty, appear for duty then are not used and sent home.

The following chart shall be used to reflect the above referenced language regarding Callback Pay:

Callback Pay				
	Extension of Shift	Non-continuous Regular Work Day	Day Off	Cancellation of scheduled overtime with < 24 hours notice

Callback pay is defined as compensation for any department required activity beyond or outside an employee's regular work day. Callback time includes court, training, or meeting time or any other time that an employee's attendance is mandatory.

For purposes of court callbacks, the department will not compensate employees for court standby.

The "Day Off" column in the above chart includes court, training and meetings required during day time hours for employees whose regular schedule is the graveyard shift.

F. Overtime on School Assignment

During assignments to a training course, the employee will receive normal salary, with no overtime for such conditions as long classes, study time, etc., except when approved in advance.

6.4 PAYDAYS

Normal payday is every other Friday except when Friday is a holiday, payday will be Thursday. Where there are two holidays in a payday week, payday will be held over until the following Monday.

6.5 OVERPAYMENTS AND UNDERPAYMENTS

In the event of overpayments on payroll checks made by the District to an employee, the District shall notify the employee of the overpayment. Upon request by the affected employee, the District will endeavor to reach an acceptable method of repayment. Upon notification of underpayment on payroll checks or failure to issue a payroll check, the District will make every reasonable measure to insure immediate payment to the employee.

6.6 INCENTIVE PAY

A. Effective the first full pay period following Board approval of this MOU, the District shall pay the following P.O.S.T. and degree incentive pays:

- A 1.0% incentive will be paid to sworn personnel who possess an Intermediate Certificate, and to a Communications Dispatcher/Community Service Officer or Dispatch Supervisor that possess a Dispatcher Intermediate Certificate.
- A 2.5% incentive will be paid to sworn personnel who possess an Associate of Arts degree or an Advanced Certificate, and to a Communications Dispatcher/Community Service Officer or Dispatch Supervisor that possess a Dispatcher Advanced Certificate.
- A 3.5% incentive will be paid to sworn personnel who possess an Associate of Arts degree and an Intermediate Certificate.
- A 5.0% incentive will be paid to sworn personnel who possess a Bachelor's Degree or who possess an Associate of Arts degree and an Advanced Certificate.
- A 6.0% incentive will be paid to sworn personnel who possess a Bachelor's Degree and an Intermediate Certificate.
- A 7.5% incentive will be paid to sworn personnel who possess a Bachelor's Degree and an Advanced Certificate.

The District agrees that any sworn member who received the incentive rate prior to October 1, 2006, will continue to receive that rate if he/she remains qualified to receive it. This applies to the current Property and Evidence Specialist.

In order to qualify for the incentive pay, an employee must submit evidence of the appropriate educational degree and/or P.O.S.T. certification as noted above.

6.7 COMPENSATING TIME

Any employee may request compensating time off in lieu of overtime pay for overtime. Overtime voluntarily worked by sworn personnel in dispatch classifications may be taken as overtime pay only. Compensating time off shall be granted at 1.5 hours for each hour of overtime worked. The use of compensating time requires the prior approval of the employee's immediate supervisor. Accumulation of compensating time shall be limited to 160 hours.

6.8 DOG HANDLER ALLOWANCE

The police service dog handler shall be reimbursed for reasonable expenses associated with supplies and materials needed in the care, feeding, grooming, and other needs of the dog up to \$100 per month. The dog handler shall submit receipts to the Operations Captain each month for reimbursement. For very large or out of the ordinary cost items, the dog handler shall receive advance approval from the Operations Captain before incurring the expense. In the event of an emergency with the dog, on or off duty, the handler will immediately notify the On Duty Watch Commander regarding the emergency and obtain approval for the expense. In the event the On Duty Watch Commander is not available, the handler will contact the On Call Watch Commander for approval. If there is not response from the On Call Watch Commander within a reasonable time period based on the extent of the emergency, then the On Duty Shift Supervisor is authorized to approve or disapprove the expense. The Operations Captain will be notified as soon as possible of the emergency.

For the dog handler's time spent caring, feeding, grooming, exercising and attending to the needs of the dog, the compensation shall be two hours per week at the overtime rate (in monetary payment).

ARTICLE SEVEN: TRAINING

7.1 TRAINING TIME

Police Sergeants, Police Officers, Communications Dispatcher/Community Service Officers, Dispatch Supervisors, the Property and Evidence Specialist and Fire Captains required by this Department or by State Law to attend a training class on a duty day, but not contiguous with their shift, will be guaranteed a minimum of three hours overtime at 1.5 times their regular rate. If the required training is contiguous with a regular duty shift, the employee shall be guaranteed a minimum of one hour overtime at 1.5 times their regular rate. If the training falls on a regular day off, the employee will be guaranteed a minimum of four hours overtime at 1.5 times their regular rate. Training shall include, but not be limited to:

1. Education,
2. Meetings, including special meetings within the Department,
3. Compulsory firearms training,
4. Lineup training and
5. Conferences.

The District reserves the right to adjust an employee's work schedule to accommodate attendance at a training course or school, so as to correspond to the days and hours of the school or course. The District will allow graveyard shift workers required to attend training on a duty day to begin their shift following the training at midnight rather than the normal 2100 hours starting time, allowing employees to achieve a sufficient amount of rest before beginning their shift. Employees then work a seven-hour shift, going off duty at 0700 hours, unless they are needed to work longer. If an employee is required to work longer, the employee would then get paid straight time for all work up to 1000 hours. If activity is low, the employee would get off duty at 0700 hours, and put ten hours of work on their timecard, therefore getting paid for 40 hours while performing 37 hours of work.

7.2 TRAINING ALLOWANCE

- A. When a Communications Dispatcher/Community Service Officer or Dispatch Supervisor is assigned as a Communications Training Officer (CTO) and working directly with the Dispatcher-in-Training to train a newly hired employee, the Communications Dispatcher/Community Service Officer will receive 5% of base pay for each such day.
- B. When a Police Officer or Sergeant is assigned as a Field Training Officer (FTO) and working directly with the Officer-in-Training, the FTO shall receive 5% of base pay for each such day.

C. FTO/CTO Pay Eligibility: The following criteria shall be used to determine FTO/CTO Pay as set forth in A and B above:

1. The relationship between trainer and trainee is one of supervisor to subordinate.
2. The training is designed to develop a skill set unknown to the trainee.
3. Continued employment or assignment is contingent on satisfactory completion of the training program.
4. Comprehensive evaluations and feedback sessions are completed frequently.
5. The training model is a step-by-step skill development where the trainee is shown the skill, must demonstrate the skill, the skill is evaluated and then feedback or remediation is provided.

ARTICLE EIGHT: EXPENSE REIMBURSEMENT

8.1 TRAVEL

A. Mileage: Insofar as possible, authorized travel on District business shall be by local transit (BART or bus) or by using District vehicle. In the event a private automobile must be used, the following conditions apply:

Mileage to and from job site will not be subject to reimbursement except for additional mileage which an employee is required to drive in the course of District business to and from a temporary work assignment which requires additional driving greater than between home and the normal base assignment.

Reimbursement to an employee may also be made when travel is required by personal car from one area to another after having reported to work at the employee's assigned work area. Should an employee be called in to work and be required to drive to other than his/her normal work site to pick up special equipment, the employee shall be compensated for the additional mileage in excess of his/her normal commute.

B. Travel Fares and Expenses: Expenses for any employee's previously authorized travel in excess of 24 hours from District Headquarters will be reimbursed by the District. Travel advances may be obtained from the Finance Department prior to departure. Hotel charges will be reimbursed at actual cost. Meal charges will be reimbursed at the IRS schedule. Other necessary travel expenses including, but not limited to, local transportation, business telephone calls, etc. will be reimbursed according to receipts showing the actual cost to the employee.

C. Travel to School: Where possible, travel to and from a training course or school will be done on duty time. When this is not possible, overtime will be paid for travel time at the actual amount of time necessary for the travel. Travel time will be paid only for schools or courses that are either: P.O.S.T. mandated, listed as Mandatory or Essential on the Department's master Training Plan, or, as directed by the Assistant General Manager for Public Safety.

- D. Scene Reporting/Court Travel: Employees who are requested to report directly to an incident or court and use a personal vehicle will be reimbursed for actual mileage to and from the incident or court up to a maximum of 50 miles each direction.
- E. Per Diem Travel: When any employee is assigned outside the District in excess of 24 hours, such employee may, in lieu of receiving reimbursement for actual expenses, elect reimbursement for actual costs of travel and lodging plus an allowance equal to the IRS Schedule M&IE Per Diem Travel allowance as reimbursement for all other costs. This allowance will be allowed on both the day of departure and return, without regard for time of departure or arrival.

The employees are required to adhere to the Public Safety Department Regulations regarding the prescribed uniform and requirements for it to be clean and in good condition. The employee shall have the responsibility to purchase, launder and make any repairs in order to adhere to Department policies.

- A. Positions Eligible: The following are the two categories of employees covered by this agreement:

C. Payments:

1. Frequency: Payments shall be made through the biweekly payroll system and will be issued twice a year to eligible employees. The payment will appear on the second biweekly paycheck issued in the months of January and July.

ARTICLE NINE: CHANGE IN CLASSIFICATION

9.1 CONTINUED EMPLOYMENT

All permanent employees who have completed their probationary period are assured continued employment by the District in the class to which the employee was appointed unless one of the following causes for non-disciplinary layoff, transfer, demotion or termination or disciplinary discharge, suspension or demotion shall occur:

- A. Non-Disciplinary: Causes for non-disciplinary layoff, transfer, demotion or termination shall include: deletion of the classification from the District's budget or reduction of the work force in the classification by reason of the decision of the Board of Directors to change or curtail District operations (prior to taking such action the District shall give a minimum of thirty (30) days layoff notice, or pay in lieu of); lack of work in the classification to require the continued employment of the number of employees then assigned; the employee's refusal to supply identification or be fingerprinted upon request by any superior; failure to pay the dues or service fees due to a recognized employee organization as required by any MOU to which the District is a party; and causes beyond the reasonable control of the employee, such as unusual sensitivity to poison oak, unusual proneness to accidents, dust, fear, physical or mental condition which impair the employee's ability to effectively perform the duties of the job classification; provided, however, that an employee may be terminated in the District's sole discretion on the basis of:
1. Illness or non-job related injury only while the employee's physician fails or refuses to certify, upon written request by the District, that in such doctor's opinion the employee will be able to return to full duty within two months, or
 2. Failure to return to full duty on or before the date specified in any certificate given by the employee's doctor pursuant to (1) above, or

No employee may accept from a third party payment for lodging while on District business. The only exception may occur where a technical society or other similar organization pays an employee's expenses in connection with the employee's attendance at a conference or planning session. The basic principle for an employee to follow is to avoid any direct, indirect, implied, or assumed obligation to show favoritism or to show more friendliness to one person or firm than to others. An employee must avoid accepting gifts indirectly through third parties or accepting gifts from anyone who is likely to do business in the future with the District. The forms of discipline shall not be deemed progressive nor shall the prior imposition of any one form of discipline be in any sense a condition to the imposition of another. The oral reprimand may be given by the immediate supervisor.
- It shall be the responsibility of the supervisor, Assistant General Manager for Public Safety and Human Resources Division to fully document and to expedite all disciplinary proceedings to the greatest extent reasonably possible. All disciplinary recommendations, decisions and any timely written comment the affected employee may offer shall be filed in the employee's personnel file.
- D. Appeal: Any disciplined employee shall have the right of appeal from disciplinary actions through the grievance procedures set forth in Article 10.

- E. Notice of suspension or transfer under this section shall be given the employee in writing if practicable, or if given orally, written notice must promptly follow. Suspension under this section shall be without prejudice of any kind whatsoever in any subsequent disciplinary proceedings.
- F. Pre-Disciplinary Hearing: The District shall provide notice of any discipline prior to implementation in accordance with the following procedure:
 - 1. The employee will be given notice in writing of the proposed disciplinary action not less than seven calendar days prior to the effective date of the action. The objectives of this procedure are to encourage free communication between the employee and the Supervisor, and to attempt to see that all relevant issues are discussed to reconcile the parties on an informal basis if possible.

Prior to the effective date of the disciplinary action the District's designated representative shall meet with the affected employee and his/her representative.

9.2 PROBATION

Probationary Periods: Employees hired, transferred, or promoted in the Unit shall serve the following probationary periods:

- A. Entry level police officer recruits shall serve an 18 month probationary period including the time period in the classification of Police Officer Recruit and then Police Officer. The probationary period for lateral Police Officers shall be 12 months.

- B. The probationary period for Communications Dispatcher/Community Service Officer shall be 18 months.

Entry level Police Officer/Helicopter Pilot recruits shall serve a 24 month probationary period, including the time period in the classification of Police Officer Recruit and then as a Police Officer/Helicopter Pilot. Lateral Police Officer Helicopter Pilots shall serve a probationary period of 18 months.

All other classifications covered under this MOU shall serve a 12 month probationary period.

- C. Employees promoted in the Unit shall serve a probationary period of six months in the new classification. An employee who is serving in an acting or temporary capacity in the classification to which he or she is promoted shall be required to serve a probationary period which, when combined with the acting or temporary time, shall total six continuous months. The act of graduating from the P.O.S.T. Basic Academy to the position of either sworn Police Officer or sworn Police Officer/Helicopter Pilot is not considered a promotion for the purposes of this section.
- D. Should an employee be on leave for more than two continuous weeks, their probationary period will be extended by the amount of the leave.
- E. Termination, Demotion Notice: The District may, in its sole discretion, terminate or demote the probationary employee without right of appeal or hearing. A permanent employee who does not successfully complete the probationary period for a promotional opportunity by reason of failing to meet the work standards of the new position, shall revert immediately to the position such employee occupied prior to the probationary promotion.

The District shall give a minimum of two weeks' notice to new probationary employees who will be terminated or demoted for failure to pass their probationary period. However, this provision does not reduce the probationary period by such two week period. If notice is given between the eleventh and twelfth month of the period, a terminated employee will be required to take up to ten days (if accrued credits are available) vacation in lieu of two weeks' notice.

- F. Seniority Status: Probationary employees shall have no seniority status in their classification, except that Police Officer Recruit and Police Officer Academy Graduates will have seniority for the purpose of shift sign-up during the last six months of their probationary period. All employees shall receive credit towards service of their probationary period for a particular job classification for that time spent, exceeding one month continuous service in the prior 12 months, working in the higher classification pursuant to Article 6.2 (Work in a Higher Classification) and for which the employee has received a satisfactory performance report.

9.3 SENIORITY

- A. Defined: District seniority is defined as the length of continuous paid employment and leave with pay status with the District, calculated from the date of hire. Classification seniority is defined as the length of continuous paid employment and leave with pay status calculated from the date of hire in a particular job classification. Time in leave without pay status shall be excluded. Seasonal and temporary employees do not have seniority.
- B. Reinstated: Employees reinstated under Article 9.7 will have previous seniority reinstated, less time gone, after the employee has been back on duty for 18 months.
- C. Loss of Seniority: Accrued seniority shall be forfeited upon the happening of any of the following events, the occurrence of which shall be deemed an interruption in continuous employment:
 - 1. Discharge, retirement, resignation or any termination of employee status;
 - 2. Failure to return to work within ten working days following notice when recalled from layoff;
 - 3. Failure to return to work upon expiration of an authorized leave of absence (as defined in Article 11.3 below);
 - 4. Layoff or leave without pay status for a continuous period of six months or more, except education or maternity leave.

9.4 PROMOTION

- A. Job openings will be posted on regular bulletin boards for not less than one week prior to final filing date. Final filing date, the day on which applications for the posted job opening will be accepted by the Human Resources Division, will appear on the job opening announcement.

All personnel applying for a promotional job opening must submit an up-to-date application form to the Human Resources Division to determine whether the applicant meets the minimum requirements for the position announced. Rejected applicants will have the right to appeal their rejection to the Human Resources Division. All applicants selected will be scheduled for interview by the Promotional Oral Board. Applicants may be required to take and pass skills, written and/or physical examinations in order to qualify for interview or appointment.

A promotional list shall be abolished 12 months from the date of the establishment of the list.

- B. Pay on Promotion: When employees are promoted, they shall normally receive the first step in the salary range for the new position. However, if such step is less than 5% above their salary level prior to promotion, the employee shall be granted the next step in the salary range of the new position which is immediately above such employee's salary at the time of promotion.

9.5 DEMOTION

When any employee is demoted for non-disciplinary reasons to a different job classification, such employee shall be placed in the salary step in their new class which most nearly maintains the same rate of pay for such employee. If the demotion is the result of disciplinary action, the employee shall be placed in the same step in the new class as was held in the prior class.

9.6 LAYOFF AND RECALL

- A. Layoff and Recall: Layoff results from lack of work or lack of funds and is entirely non-disciplinary. District seniority is defined as the length of continuous paid employment with the District, calculated from the date of original hire, including the probationary period, if any, in a permanent position. Classification seniority is defined as the length of continuous paid employment in a classification included in Appendix A. The District may rely on its records for the last address of a laid-off employee. The District shall give a minimum of 30 days prior notice in the event of layoff of any permanent employee and will notify any laid off employee of recall by prepaid mail to the employee's last known address, with a copy to the employee's employee organization (if any). Such notice shall be deemed received on the calendar day following posting (excepting Saturdays, Sundays and legal holidays). The District shall attempt to give up to two weeks notice of layoff or termination to probationary and seasonal employees, but shall have the right, if earlier notice is impracticable to layoff or terminate such employees without prior notice.

In the event of reduction in work force, classification seniority shall be the first controlling factor and, within the same classification, seasonal and temporary employees will be laid off before permanent employees. Thereafter, an employee to be laid off may revert to any position or classification previously held and, in such classification, the employee shall be credited with District seniority.

- B. Resignation: An employee wishing to leave District employment in good standing shall file with the appropriate Division Commander, at least two weeks before leaving, a written resignation stating the effective date and reason for leaving. The resignation shall be forwarded to the Assistant General Manager for Public Safety and the Human Resources Division with a statement by the employee's supervisor concerning the resigned employee's performance and other pertinent information concerning the cause for resignation. Failure of the employee to give the notice required shall be entered on the service record of the employee, and may be cause for denying future employment.

9.7 REINSTATEMENT POLICY

- A. Reinstatement Policy: At the request of the Assistant General Manager for Public Safety and approval of the General Manager, a permanent employee, in a classification covered by the MOU, who resigned in good standing (eligible for rehire) may, within 18 months after the effective date of resignation, be reinstated in a position in the classification from which he/she resigned or a lower position in the classification series.
- B. Reinstatement shall be subject to the following requirements:
1. Sworn Officer:
 - Background Check
 - Psychological Evaluations
 - Physical Examination
 - Polygraph Examination
 - Twelve-month Probation Period
 - Salary Step no Higher than the Step at the Time of Resignation
 - Must Have P.O.S.T. Basic Certificate
 2. Dispatch:
 - Background Check
 - Psychological Evaluations
 - Physical Examination
 - Polygraph Examination
 - Twelve-month Probation Period
 - Salary Step no Higher than the Step at the Time of Resignation

Reinstatement is to a definite budgeted position, not to a list or pool. In all regards, except those described above under reinstatement requirements, a reinstated employee shall be considered a new employee and subject to all terms and conditions of the MOU as if they were a new employee (except as provided in Article 9.3 (B)).

ARTICLE TEN: GRIEVANCE

A. Purpose

It is the intent of the parties to this MOU to anticipate and diminish causes of grievances and to settle any which arise, informally at the lowest practicable level of supervision and as fairly and promptly as possible. Therefore, it is agreed that there should be time limits between the initiation of a grievance and its occurrence, between steps of the grievance procedure, and the time in which each answer must be given, and that the procedure in this Article 10 shall be the exclusive method of pursuing grievances (as defined below), and a condition precedent to initiation of legal proceedings by either party. Any grievance not initiated, or pursued by the PA, aggrieved employee, or the District, as the case may be, within these time limits, will be considered settled on the basis of the last timely demand by the aggrieved party or answer by the District, as the case may be, unless the time is extended by agreement of both parties.

B. Definitions

1. Grievance: Subject to the provisions of this Article 10, a dispute between two or more parties involving the interpretation, meaning or proper application of this MOU, the resolution of which will directly affect the rights and interests of the parties.
2. Hearing: Informal meetings to be held between the hours of 9:00 a.m. and 5:00 p.m. Only parties to the grievance, their authorized representatives and the person designated to conduct the hearing may be present. Any party may tape record all or portions of hearings. No formal rules of evidence shall be applicable.
3. Issue: A clear, succinct written statement setting forth a party's assertion concerning the exact dispute or disputes that must be resolved in the grievance. The parties shall attempt to agree on a common statement of the issue(s). At least three days before the beginning of a Step 4 arbitration, each party shall give the others a copy of the issue(s) it shall submit to the arbitrator. Thereafter, a party may not alter its statement of the issue(s).
4. Party: The only parties eligible to file a grievance are the District, or any employee(s) of the District, subject to the provision of this MOU, or the PA.

C. Exclusive Remedy: By accepting employment with the District, each employee agrees, and the District and the PA hereby agree that their sole and exclusive recourse and remedy for a grievance that an employee may have against the District, or that the PA may have against the District, or that the District may have against the PA shall be the grievance procedure set forth in this Article 10. Each of such parties specifically agreeing that exhaustion of the grievance procedure shall be a condition

precedent to the prosecution of any such grievable dispute in a court of law (other than expressly provided to the contrary in this MOU), and that the decision of an arbitration conducted under Step 4 of this procedure shall not be overturned by any court except upon a showing of fraud in the procurement of such arbitrator's decision or gross abuse of discretion by the arbitrator in making such a decision.

D. Grievance Steps: Grievances will be processed in the following manner and within the stated time limits:

1. Step 1: The aggrieved employee or group of employees or a PA officer shall orally present the grievance to their most immediate supervisor who is not in the Unit within 15 working days following the occurrence of the event on which the grievance is based. The supervisor shall give a verbal answer within three working days of the date of presentation of the grievance.
2. Step 2: If such grievance is not settled in Step 1, it shall be reduced to a reasonably detailed writing, dated and signed by each aggrieved employee and presented to the Assistant General Manager for Public Safety within seven working days after the supervisor's oral answer is given.

In the event no meeting concerning the grievance has been held pursuant to Article 9.1 (F), the Assistant General Manager for Public Safety shall meet with the grievant and a representative of the PA within seven working days after receipt of the written grievance. The Assistant General Manager for Public Safety shall give a written response to the grievance within three calendar days following the meeting held pursuant to this Step 2. In the event there has been a meeting concerning the grievance held pursuant to Article 9.1 (F), then no meeting need be held at this Step 2 and the Assistant General Manager for Public Safety shall reply in writing to the grievance within five working days of the date of presentation of the written grievance.

3. Step 3: If the grievance is not settled at Step 2, the dated and signed written grievance, stating whether the grievant desires a hearing by the General Manager's representative, shall be presented to the General Manager or a designated representative within seven working days following delivery of the Assistant General Manager for Public Safety's response. The grievance shall be presented along with all pertinent written material to date. If either the grieving employee or group of employees or the District have requested a hearing, the grievant may be represented by not more than two representatives of the PA. The General Manager shall reply to the grievance in writing or a hearing shall be held within seven working days of the date of presentation of the written grievance. If a hearing is held, the General Manager's response shall be within seven days following the hearing.

The PA or the District may initiate their grievances at this Step 3 of the grievance procedure. Any grievance by the District against the PA may be filed with the PA President.

4. Step 4: Grievances not settled in Step 3 of the grievance procedure may be referred to arbitration by either party. Request for arbitration shall be made in writing within seven working days after the General Manager's response is given. An impartial arbitrator shall be selected jointly by the District and the PA within ten working days of receipt of the request. Each party shall name one person each, and these two people shall select a third person who shall be Arbitrator. In the event the one persons named are unable to agree as to who shall be the Arbitrator, they shall request the California State Conciliation Service to submit a list of seven arbitrators. Each party shall in turn cross off one name on the list, the first party to cross off a name to be determined by a flip of a coin. The final name left on such list shall be arbitrator. At the arbitration hearing, the aggrieved employee may be accompanied by a PA representative. The arbitrator shall have access to all written statements and documents relevant to the grievance. The arbitrator shall render a decision no later than 30 days after the conclusion of the final hearing. Such decision shall be in writing and shall be final and binding on both parties and made in accordance with, and in conformance to, the terms of this Agreement. Copies of the decision will be furnished to both parties.

The arbitrator shall have no authority to add to, delete, or alter any provision of this MOU, but shall limit the decision to necessary findings of fact and to the scope, application and interpretation of the applicable provisions of this MOU. In grievances involving any money claim against any party, no award shall be made by the arbitrator which shall allow any accruals prior to the date when such grievance shall have been initiated in accordance herewith, except in cases whereby the aggrieved party could not reasonably have known prior to that date that there were grounds for a claim. In such cases, retroactive claims shall be limited to a period of 120 calendar days prior to the date the grievance was first initiated.

- E. Costs: The fees and costs of the arbitrator and court reporter for the first three arbitration cases decided in any 12-month period shall be paid 60% by the District and 40% by the PA. In any additional arbitration cases decided in any such period, such fees and costs shall be equally shared by the parties hereto. Otherwise, each party shall compensate its own representatives and witnesses.

At all stages of the grievance procedure and during the arbitration hearing, the aggrieved employee and an employee representing the PA shall be on leave with pay status, except in cases of discharge.

- F. Expedited Arbitration: By mutual agreement the parties hereto may require the arbitrator selected pursuant to Article 10 (D) to follow the rules of the American

Arbitration Association regarding Expedited Labor Arbitration. If such arbitrator cannot accept the matter under such conditions an attempt will be made to mutually agree on another individual or, in the event a list from the California State Conciliation Service had been utilized, the parties shall select an arbitrator from among those on the list in the inverse order that names thereon had been previously stricken.

- G. PA's Role: Upon request of the aggrieved employee, the President or a designated representative may investigate the employee's grievance at Step 2. The President or designated representative shall be allowed reasonable time not to exceed two hours therefor during working hours without loss of time or pay, subject to prior notification and approval of the immediate Supervisor, which approval shall not be unreasonably withheld. When the investigation is completed, the President or designated representative shall promptly report back to work. The District shall keep a record of time spent by employees in the processing of grievances, and shall review this record periodically with officials of the PA. It is agreed that in the event any abuse is found to exist, the PA officials will cooperate with the District in taking such steps as are necessary to correct such abuse.

ARTICLE ELEVEN: TIME OFF

Except as may be specifically otherwise provided, in this Article 11, employees, during and on account of the time of employment by the District other than while in a leave without pay status, shall be entitled to the following benefits:

11.1 VACATION

A. Accrual: Permanent employees only (not seasonal or temporary employees) shall accumulate vacation time off, with full pay as follows:

1. One vacation day per month of service during the first five years of continuous employment;
2. One and one-quarter days' vacation per month of service during the sixth through tenth year of continuous employment;
3. One and one-half days' vacation per month of service during the eleventh through fifteenth years of continuous employment;
4. One and three-quarter days' vacation per month of service during the sixteenth through twentieth years of continuous employment;
5. Each year after the twentieth, the vacation rate will increase incrementally, one day per year.

The term "month" means a full calendar month. The term "day" means an 8-hour workday of the employee. Thus, holidays occurring during an employee's vacation do not count as a day's vacation. "Continuous employment" means the aggregate time of employment from the last day of the month preceding the month in which vacation is taken back to a break in employment status. (No form of leave with pay shall be deemed a break in employment, but leave without pay or unauthorized absence from work of 30 days or more, except maternity leave or educational leave, shall be deemed a break in employment status.) "Year of employment" means each 365 (366 for leap year) day period following the employee's date of hire.

B. Use: Vacation credit can be used only after it has been earned. Probationary employees may not use accrued vacation except for Special Leave under Article 11.3 (B) or pursuant to Article 9.2 in the case of termination until they have been employed six months. A probationary employee may request up to two weeks' vacation after completion of field training or Dispatcher training and the District may approve the request provided adequate staffing is available. Vacations shall normally be scheduled upon four weeks prior written request of an employee with due regard for seniority, employee preference and the needs of the District. The District reserves the right to limit or deny use of accrued vacation by any employee to a maximum of two weeks during the period May 1 to September 15 to assure adequate staffing

during the heavy park use period and/or so that all members who so desire may take vacation during this period.

When two or more employees in the same work unit request the same vacation dates, the conflict will be resolved on the basis of seniority. Employees will so schedule their vacations that they do not include more than two holidays during the calendar year, except and until each employee in that department has had the same opportunity.

- C. **Limit on Carry-over:** An employee may not carry-over more than the equivalent of the preceding calendar year's earned vacation credits plus 12 additional days. Any further carry-over must be approved by the Assistant General Manager for Public Safety and the General Manager. Excess vacation not approved for carry-over shall be paid.
- D. **Payout:** An employee who does not wish to carry-over vacation credits shall be paid for them at the end of each calendar year upon request.
- E. The employee's supervisor will provide and post at least ten days advance notice of the need for persons to work overtime due to an employee on vacation when the supervisor knows of the need ten or more days in advance. When an employee makes a vacation request fewer than ten days before the requested vacation day(s), the employee must arrange for another employee to cover the shift for the request to be approved.

11.2 HOLIDAYS

- A. The following, and any additional days designated by the Board of Directors, shall be holidays with pay for permanent employees:

Selection of Thanksgiving and Christmas Holidays shall be determined by classification seniority within the department. Only 50% of the employees may choose to combine with Thanksgiving Holidays or Christmas Holidays, as the case may be. Such selection procedure shall be completed no later than August 31st of each year of this agreement.

- B. Employees hired after June 1 shall be eligible for only those holidays #s 1 through 7, above, which occur after their date of hire during that year of hire.
1. When the holiday falls on a regular work day or a regular day off and the employee works, all hours worked will be paid at 1.5 times and an additional eight hours shall be paid for the holiday.
 2. Mandated Holiday Time Off: When the holiday falls on a regular work day and the employee is mandated not to work, eight hours of holiday pay shall be paid at the straight time rate, and an additional two hours of straight time pay in lieu of working the Holiday. The provision of this subsection B (2) will not apply to the Holiday provisions established for Thanksgiving or Christmas.
 3. When the holiday falls on a regular workday or a regular day off and the employee does not work, eight hours of holiday pay shall be paid at the straight time rate or the employee may request another day off to replace the holiday.
 4. Employees may be assigned duty on holidays as reasonably required to serve the public. Employees who have holiday work assignments and then fail to report and perform such work for any reasons other than authorized leave of absence shall not receive pay for the holiday, and will also be subject to Disciplinary action

11.3 LEAVES

Except as specifically indicated below, all employees are entitled to the following type of leave of absence while in an employment status with the District:

- A. Maternity Leave: A permanent female employee shall be entitled to a maternity leave of absence, without pay, for a total period not to exceed 365 days; provided that the employee shall utilize any accrued vacation, comp time, sick leave to offset the loss of pay within the 365-day period. The employee shall make the request for the leave in writing. The employee shall notify the District in writing at least one month prior to the anticipated return date in order to give the District sufficient time to make necessary adjustments in schedules. Also, prior to return to work, the employee must

provide the District with a release from her doctor. Failure to return to work at the District shall be grounds for consideration that the employee has voluntarily quit her employment with the District.

- B. Civil Leave: Permanent employees called for petit jury (not grand jury) or subpoenaed to appear as a witness in criminal or civil cases in which such employee is not a party, shall be given leave of absence with pay for working time necessarily lost. Such employees shall be paid at their regular rate for working time lost up to 40 hours per week. In consideration of receiving their regular pay, employees shall assign to the District their jury or witness fees, less any transportation reimbursement.

For the purposes of this section, a family includes the employee's mother, father, spouse, sister, brother, son, daughter, grandparent, legal ward, mother-in-law and father-in-law. If memorial services are held within 500 miles from the home, up to 3 days may be granted. For services held more than 500 miles from the employee's home, up to 5 days may be granted. Request for such leave, with proof of relationship to the deceased, shall be made in writing and must be approved by the Assistant General Manager for Public Safety, or designee.

Request for such leave must be made in writing to the Assistant General Manager for Public Safety and the Human Resources Manager and must include a copy of the orders. In consideration of receiving regular pay, employees shall assign to the District all other remuneration, excluding transportation fees and other subsistence, received for such military training up to the amount of their District salary. The employee will reimburse only for days which the employee would have worked but for the military leave. The employee may keep military compensation incurred during non-work time. The employee is required to submit to the District's payroll department copies of all defense finance and accounting services military leave and earning statements (Form 702) associated with the military pay for the period the employee is on military leave. The statement(s) should be submitted within 30 days of the employee's return from military leave.
- E. Educational Leave: Full-time permanent employees only who desire to return to school on a full-time basis to take a course of study which will directly increase their job-related knowledge and skills may apply in writing to the Human Resources Manager for leave without pay. Such requests must be approved by the Assistant General Manager for Public Safety and the Human Resources Manager. No more than 2% of the permanent personnel of a Department may be on educational leave at any time. If more than 2% apply, selection shall be made on the basis of seniority. Such leaves shall be for a period of up to one year. An employee taking educational leave shall not again be eligible for such leave for a period of three years.

- F. Special Leave: A permanent employee may be granted leave without pay for a period of up to 30 days for personal purposes if, in the District's sole discretion, such employee's absence will not result in undue hardship for the District. A written request must be submitted to the Assistant General Manager for Public Safety and the Human Resources Manager for approval in their sole discretion.

11.4 VOTING

All employees who cannot reasonably arrange to vote outside working hours shall be granted time off with pay, not to exceed two hours, as reasonably required to vote in any general or special election for which they are registered to vote. Such leave shall be granted by the employee's immediate supervisor upon application by the employee at least two days prior to the election.

11.5 SICK LEAVE

- A. Each permanent (including probationary, but not seasonal or temporary) employee of the District shall accrue sick leave with pay credits at the rate of one work day, eight hours, of sick leave with pay for each full calendar month of employment by the District. Employees in a laid-off or leave without pay status shall not accrue sick leave with pay while in such status. Accumulation of sick leave with pay is unlimited.
- B. Accrued sick leave with pay credits accumulated by an employee may be used during the actual time that such employee is unable to report for work for any of the following reasons:
1. Illness of or injury to the employee; provided that sick leave shall not be used for absences from work caused by use of non-prescribed drugs or alcohol, unless the employee is at the time under verified professional treatment for alcohol or drug use;
 2. When, although the employee would be able to work, the employee's presence on the job would jeopardize the health of other employees, in accordance with a written statement of a physician; or
 3. Illness of the employee's father, mother, brother, sister, son, daughter, wife, husband, grandparent, domestic partner (providing that their domestic partner is registered as their domestic partner with the State of California), parent-in-law, or other relative or ward, while the employee's presence is reasonably required for the care of such other person; or
 4. For visits of the employee to doctor, dentists, or oculists, when necessary appointments are not reasonably available during non-working hours.
- C. Notwithstanding the above, sick leave may be used only in accordance with the following rules:

1. If the employee is absent from work in excess of three consecutive work days, the entire period of absence must be verified by written statement of a medical professional, provided, however, that the employee's immediate supervisor shall have the discretion to require a signed statement from the employee concerning the employee's sick leave absence of any duration. If a particular employee's sick leave absences are unusually frequent, the supervisor shall require the employee to provide a statement from a medical professional justifying each sick leave absence, regardless of duration. An employee shall be deemed to have an unusual sick leave absence record if, without limitation, the employee has used 80% or more of their yearly accrued sick leave, at which time the District may conduct a review of the employee's sick leave use .
2. An employee whose sick leave absences are unusually frequent may, as a condition of being permitted to use sick leave credits, be required to take a physical examination before returning to work from sick leave by a physician designated by the District and/or shall authorize consultation by the District with the employee's own attending physician concerning the cause or causes of recent sick leave absences. The District shall pay the expense of any District appointed physician.
3. It shall be the obligation of all employees using accrued sick leave to promptly notify their immediate supervisor or the Public Safety Communications Center (in that order) of their inability to report for work and the reasons they are taking sick leave.
4. By accepting payment of salary or wages that accrued during authorized sick leave with pay and in consideration thereof, each employee agrees to cooperate with the District in all reasonable ways (but at no direct expense to the employee), in recovery by the District, to the full extent possible, of any claim the employee may have against any third party for the illness or injury on which his/her sick leave is based in the nature of loss of earnings resulting from such illness or injury. Furthermore, to the extent legally permissible without prejudice of any right of the employee under the Workers' Compensation laws or insurance, the employee hereby authorizes the District to deduct from the employee's wages or salary, at such time as the deduction can be determined, sums equal to payments made from the Workers' Compensation laws or insurance to the employee on account of the illness or injury on which employee's use of sick leave is based. The District agrees that to the extent the District is compensated under this sub-paragraph four, equivalent sick leave with pay credits shall be restored to the employee.
5. An employee who is terminated for non-disciplinary reasons or resigns in good standing after having completed twenty full years of continuous service (as described in Article 11.1 above) or is terminated for disability pursuant to this

Article 11.5 or Article 11.6 below, or upon death, shall receive payment for a portion of accrued sick leave with pay credits unused at the time of such termination. The amount of such payment shall be a sum equal to 1% of the employee's sick leave days accrued but unused at the time of such resignation or termination times the number of whole years of continuous employment (as defined in Article 11.1 above) times the employee's daily rate of pay at the time of separation. For the purpose of this computation, an employee's daily rate of pay shall be the employee's monthly salary divided by 22. Effective May 1, 2007, all employees that qualify for sick leave pay out as stated above, will now have the amount of such payment placed in a Retiree Health Savings Plan.

Otherwise, than as specifically provided above, no employee shall be paid for or carry over to a subsequent rehire, any accrued sick leave with pay upon resignation or termination of employment for any reason, except that those employees who were laid off under Article 9.2 above and later terminated without being recalled shall be paid for 1/2 of their accumulated unused sick leave with pay to a maximum of 15 days' pay.

6. When an employee has used all accrued sick leave, comp time, and vacation with pay, such employee's status shall change to that of sick leave without pay until either the employee is able to return to work or the District elects (in its sole discretion), to terminate the employee, or the employee resigns.

D. Emergency Sick Leave Bank

Employees may contribute accrued sick leave to a PA Sick Leave Bank. The Sick Leave Bank will be available for use by employees to cover periods of protracted illness when their own sick leave, vacation, comp time or Long Term Disability plan does not cover such illness.

1. Contribution: Upon written request by an employee, up to ten days of his/her unused sick leave credit may be contributed to the Sick Leave Bank each calendar year. Only PA members may contribute to the PA Emergency Sick Leave Bank.
2. Use of Sick Leave Bank: A Committee of the Assistant General Manager for Public Safety, the Human Resources Manager and two PA representatives will consider requests for Sick Leave Bank use. Criteria controlling consideration of any request for time from the Sick Leave Bank are:
 - a. No employee shall be eligible until the employee has exhausted all accrued time, except for a combined total of twenty (20) hours, from his/her accrued sick leave, vacation and/or comp time.
 - b. The nature of the illness or injury and the medical prognosis.

- c. The financial need of the employee.
- d. The current balance of credits in the Sick Leave Bank.
- e. The current or pending demand on the Sick Leave Bank.
- f. The length of service of the employee.
- g. The employee's history of sick leave use.

A majority decision of the Committee shall be conclusive as to application for Sick Leave Bank usage. In no event shall an employee be denied Sick Leave Bank benefits in an amount equal to that contributed by the employee, provided the Sick Leave Bank has enough hours.

11.6 JOB INJURY LEAVE

- A. Non-Sworn Positions: Leave of absence with pay shall be granted all those non-sworn employees, hired prior to October 1, 2006, who have completed at least six months of service with the District for up to one year while such employee is unable to perform substantially all of the duties of the employee's actual job assignment by reason of a single injury or disease which arises out of and during the course of the employee's employment by the District, provided that:
 - 1. The employee's inability to perform is verified by the employee's physician promptly following the injury and by a physician appointed and compensated by the District (should the District elect to have its own physician consulted); and
 - 2. The injury or disease is determined to arise out of and during the course of District employment pursuant to Workers' Compensation procedures; and
 - 3. The injury or disease is reported within 24 hours from its occurrence on an Accident-Injury-Damage Report form; and
 - 4. The two physicians (if one has been designated by the District) agree on the probable length of time employee will not be able to perform full duty and the light duty, if any, the employee can perform in the interim.

However, all employees hired into or who transfer from another District position into one of these classifications after October 1, 2006, will be provided with six (6) months of job injury leave.

When all the employee's job injury leave has been used, the employee may then use any accrued sick leave with pay for which such employee qualified in order to remain

in a leave with pay status, but may not use accrued vacation for such purpose. Thereafter, the disabled employee shall remain on a leave without pay status until either the employee is able to return to work or the District elects (in its sole discretion) to terminate the employee or the employee resigns.

Employees using job injury leave agree to cooperate with the District in pursuing claims against third parties and to the same payroll deductions for Workers' Compensation and similar benefits received by the employee as set forth in Article 11.5 (C) (4) above in the case of sick leave.

B. Job Injury Leave/Sworn Positions

1. The provisions of the California Labor Code Sections 4850, 4850.3, 4851, 4852, 4853 and 4854 shall apply to any sworn personnel who is unable to perform substantially all of the duties of the employee's actual job assignment by reason of an injury or illness which arises out of and during the course of the employee's employment by the District under this agreement. These sections provide procedural, benefit, and time limitation provisions for job injury leave, disability retirement and benefits available under Workers' Compensation. The District will provide benefits under these sections based upon current case law and or statutory law as provided at the time the benefit is received. Upon a PERS conversion the Labor Code provisions will be the controlling body of law for Job Injury Leave. The District may, at its sole discretion, initiate an application for disability retirement for an employee once the physician has determined that the employee is qualified for a disability retirement.
2. In the event that any District Employee receives a disability retirement prior to exhausting one-year of leave for that injury, the District will reimburse the employee for their payment towards their COBRA Medical Coverage with the District. This reimbursement will be payable at the Kaiser Medical Plan Coverage Rate based upon the employee's coverage status at the time of their retirement.
3. The above provisions under section (1) of Job Injury Leave/Sworn Positions shall apply provided that:
 - a. The employee's inability to perform his/her job duties is verified promptly following the injury by the employee's treating physician who is a physician either appointed by and/or compensated by the District; and
 - b. Disputes regarding job injury leave shall be resolved by the Workers' Compensation Appeals Board.

4. When all of the employee's job injury leave has been used or the employee has qualified for a disability retirement, the employee will then use any accrued sick leave with pay for which such employee qualified in order to remain in a leave with pay status, but may not use accrued vacation for such purpose. Thereafter, the disabled employee shall remain on a leave without pay status until either the employee is able to return to work, receives a disability retirement, or the District elects (in its sole discretion) to terminate the employee or the employee resigns. Employees will be entitled to temporary disability benefits pursuant to the provisions of the California Labor Code.
5. Employees using job injury leave agree to cooperate with the District in pursuing claims against third parties for recovery of workers' compensation costs and similar benefits received by the employee where a third party may be liable for the injury or illness.

11.7 SIMULTANEOUS LEAVES

No employee shall be granted any kind of leave for which that employee might otherwise qualify while already in some other form of leave status.

11.8 FAMILY LEAVE ACT

The District will maintain policies for leaves which are in compliance with Federal and State adopted Family Leave Acts.

11.9 LONG TERM DISABILITY

The District shall pay the premium cost for each sworn and non-sworn employee's Long Term Disability.

Effective the first full pay period in October 2015, "Classic/Legacy" employees shall contribute an additional 1.625% (for a total of 4.75%) toward the CalPERS employee contribution rate of their CalPERS pension.

Effective the first full pay period in October 2016, "Classic/Legacy" employees shall contribute an additional 1.625% (for a total of 6.375%) toward the CalPERS employee contribution rate of their CalPERS pension.

Effective the first full pay period in October 2017, "Classic/Legacy" employees shall contribute an additional 1.625% (for a total of 8%) toward the CalPERS employee contribution rate of their CalPERS pension.

3. Internal Revenue Code Section 414(h)(2)

All employee contributions made under this Section 12.2, to both the employee contribution rate and the employer contribution rate, shall be made pre-tax and in accord with Internal Revenue Code section 414(h)(2).

12.3 GROUP LIFE INSURANCE

Effective the first of the month following employment the amount of life insurance afforded eligible employees shall be the sum equal to 12 times such employee's Base Pay as defined in Article 6.1 (A) at the time of death, payable to the employee's designated beneficiary.

12.4 HEALTH PLANS

A. Medical

1. The District shall establish a Health Benefits Allowance (HBA) for current Employees. The allowance shall be applied to the following eligibility category for:
 - Employee Only (E);
 - Employee + 1 Dependent (E + 1); or
 - Employee + 2 or More Dependents (E + 2).
2. The HBA is considered an Employer Contribution to the "cafeteria plan" established by the District within the meaning of Section 125 of the Internal Revenue Code.
3. The amount of the HBA for each eligibility category shall be determined annually based on the average of the CalPERS Bay Area Kaiser Rate and the CalPERS PORAC Health Plan Rate for each eligibility category.
4. Employees must provide sufficient documentation of their eligibility category for which they would qualify. The documented eligibility category determines the amount of the HBA. Under the terms of the Benefit plan the HBA is applied towards the cost of the plans offered under the CalPERS Health Insurance Program. If the selected plan costs more than the HBA, the difference shall be paid by the employee through a payroll deduction. If the cost of the selected plan is less than the HBA, the employee shall receive the difference as taxable

compensation. Employees are eligible for coverage beginning the first of the month following the month of appointment.

5. Employees who can document that they have coverage available from another source may elect to receive the cash in lieu of medical coverage as taxable compensation. Documentation shall be made with the Human Resources Division.
6. Effective January 1, 2003, an employee may select cash in lieu of medical coverage, provided the employee demonstrates evidence of coverage. An individual eligible for employee only coverage would receive cash in lieu at the Employee only rate. Employees eligible for coverage at Employee plus one dependent or Employee plus two or more dependents would receive cash in lieu at the Employee plus one rate. For purposes of cash in lieu during the term of this contract, the District will impose a cap at the Employee rate not to exceed \$390.00 and at the Employee plus one rate not to exceed \$741.00 and at the Employee plus two rate not to exceed \$741.00.
7. Establishment of Flexible Benefit Plan:

The District has established a Flexible Benefit Plan which allows employees to contribute pre-tax deductions to an account used to reimburse the employee for eligible dependent care and a separate account to reimburse for eligible medical expenses (flexible medical spending account). The Flexible Benefit Plan can also be used for the deduction of any required Medical or Dental Premiums on a pre-tax basis. The employee must elect coverage during open enrollment and the reporting and use of the funds are subject to the provisions of the Plan. The District paid for the cost of establishing the Flexible Benefit Plan and the District has agreed to pay the on-going administrative fees on behalf of the employee.

The Plan is intended to qualify as a "cafeteria plan" within the meaning of Section 125 of the Internal Revenue Code. A cafeteria plan is a written plan that allows an employee to select qualifying benefits from a menu of choices.

8. Retiree Medical Insurance Contributions: The District will contribute to retiree medical (i.e. all current and future retirees of the CalPERS retirement plan) at a cost per month per retiree equal to the PEMHCA minimum (set at \$108.00 for 2011) required each year. In exchange, individuals that retire after April 1, 2002 will no longer be eligible for Article 8.06B of the District's Personnel Administrative Manual: enrollment in AARP Extended Medical Supplement or reimbursement of the premium paid by the retiree for medical coverage.
9. Effective Date: The normal effective date of enrollment will be the first of the month following the date the employee's Health Benefits Enrollment Form is received, subject to the terms and conditions of the CalPERS Health Plan.

The Health plan coverage shall include a "Domestic Partner" coverage procedure which will be paid for by the District, providing that their domestic partner is registered as their domestic partner with the State of California. The value of these benefits will be reported to the Internal Revenue Service as taxable income.

B. Dental

Permanent employees: The District shall pay the premium cost for each employee and all of that employee's dependents and/or domestic partner (providing that their domestic partner is registered as their domestic partner with the State of California) in the EBRPD Dental Plan.

1. Eligibility: Newly hired employees will be eligible for coverage the first of the month following three months' employment except for lateral transfers (for purposes of this section this means individuals who are currently working as full-time sworn police officers and who are currently covered under that employer's health benefit plan) who will be eligible for coverage the 1st of the month following employment.

C. Post-Employment Benefits: An employee who retires may elect to continue whatever CalPERS medical plan coverage such employee (and eligible dependents) has at the time of such retirement. The eligible dependents of any employee who dies from job-related causes may elect to continue whatever medical plan coverage they have at the date of such employee's death.

D. COBRA: Continuation of benefits will be available to employees as provided by the Consolidation Omnibus Budget Reconciliation Act (COBRA).

12.5 SURVIVOR BENEFITS

The District contributions toward payment of the cost of dependents' medical and dental plan benefits (COBRA) hereunder in force for the family of a Police Officer or Sergeant killed in the line of duty shall be continued by the District for one full year following the date of death.

12.6 ACCIDENTAL DEATH AND DISMEMBERMENT

Effective the 1st of the month following employment, the District shall provide AD&D insurance in the amount of \$50,000 for all sworn Public Safety personnel.

12.7 DEFERRED COMPENSATION

Employees with less than five years of aggregate District service who contribute 2% or more of their base salary to their ICMA Deferred Compensation account in a pay period shall

receive a matching contribution paid by the District to their ICMA account of 1% of base salary.

Employees may participate in the ICMA Deferred Compensation program at their option. Employees with five or more years of aggregate District service who contribute a minimum of 4% of base pay shall receive, each payday, a matching contribution to their ICMA account of 2% of base pay paid by the District.

Employees with 10 years or more of aggregate District service who contribute 6% or more of their base salary to their ICMA Deferred Compensation account in a pay period shall receive a matching contribution paid by the District to their ICMA account of 3% of base salary.

Effective January 1, 2012, the District will discontinue its matching contribution.

ARTICLE THIRTEEN: MISCELLANEOUS

13.1 LOCKOUTS/STRIKES

A. Lockouts

No lockout of employees represented by the PA shall be instituted by the District during the term of this MOU.

B. Strikes

The PA agrees that during the term of this MOU, neither it nor its officers, employees, or members will engage in, encourage, sanction, support or suggest any strikes, work stoppages, boycotts, slowdowns, mass resignations, mass absenteeism, picketing or any other similar actions which would involve suspension of, or interference with the normal work of the District. In the event that PA members participate in such activities in violation of this provision, the PA shall notify those members so engaged to cease and desist from such activities and shall instruct members to return to their normal duties. Any employee participating in these prohibited activities may be disciplined by the District. Neither resort to nor completion of the grievance procedure shall constitute a condition precedent to the institution of legal proceeding in an appropriate court by either party by reason of the alleged violation of any provision of this Article 13.1 by the other.

C. Disputes

It is mutually agreed that, notwithstanding any dispute that may then be pending between the parties, the opinion or claim by a party that the other has breached this MOU, thus making this Article 13.1 non-binding, this Article 13.1 prevents the Park District from instituting a lockout of employees and prevents the PA and its officers, employees and members (all referred to as the "PA"), from engaging in, encouraging, sanctioning, supporting or suggesting any strikes, work stoppages, boycotts, slowdowns, mass resignations, mass absenteeism, picketing or any other similar actions which would involve suspension of, or interference with the normal work of the East Bay Regional Park District, unless an arbitrator acting pursuant to the grievance procedure set forth in Article 10 of this MOU is not then binding upon such party.

13.2 NOTICES

Except as may be otherwise specifically required by a particular provision of this MOU, any notice that either party may desire or be required to give to others under this MOU, shall be in writing, delivered by U.S. Mail, certified or registered postage prepaid, addressed to the parties as follows:

District: Human Resources Manager
East Bay Regional Park District
2950 Peralta Oaks Court
Oakland, California 94605

PA: President, EBRPD Police Association
17930 Lake Chabot Road
Castro Valley, California 94546

Such addresses may be changed from time to time by notice from the addressee to the other party specifying the addressee's new address for notices. Notice mailed in Alameda or Contra Costa Counties shall be deemed delivered at 12:01 a.m. on the second work day following posting.

13.3 LITIGATION

Should either party sue the other to enforce or interpret this MOU, the prevailing party shall be entitled to recover its reasonable attorney's fees and court costs against the losing party as determined by the Court. The Court may award less than 100% of reasonable fees on the basis of its determination that the prevailing party prevailed in less than 100% of its position.

13.4 INVALIDITY

Should any specific provision hereof be determined to be illegal or unenforceable, all of the other provisions shall nevertheless remain binding on the parties.

13.5 LETTER OF UNDERSTANDING

A. Shift Change: The District shall make a reasonable effort to post the blank shift schedule sheet six weeks prior to the shift change date and to have the actual sign-up commence no less than four weeks prior to the effective date of the shift change.

All bargaining unit members shall select shifts by seniority within classification once each calendar year. Normally, each shift schedule is six (6) months in duration – usually October through April and April through October. Days off are determined by the shift and team selected, again, based on seniority.

Shift sign up is normally completed in two (2) phases, both conducted by seniority within classification. During the first phase, personnel select an available shift on either of the two schedules (summer or winter focus). During the second phase, personnel select an available shift on the second schedule (summer or winter focus). Notwithstanding the above, motorcycle officers shall select from available and identified motorcycle officer shifts based on seniority within classification among motorcycle officers.

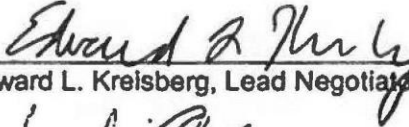

The District agrees that it will complete the bid process described in this Section 13.5.A. no later than July 31st each year.

The District reserves the right to assign probationers to particular shifts for the duration of their probationary period.

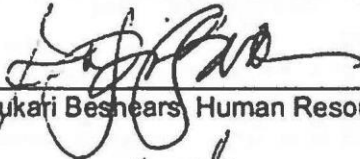

- B. Janitorial: The District will provide appropriate janitorial services for both the Headquarters building and sub-stations. This agreement is not intended to affect, and does not, relieve the sub-station personnel from their normal daily and/or weekly clean-up assignments.
- C. Vehicle Replacement: A committee comprised of two Management representatives and two PA representatives shall meet to develop a program for vehicle evaluation and replacement. Should this committee not reach a mutually acceptable solution the matter of vehicle replacement will be considered by the full negotiating committee.
