

Niles Beach at Quarry Lakes Water Quality Status

ADVISORY

WATER DOES NOT MEET STATE STANDARDS

Beach remains open. Weekly testing for bacteria does not meet state health standards. Beach water contact may cause illness. Do not swallow water. Shower and towel dry after water contact. There is always some risk with beach water contact. Water quality conditions can change at any time.

For more information, contact the East Bay Regional Park District (510) 544-2328

ALERTA

EL AGUA NO CUMPLE CON LAS NORMAS ESTATALES

La playa sigue abierta. Las pruebas semanales de bacterias en el agua NO cumplen las normas estatales de salud. El contacto con el agua de la playa puede provocar enfermedades. No trague el agua. Báñese y séquese con una toalla después de haber estado en contacto con el agua. Siempre hay cierto riesgo al entrar en contacto con el agua de la playa. La calidad del agua puede cambiar en cualquier momento.

Para más información, contacte el East Bay Regional Park District (510) 544-2328

 EAST BAY REGIONAL PARK DISTRICT

Current Condition = **Yellow Light** (Beach is open. Increased health risk.)

Water Quality “Stop Light” Designations:

Red Light: Beach is Closed. No swimming, wading or water contact. There is a Water Quality Hazard.

Yellow Light: Beach is Open. There is an increased health risk for swimming and wading. Bacteria results do NOT meet the State Health Standards.

Green Light: Beach is Open. Low health risk for water contact. Bacteria results are within the State Health Standard Limits.

Current Data*

DATE	NORTH BEACH E. COLI	SOUTH BEACH E. Coli
November 15 th	2500	110
November 7 th	530	420
October 25 th	360	41
October 19 th	760	890
October 17 th	74	770

Daily Maximum for *E. coli*: 235

All results expressed as bacterial density (Colony Forming Units or Most Probable Number) per 100 mL

Once the PDF is open in your browser, perform one of the key combinations listed below (based on your operating system). This will force your browser to reload the most current version of the PDF file. If the PDF opens outside of the browser in a separate Adobe Acrobat application window, this operation will not be necessary.

Windows: **Ctrl + F5** | Mac/Apple: **Apple + R** or **Command + R** | Linux: **F5**

CAUTION

During summer and fall, the presence of blue green algae in lakes can result in a buildup of toxins. While near-water activities such as picnicking, biking, and hiking are safe, take the following precautions in the water to help protect yourself, your family (including pets), and your friends:

For your safety:

DO NOT SWIM OR WADE near algae or scum

KEEP CHILDREN AWAY from algae in the water or on the shore.

DO NOT use this water for drinking or cooking.

DO NOT let pets go into or drink the water, or eat green scum.

For fish caught here, throw away guts and clean fillets with tap water or bottled water before cooking.

Call your doctor or veterinarian if you or your pet get sick after going in the water.

For more information, contact East Bay Regional Park District at

(510) 544-2328 or visit the California Department of Public Health online
