Big Break Visitor Center at the Delta

Please join us for a public dedication and open house at Big Break Visitor Center at the Delta. This recently completed visitor center is the first official interpretive facility on the Delta and will be the site for interpretive and school programs with a focus on the Delta, its ecosystems, and wildlife.

The Visitor Center connects to the Big Break Regional Shoreline with trails, fishing access, and a large-scale interactive map of the Delta, which allows visitors to see how water flows through the region.

The Visitor Center is partially funded by a \$2.5 million grant from the State of California's Proposition 84.

Please RSVP

to Brenda Montano at bmontano@ebparks.org or 510-544-2200
