# TRAIL RESTORATION

## Mission Peak Needs Your Help!

Off-trail **shortcuts** cause **erosion** that damages the fragile ecosystem and creates dangerous and ugly scars in the landscape. →

← **Park trails** are designed for **safety** and **erosion control**.

Please use the official trail and do your part to protect your park.

If you would like to help with Mission Peak restoration projects, contact 510-544-3247 or [sunol@ebparks.org](mailto:sunol@ebparks.org)

Since October 2012, park staff have been working with volunteers to restore bootleg trail sections

- Ten volunteer days
- 72 volunteer hours logged
- One-half mile of trail restoration
