The East Bay Regional Park District is beginning to develop a long term strategy for restoring the Breuner and Giant Marshes within the Point Pinole Regional Shoreline. Along with restoring the marsh habitats, the project will include improved public access, a segment of the San Francisco Bay Trail, and additional recreation and education features. This workshop is occurring at the beginning of the planning process and your involvement is encouraged.

All information discussed at the workshop will be posted on our website following the workshop at: www.ebparks.org/planning/lup
