

# NOTICE

## NO SWIMMING!

### Toxic Algae is Present in Lake Anza

- No bodily contact with the water. Supervise children and pets at all times—they are particularly vulnerable.
- Keep pets, especially dogs, out of the water.
- Skin in contact with algae should be rinsed with tap water.
- Fish may be consumed after removing guts and liver, and rinsing fillets in tap water.
- For the latest water quality conditions please visit:
