## 2. LAND DIVISION

Bob Doyle, AGM for Land Division, requested that items C-2-b and C-2-c were moved up on the agenda and discussed first so that the Public Hearing on item C-2-a to start at 2:30 pm as prescribed on the agenda and also allow for the arrival of the property owner's attorney, to which the entire Board concurred.

C-2-b. Authorization to Accept from the Regional Parks Foundation Fee Interest in Approximately 0.92 Acres of Real Property Donated by Comcast of California IX, Inc., and to Transfer Funds for Associated Costs: Vargas Plateau Regional Park  
Resolution No. 2010 – 7 - 185 (attached)

By motion of Director Severin and seconded by Director Wieskamp, the Board voted unanimously to approve item C-2-b.

Directors Present: Beverly Lane, Ted Radke, Carol Severin, Doug Siden, John Sutter, Ayn Wieskamp.  
Directors Absent: Whitney Dotson.

Mr. Doyle gave a brief presentation on this item, explaining that the donated site is an old communications site which Comcast no longer needs. He added that the site is very visible and contains old equipment, and clarified that the staff report recommends the acceptance of the donation; steps will be taken at a later date to clean up the area and be brought to a more natural condition. Mr. Doyle stated that staff has received a request by a volunteer radio operations group to continue to operate at the site. Approval to stay until September 2010 has been granted by the District, with demolition and clean-up to commence after the deadline. He also stated that while the District has no legal obligation to do so, staff is working with this group to find an alternative site for their radio operations.

Director Wieskamp commended the extension provided to the radio operating group.

The Board extended their gratitude to the Foundation as well as Comcast for their donation.

C-2-c. Acceptance of Dedication of Fee Interest in 67+ Acres of Real Property Plus Trail Easements and Various Improvements from Schaefer Ranch Holdings, LLC: Dublin Hills Regional Open Space Resolution No. 2010 – 7 - 186 (attached)

By motion of Director Wieskamp, and seconded by Director Lane, the Board voted unanimously to approve item C-2-c.

Directors Present: Beverly Lane, Ted Radke, Carol Severin, Doug Siden, John Sutter, Ayn Wieskamp.  
Directors Absent: Whitney Dotson.

AGM Doyle provided a brief presentation on this item, stating that this is a long-awaited dedication from a developer from the City of Dublin. He also acknowledged retired District Planner Linda Chavez, who worked on this item for over 20 years. Originally, 3,000 dwelling units were proposed for this project and surrounding western Dublin properties in 1993. Providing regional open space and trail connections, a new staging area with restrooms and a Zone of Benefit to fund the direct operations and maintenance costs were the result of work by District staff and the developers, regulators and the City of Dublin. Mr. Doyle complimented the Discovery Builders Company for their cooperation, especially given the tight economy. A dedication is planned in the near future.

C-2-a. PUBLIC HEARING:  
Approval of Resolution Declaring the Acquisition of Certain Real Property Rights Necessary to Connect Vargas Plateau Regional Park to Garin/Dry Creek Pioneer Regional Parks and Authorizing the Acquisition and Transfer of Funds Therefor (Affects Portions of APNs 507-0070-001-03, -04, -05, -10, -11, -12, and -13; 085A-5275-015, -023, -024-01, -025, -026, -027, -029, -030, -038, -039 and -042): Bay Area Ridge Trail/Vargas Plateau to Garin/Dry Creek Pioneer  
Resolution No. 2010 – 7 - 187 (attached)

By motion of Director Severin and seconded by Director Wieskamp, the Board voted unanimously to approve item C-2-a.

Directors Present: Beverly Lane, Ted Radke, Carol Severin, Doug Siden, John Sutter, Ayn Wieskamp.  
Directors Absent: Whitney Dotson.

AGM for Land Acquisition Bob Doyle gave a presentation on this item and explained the recommendation as listed on the staff report. He read the written background, enumerating the history behind the acquisitions related to the property in question. Mr. Doyle stated that by utilizing the preferred alignment, the District will avoid environmental damage to habitat for the Alameda whipsnake and other protected species because it is an existing road. He added that the acquisition is for an easement, not an exclusive easement.

AGM Doyle also corrected typographical errors on page 4 of the staff report that enumerates items that the Board must establish at this public hearing in order to initiate an action in eminent domain:

1. Item (a) – he clarified that “Alameda County Regional Trail” should read “Alameda Creek Regional Trail”;
2. There are four (4), not three (3) items that the Board must establish (all included in the staff report but were incorrectly labeled):

- Item a – Public interest and necessity require the proposed project;
- Item b – The proposed project is planned and located in the manner that will be most compatible with the greatest public good and the least private injury;
- Item c – The property sought to be acquired is necessary for the project;
- Item d – The offer of compensation required by Section 7267.2 of the government Code has been made to the owners of record.

AGM Doyle also clarified that public comments should be limited to above items (a) – (d), and emphasized that the recommended action today does not preclude negotiations with the property owner.

President Siden opened the Public Hearing at this time.

Atty. Daniel Muller, attorney for the property owners, addressed the Board. Among the items he discussed were:

- the proposal for the trail goes right in the middle of the property, which is one of the issues most disturbing to the property owner;
- acquisition of a wider portion, if not the entire property, would have the owner more open to discussions;
- raised concerns on the accuracy of the first two paragraphs of the staff report under “Background”;
- offer made not based on up-to-date appraisals. Appraisal data stale and not admissible in court and does not include severance damage;
- Resolution of Necessity may not be exempt for CEQA;

Atty. Muller also stated that (as articulated in their letter provided to the Board at this meeting) there has been no pre-condemnation offer made by the District, which needs to happen before a resolution of necessity can be adopted.

Mr. Fay Louie, property owner, addressed the Board and provided the following comments:

- how will the easement be measured;
- how will motorcycle use be prevented;
- spoke about the current tenants and asked how they be protected;
- stated the reason the Delucchi family sold property – did not want liability on him nor his family, easement will be hard to grant;
- the method of appraisal used – the District’s offer is \$1,700 less than his purchase price;

Mr. Bern Smith of the Bay Area Ridge Trail Council addressed the Board, stating that a Garin-Dry Creek Trail Feasibility Study adopted by the Board in December of 2005 showed that the trail in question today is the optimal alignment, and signified his support of this trail acquisition.

Mr. Steve Soderstrom of the Park Advisory Committee (PAC) addressed the Board and stated that the District has been very successful in balancing public use, preservation and public safety.

President Siden closed the Public Hearing at this time.

Director Sutter, referring to the second paragraph of the background report (page 2), asked if the agreement to convey a trail easement to the District was in written form. Mr. Doyle stated that while it was in writing, when the District negotiated with the Delucchi family, no final agreement was reached as to its alignment, that the Board action on the exchange of property included a discussion of a trail alignment, to which Mr. Delucchi had a proposal which the District did not think was feasible.

In response to a question by Director Wieskamp, Mr. Doyle stated that there is not an issue with the appraisal, that as required and with District funding provided, Mr. Louie is entitled to do his own appraisal.

Atty. Todd Amspoker, acting as main counsel for the District, explained that the Park District's appraiser's professional opinion is that there were no severance damages caused by the imposition of the trail easement because there is already an existing road. He clarified that this appraisal is only for the Park District's side.

Mr. Doyle emphasized that the action by the Board today formalizes the negotiation process, which will continue.

### 3. FINANCE AND MANAGEMENT SERVICES

- C-3-a. Acceptance of the Comprehensive Annual Financial Report of the East Bay Regional Park District for Year Ended December 31, 2009, Independent Accountant's Report on Agreed-Upon Procedures Applied to Appropriations Limit Schedule (GANN Limit), Report to Board of Directors and Management, Single Audit Reports, SAS 114 Letter to Board of Directors and Management  
Resolution No. 2010 – 7 - 188 (attached)

By motion of Director Severin and seconded by Director Weiskamp, the Board voted unanimously to approve item C-3-a.

Directors Present: Beverly Lane, Ted Radke, Carol Severin, Doug Siden, John Sutter, Ayn Wieskamp.  
Directors Absent: Whitney Dotson.

Cinde Rubaloff, District CFO, explained the various reports enumerated in the staff report.

- C-3-b. Resolution to Reschedule the Public Hearing to July 20, 2010 Regarding the Approval of Engineer's Report, Adoption of Resolution Confirming Diagram and Assessment, Order Maintenance, Improvements and Levy annual Assessment for Alameda County/Contra Costa County Regional Trails Landscaping and Lighting Assessment District No. 1, including ZB-1 (Five Canyons), ZB-2 (Dublin Hills), ZB-3 (Walpert Ridge), ZB-4 (San Ramon Hills), ZB-5 (Stone Valley), and ZB-6 (Sibley Volcanic)  
Resolution No. 2010 – 7 - 189 (attached)

By motion of Director Radke and seconded by Director Wieskamp, the Board voted unanimously to approve item C-3-b.

Directors Present: Beverly Lane, Ted Radke, Carol Severin, Doug Siden, John Sutter, Ayn Wieskamp.  
Directors Absent: Whitney Dotson.
