November 25, 2013

Dear Rental Client,

The Ohlone College will be undergoing campus construction beginning **January 2014** starting with our new "South Parking Garage" that will be located on the south side of the campus. This will cause a closure of Lots M,N, O, P until its completion in Summer of 2015.

The second project, "Swing Space" will start in **February 2014**. New academic and administration modular buildings will be housed on Lots B and C up until the Academic Core Project completion in Spring 2018.

For safety and security purposes a construction perimeter will be established around the construction site for storage of equipment and supplies. Please keep this in mind and plan ahead for alternate parking. The District has evaluated its options and suggesting parking in a lower south campus: Lots G, H, K and E, D – north.

All unauthorized vehicles parked in lots B, C, M, N, O and P will be subject to citation for parking violation and towed at owners expense. Please observe all parking rules and regulations. If you have any further questions or concerns regarding parking, contact Campus Police at (510) 659-6111 or my office at (510) 659-7307 or visit the Ohlone College website for parking information: <http://www.ohlone.edu/core/mapsdirs/parking/>

We apologize for any inconvenience you may experience during this construction phase.

Thank you for your understanding and cooperation.

Sincerely,

Ronald D. Little II
Vice President
Office of Administrative Services
