Coming Soon : 2015 Miller/Knox Park Renovation Project

Funding provided by Measure CC and the National Fish and Wildlife Foundation

Cosco Busan Recreational Use Grant Program

Construction will begin in mid-August 2015 and will include the following upgrades:

- New, ADA-accessible park restrooms with increased capacity.
- Conversion of some lawn areas to colorful native, drought-tolerant planting areas.
- Reduction and improvement of some lawn areas. Installation of a new, water-conserving grass meadow.
- Upgrades to the park water lines to improve efficiency and seismic safety.
- A new plaza at Ferry Point including new restrooms, kayak wash area, shower, and fish cleaning station.

Project duration: mid-August 2015 until early 2016.

Many areas of the park will be closed or access will be limited during this construction project.
