EXECUTIVE SUMMARY

DESCRIPTION

Environmental Data Resources, Inc.’s (EDR) City Directory Report is a screening tool designed to assist environmental professionals in evaluating potential liability on a target property resulting from past activities. EDR’s City Directory Report includes a search of available city directory data at 5 year intervals.

The EDR Environmental LienSearch Report provides results from a search of available current land title records for environmental cleanup liens and other activity and use limitations, such as engineering controls and institutional controls.

A network of professional, trained researchers, following established procedures, uses client supplied address information to:

- search for parcel information and/or legal description;
- search for ownership information;
- research official land title documents recorded at jurisdictional agencies such as recorders' offices, registries of deeds, county clerks' offices, etc.;
- access a copy of the deed;
- search for environmental encumbering instrument(s) associated with the deed;
- provide a copy of any environmental encumbrance(s) based upon a review of key words in the instrument(s) (title, parties involved, and description); and
- provide a copy of the deed or cite documents reviewed.

Thank you for your business.
Please contact EDR at 1-800-352-0050 with any questions or comments.

**RESTRICTIONS**

4.01 Restrictions. The following Restrictions on the FOSET Property (Areas 3, 5, 10, & 13) and the 2003 CRUP Property (Areas 1, 2, 6, 11 & 12) shall apply until the RWQCB makes the written determination required by Section 6.03 below that the necessary remedial actions have been completed or that the restrictions are no longer necessary to protect human health or the environment:

(a) Use Restrictions. The FOSET Property and the 2003 CRUP Property shall not be used for any of the following purposes:

(i) A residence including any mobile home or factory built housing constructed or installed for use as residential human habitation;

(ii) Hospitals for humans, schools for persons under 21 years of age, day care centers for children, or any permanently occupied human habitation.

(b) General Activity Restrictions. Without written approval of the RWQCB pursuant to Section 4.03 below, the Owner or Occupant shall not engage in any of the following activities in or on the FOSET Property or the 2003 CRUP Property:
(1) Remove and dispose of contaminated soil or groundwater unless in accordance with all applicable Federal, State and local regulations governing removal, transport, and disposal of hazardous substances and hazardous waste.

(2) Conduct dewatering activities unless in accordance with a RWQCB-approved dewatering workplan.

(3) Disturb or use existing groundwater monitoring wells and other test wells without the prior written approval of the RWQCB.

(4) Disturb or excavate soils greater than twenty-four (24) inches below ground surface for any purpose other than environmental investigation or remediation unless Owner or Occupant provides prior notice to, and obtains approval of, the RWQCB to the extent, and in the manner, such approval is required under an approved soil and groundwater management plan applicable to the relevant area and the proposed excavation is implemented in a manner consistent with the requirements of that soil and groundwater management plan; if the excavation is consistent with the requirements of the approved applicable soil and groundwater management plan, and. That plan does not require additional prior approval by the RWQCB, then no such approval is required for the specific excavation work. If the RWQCB has not approved a soil and groundwater management plan applicable to the area, or if the proposed excavation is inconsistent with the requirements of the soil and groundwater management plan, Owner or Occupant shall obtain RWQCB approval pursuant to Section 4.03(a) prior to disturbing any soils as described above.

(5) Install groundwater production wells nor use the groundwater for residential, municipal, agricultural, or industrial uses without the written approval of the RWQCB.

(c) UST-Related Activity Restrictions. Without written approval of the RWQCB pursuant to Section 4.03 below, the Owner or Occupant shall not engage in any of the activities set forth in subparagraphs (1), (2) and (3) below with respect to the USTs that are located within Disposal Areas 1 and 6 (as depicted generally on Exhibit B hereto). If an issue arises relating to what specific property the UST-related Activity Restrictions apply, the RWQCB may require the Owner or Occupant to properly identify such property through a survey or other appropriate means.

(1) Use or access USTs or property on or around the USTs for a distance of 150 feet from the perimeter of the UST for any reason in a manner that may disrupt the structural integrity of the USTs, unless a licensed structural engineer certifies that such use, in conjunction with any appropriate mitigation measures, would not adversely affect the structural integrity of the UST, and the local government entity that issues permits for the installation of USTs gives its prior approval for such use.

(2) Install, place, cover or load the top of any UST with any combination of structures, vehicles, or equipment, unless a licensed structural engineer certifies that such activity, in conjunction with any appropriate mitigation measures, would not adversely affect the structural integrity of the UST, and the local government entity that issues permits for the installation of USTs gives its prior approval to such activity. This restriction shall apply to all USTs.

(3) UST Removal. Remove any UST, or disturb the soil in preparation for removing a UST, unless in accordance with a RWQCB-approved workplan for such removal or disturbance.

4.02 Post-ROD Restrictions for Disposal Area 10 (IR Site 1).

(a) Disposal Area 10 (as depicted generally in Exhibit B) shall not be used for any of the following purposes:

(i) A residence including any mobile home or factory built housing constructed or installed for use as residential human habitation;

(ii) Hospitals for humans, schools for persons under 21 years of age, day care centers for children, or any permanently occupied human habitation.
(b) **Activity Restrictions.** Without the written approval of the RWQCB pursuant to Section 4.03(a) below, the Owner or Occupant shall not engage in any of the following activities in Disposal Area 10 (as depicted generally in Exhibit B):

(i) Engage in any activity which disturbs, breaches, or otherwise affects the integrity of the soil cover;

(ii) Extract or use groundwater for any purpose other than monitoring, remediation, or construction dewatering.

4.03. Procedures for obtaining RWQCB approval.

(a) If the Owner or Occupant wishes to seek RWQCB approval to engage in an activity which is otherwise prohibited pursuant to Section 4.01 (b) or 4.02(b), Owner or Occupant shall make a written application to the RWQCB and obtain RWQCB approval before engaging in the activity and shall provide the RWQCB with information sufficient to demonstrate that engaging in the proposed activity would be protective of human health, safety and the environment and would not disrupt the environmental investigation or remediation activities planned in the Restricted Area where the proposed activity would take place. If the RWQCB concurs with this demonstration, it shall approve the application. The RWQCB may require appropriate conditions on the approval, including but not limited to, preparation and implementation of a soil and groundwater management plan as a condition of granting its approval, with which Owner or Occupant shall comply.

(b) The Owner or Occupant may prepare, and submit to the RWQCB for approval, a soil and groundwater management plan for part or all of the Property. The soil and groundwater management plan shall establish appropriate procedures and contingency plans designed to ensure that excavation and groundwater disturbance activities do not disturb investigation or remediation activities and do not exacerbate existing contamination, and to ensure proper handling of contaminated materials.

4.04. Non-interference with ongoing monitoring, assessment or the final remedy; Non-Disturbance.

No Owner’s or Occupant’s construction activities and/or operations on the Property shall interfere with ongoing corrective actions including monitoring or assessment work or the final remedy being conducted by responsible parties. No Owner or Occupant of the Property shall act in any manner that will aggravate or contribute to the existing environmental conditions of the Property.

4.05. Access for RWQCB. The RWQCB shall have reasonable right of entry and access to the Property for inspection, monitoring, and other activities consistent with the purposes of this Covenant and the applicable Site Cleanup Requirements Order, as may be amended, as deemed necessary by the RWQCB to protect the public health or safety or the environment.

4.06. All uses and development of the Property shall preserve any remedial measures taken or remedial equipment installed, and any groundwater monitoring system installed on the Property pursuant to the requirements of the RWQCB, unless otherwise expressly permitted by the RWQCB.

Beginning at the corner of said Lot Sixteen (16) formed by the intersection of the Easterly section line of said Section Sixteen (16) with the westerly line between the tide lands and the San Pablo Ranch, as shown upon said Tidelands Survey Map, and running thence South along said Easterly section line, a distance of 191.70 feet; thence South 61° 30' West, 400 feet to a point on the Western boundary line of said Lot Sixteen (16); thence North 43° 15' West, along said Western line, a distance of 189 feet; thence North 9° 38' West, a distance of 300 feet to a point on said westerly line between the tide lands and said San Pablo Ranch; thence along said westerly line to the point of beginning, as follows: South 64° 43' East, 75 feet to Station 353, as shown on said Tide land Survey Map; thence South 77° 15' East, 396 feet to Station 354, as shown on said Tideland Survey Map; thence North 59° 6', East, 95.04 feet to the point of beginning.
EXCEPTING FROM PARCEL TWO: That portion thereof lying within the 1.663 acre parcel of land described in the deed from Castro Point Railway and Terminal Company to State of California, dated July 22, 1953 and recorded December 15, 1953 in Volume 2280 of Official Records, at page 122, not excepting, however, the rights reserved unto the grantor in said deed.

PARCEL THREE

That parcel of land described in the deed from San Pablo Quarry Company to Castro Point Railway and Terminal Company, dated January 9, 1912 and recorded January 9, 1912 in Volume 1/8 of Deeds, at page 35, as follows:

"Commencing at a point on the West boundary of Lot 9 of the Tide Lands in Section 15, Township 1 North, Range 5 West, Mount Diablo Base and meridian, distant fourteen (14) feet South of the point where said West boundary intersects the boundary between the San Pablo Ranch and the tide lands and running thence North 84° 50° East two hundred and sixty-three (263) feet; thence one hundred and sixty-seven and 21/100 (167.21) feet on the arc of a curve to the right, having a radius of one hundred and fifty one and 63/100 (151.63) feet; thence on tangent South 71° 59° East two hundred and seventeen and 84/100 (217.84) feet; thence one hundred and ninety one and 86/100 (191.86) feet on arc of curve to left, having a radius of three hundred and forty eight and 79/100 (348.79) feet to a point of compound curve; thence seventy four (74) feet on arc of curve to left, having a radius of two hundred and thirty two and 87/100 (232.87) feet to South side of county road; thence South 84° 51° West along South side of county road one hundred and sixty eight (168) feet; thence North 69° 47° West one hundred and forty-four and 5/10 (144.5) feet; thence leaving side of county road North 71° 59° West one hundred and fifty six (156) feet; thence two hundred and fifteen and 32/100 (215.32) feet on arc of curve to left, having a radius of one hundred ninety one and 63/100 (191.63) feet; thence South 84° 50° West three hundred and forty nine and 2/10 (349.2) feet to boundary between San Pablo Ranch and the tide lands; thence South 77° 15° East eight (8) feet to Station 248 of the Survey of the San Pablo Ranch; thence North 59° East ninety five and 4/100 (95.04) Feet; thence South fourteen (14) feet to point of beginning, run by true meridian N 84° 51° W, 16° East, and containing eight hundred and seven thousandths (.807) acres.

Being portions of said Lot 9 of the Tide Lands in Section 15, Township 1 North, Range 5 West, Mount Diablo Base & Meridian, and of Lot 49 of the San Pablo Ranch, as per Map of said Rancho, accompanying and forming a part of the Final Report of the referees in partition of said Rancho, dated September 1st, 1893, a copy of which is now on file in the office of the County Recorder of said County of Contra Costa."

EXCEPTING FROM PARCEL THREE: That portion thereof lying within the parcel of land described in the deed from San Pablo Quarry Company to Castro Point Railway and Terminal Company, dated January 2, 1912 and recorded January 26, 1912 in Volume 173 of Deeds, at page 359.

PARCEL FOUR

That parcel of land described in the deed from San Pablo Quarry Company to Castro Point Railway and Terminal Company, dated March 21, 1912 and recorded June 28, 1912 in Volume 130 of Deeds, at page 478, as follows:

"Commencing at Station 247 of the partition survey of the San Pablo Ranch, being also Station 255 of the tide lands survey and running thence North 84° 50° East seventy five (75) feet; thence leaving boundary of Lot 49 North 29° 46'
West three hundred twenty nine and 63/100 (329.63) feet to point on boundary of Lot 49; thence North 17° 45' East fifty six (56) feet to Station 244, of the partition survey of the San Pablo Ranch; thence leaving boundary of Lot 49 North 64° 14' East twenty one and 44/100 (21.44) feet; thence South 25° 46' East four hundred thirty-nine and 28/100 (439.28) feet, to boundary of Lot 49; thence North 77° 15' West sixteen (16) feet to point of beginning, containing five hundred forty two thousandths (.542) acres, being a portion of Lot 49, San Pablo Ranch."

**PARCEL FIVE**

"That parcel of land described in the deed from San Pablo Quarry Company to Castro Point Railway and Terminal Company, dated March 21, 1912 and recorded June 24, 1912 in Volume 150 of Deeds, at page 425, as follows:

"Commencing at Station 244 of the partition survey of the San Pablo Ranch, and running thence along the Western boundary of said Lot 49 North 31° 30' one hundred and thirty two (332) feet; thence North 58° 30' West two hundred and eleven and 20/100 (211.20) feet; thence North 75° 45' West two hundred and fifty five and 40/100 (255.40) feet; thence North 62° 30' West fifty five and 60/100 (55.60) feet; thence leaving Western boundary of Lot 49 North 49° 34' East sixty (60) feet; thence on a curve to the left having a radius of 380.27 feet, and tangent to a perpendicular to said last mentioned course one hundred forty and 70/100 (140.70) feet; thence tangent to said last mentioned curve and South 73° 19' East one hundred and sixteen and 37/100 (116.37) feet; thence on a curve to the right having a radius of 440.27 feet, and tangent to said last mentioned course three hundred sixty four and 47/100 (364.47) feet; thence tangent to said last mentioned curve and South 29° 46' East thirty nine and 39/100 (39.39) feet; thence South 64° 14' West twenty one and 44/100 (21.44) feet to point of beginning, containing six hundred twenty five thousandths (.625) acres, being portion of Lot 49, San Pablo Ranch."

**PARCEL SIX**

That parcel of land described in the deed from San Pablo Quarry Company to Castro Point Railway and Terminal Company, dated March 21, 1912 and recorded June 24, 1912 in Volume 150 of Deeds, at page 475, as follows:

"A strip of land sixty (60) feet wide part of Lot 49, San Pablo Ranch; Contra Costa County, State of California, the center line of which is described as follows: Commencing at Station 241, of the partition survey of the San Pablo Ranch, and running thence North 68° 30' West fifty-five and 6/10 (55.6) feet; thence North 87° 30' East thirty (30) feet to point of beginning of said center line and from said point of beginning running on a curve to the right having a radius of 410.27 feet and tangent to a perpendicular to said last mentioned course, six hundred thirty eight and 69/100 (638.69) feet; thence North 37° 19' East and tangent to said last mentioned curve one hundred fifty four and 70/100 (154.70) feet; thence on a curve to the right, having a radius of 497.60 feet and tangent to said last mentioned course one hundred seventy eight and 47/100 (178.47) feet; thence North 27° 30' East and tangent to said last mentioned curve, two hundred and three and 7/100 (203.7) feet; thence on a curve to the left having a radius of 410.27 feet and tangent to said last mentioned course three hundred eighty and 44/100 (384.44) feet; thence sixty (60) foot strip to lie thirty (30) feet on each side of the above described center line and the ends of said sixty (60) foot strip to be at right angles to said center line save and except from the above described sixty (60) foot strip eight one thousandths (.0008) acres, part of Lot 2, Section 16, Township I North, Range 5 West, M.D.B.&W. described as follows: Commencing at Station 236, of the partition survey of the San Pablo Ranch, being also Station 366, of the tide lands survey and running thence North 89° 15' East fifty two (52) feet; thence South 31° 48' West sixty and 9/10 (60.9) feet; thence North 28° East sixteen
(16) feet to point of beginning. Said sixty foot strip containing less said 8/1000 acre two and eighty-four thousandths (.084) acres."

PARCEL EIGHT

That parcel of land described in the deed from Blake Brothers Company to Castro Point Railway and Terminal Company, dated February 13, 1917 and recorded February 18, 1917 in Volume 967 of Official Records, at page 257, as follows:

"Portion of Tide Land Lot 1 in Section 9, portion of Tide Land Lot 2 in Section 10, Township 1 North, Range 5 West, Mount Diablo Base and Meridian and a portion of Lot 49, as designated on the map entitled 'Map of the San Pablo Ranch, Accompanying and Forming a Part of the Final Report of the Referee in Partition,' which map was filed in the office of the Recorder of the County of Contra Costa, State of California, on March 1, 1924, described as follows:

A strip of land 60 feet in width, described as follows:

Beginning on the West line of said Lot 5, distant thereon North 85.70 feet from the exterior Westerly line of said San Pablo Ranch; thence from said point of beginning, North along said West line, 91.70 feet; thence leaving said West line, North 40° 50' 30" East, 614.43 feet; thence Northerly along the arc of a curve to the left with a radius of 762.94 feet, tangent to said last mentioned curve, 376.79 feet; thence North 13° 23' 40" East, tangent to said curve, 215.94 feet; thence Northerly along the arc of a curve to the left with a radius of 836.70 feet, tangent to the last mentioned curve, 200.74 feet to a point on the South line of the parcel of land described as Tract 4 in the final judgment dated May 13, 1945 entered under Action No. 22254-5 in the United States District Court, San Francisco, California, entitled United States of America, Plaintiff, vs. Blake Brothers Company, et al., defendants.- A certified copy of which was recorded in the office of the Recorder of the County of Contra Costa, State of California, on July 28, 1945 in Volume 819 of Official Records, at page 133, distant thereon North 97° 53' 08" East, 26.80 feet from the exterior Westerly line of said San Pablo Ranch; thence North 97° 53' 08" East along said South line, 61.01 feet; thence leaving said South line, Southerly along the arc of a curve to the right with a radius of 866.70 feet, the chord of which bears North 6° 10' 33" West, an arc distance of 204.89 feet; thence South 13° 21' 50" East, tangent to said last mentioned curve, 215.94 feet; thence Southerly along the arc of a curve to the right with a radius of 849.46 feet, tangent to said last mentioned curve, 407.27 feet; thence South 30° 29' 30" West, tangent to said last mentioned curve, 855.75 feet to the point of beginning."

PARCEL EIGHT

The right of way granted in the deed from San Pablo Quarry Company to Castro Point Railway and Terminal Company, dated December 9, 1912 and recorded December 20, 1912 in Volume 175 of Deeds, at page 395, as follows:

"Right of Way forty (40) feet wide center line described as follows, to-wit:

Commencing at Station 2501 San Pablo Ranch survey, the same being Station 477 of the Tide Lead Survey and running thence North 80° 37' West six hundred sixty-nine and 2/10 (669.2) feet; thence on a 12' curve to the left tangent to said last course, two hundred sixty-two and 3/10 (262.4) feet, run by true Meridian Magnetic Variation 17' East, and containing eight hundred fifty-six thousandths (.856) acres, being a portion of tide land Lots 9 and 10 in Section 15 Township 1 North Range 5 West, Mount Diablo Base and Meridian."

EXCEPTING FROM PARCEL EIGHT: That portion thereof granted in the deed from Castro Point Railway and Terminal Company to State of California, dated

PARCEL NO. 11

The "right of way" for "railroad" awarded to Castro Point Railway and Terminal Company in the final order of condemnation entered August 19, 1913 in the Superior Court of the State of California, County of Contra Costa, entitled Castro Point Railway and Terminal Company,plaintiff, vs. Anglo Pacific Development Company, et al, defendants, a certified copy of which was recorded August 19, 1913 in Volume 509 of Deeds, at page 99, over the parcel of land described in said order as follows:

"Commencing at a point on the Easterly line of said Lot sixteen (16) distant thereon North 60° 30' West 55.6 feet from Station 361 shown on said Tideland Survey Map, said station being also Station 281 of the Partition Survey of the San Pablo Rancho, and running thence South 60° 30' East along said Easterly line 55.6 feet to said Station 361; thence continuing along said Easterly line of said Lot sixteen (16) South 72° 45' East 255.42 feet to Station 350 shown on Tideland Survey Map; thence continuing on said Easterly line of said Lot sixteen (16) South 58° 30' East a distance of 211.80 feet to Station 359 shown on said Tideland Survey Map; thence continuing on said Easterly line of said Lot sixteen (16) South 39° 30' East 135 feet to Station 358 shown on said Tideland Survey Map; thence continuing on said Easterly line South 17° 45' West a distance of 56 feet; thence leaving said Easterly line of said Lot sixteen (16) and running North 25° 46' West a distance of 60 feet; thence on a curve to the left with a radius of 360.77 feet and tangent to said last mentioned course a distance of 314.80 feet; thence North 73° 10' West and tangent to said last mentioned course a distance of 116.37 feet; thence on a curve to the right with a radius of 440.07 feet and tangent to said last mentioned course a distance of 163 feet to the point of beginning; containing 294.2000 (4.054) acres."

PARCEL XIX

The "easement for railroad purposes" reserved to defendant Blake Brothers Company and to defendant Castro Point Railway and Terminal Company in the final judgment entered March 11, 1917 in the District Court of the United States under Case No. 22281-S, a certified copy of which was recorded June 6, 1917 in Volume 1069 of Official Records, at page 199, over the parcel of land described in said judgment, as follows:

"Description of the center line of the 60 feet Right of Way of the Castro Point Railway and Terminal Company, lying between the Southern terminus of the Richmond Belt Line Railway Company and the South boundary of the United States Naval Fuel Depot, Melita Point.

Beginning at a point on the center line of the 60 feet right of way of the Castro Point Railway and Terminal Company, which point is also located on the center line of the Richmond Belt Line Railway Company at its Southern terminus, said point being S. 86° 41' W. 73.46 feet from a concrete monument (designated as No.-1) and running thence along the center line of aforesaid 60 feet right of way of the Castro Point Railway and Terminal Company, S. 9° 50' 30" E., a distance of 140.00 feet to a point of tangency; thence Southeasterly 132.259 feet along the circumference of a circle to the right having a radius of 699.041 feet, the chord of which bears S. 5° 26' 02" E., a distance of 138.042 feet to a point on the Southern boundary of the U.S. Naval Fuel Depot, said point being N. 6° 59' 45" E., a distance of 125.712 feet from San Pablo Rancho Station 229, as shown on map..."
entitled 'Map of San Pablo Rancho, accompanying and forming a part of the Final Report of the Referees in Partition' filed in the office of the Recorder of Contra Costa County, California, March 1, 1894.'

This conveyance is subject to all matters appearing of record or that can be ascertained by an inspection of said land.

Covenant to Restrict Use of Property
Environmental Restriction

(Re: Former Naval Fuel Depot Point Molate - Richmond, CA)

This Covenant and Agreement ("Covenant") is made by and between the City of Richmond ("City" or "Covenantor"), the current owner of certain portions of the Former Naval Fuel Depot Point Molate (NFD Point Molate), situated in the City of Richmond, County of Contra Costa, State of California, described in Exhibit A, which is attached and incorporated herein by this reference ("Property"), and the California Regional Water Quality Control Board, San Francisco Bay Region ("RWQCB"). The RWQCB has determined that this Covenant is reasonably necessary to protect present and future
human health and safety and the environment as a result of the presence on the Property of hazardous materials, as defined in California Health & Safety Code ("H&SC") Section 25260, and enters into this Covenant in accordance with California Civil Code Section 1471.

A portion of NFD Point Molate (designated as Disposal Areas 1, 2, 4, 6, 7, 8, 9, 11, and 12, collectively referred to as the “FOST Property”) was transferred pursuant to a 2003 Finding of Suitability for Transfer. A portion of the FOST Property (designated as Disposal Areas 1, 2, 6, 11, and 12, or the “2003 CRUP Property”) was subject to a Covenant to Restrict Use of Property and Environmental Restriction for Property (the “2003 Covenant”) between the United States Navy ("Navy") and the RWQCB, recorded in the Contra Costa County Recorder’s office on September 30, 2003 (DOC-2003-0489199-00). The restrictions set forth in the 2003 Covenant are also set forth in the Quitclaim Deed from the Navy to the City executed on September 23, 2003 and recorded in the Contra Costa County Recorder’s office on September 30, 2003 (DOC-2003-0489200-00) ("FOST Property Quitclaim Deed"). In accordance with Section 6.02 of the 2003 Covenant, the City applied to the RWQCB for a termination and release; in January 2009, the RWQCB approved the City’s application for termination and release of the 2003 Covenant on the basis that the recordation of this Covenant makes the restrictions in the 2003 Covenant no longer necessary to protect present or future human health, safety, or the environment. The approval of the RWQCB’s termination is conditioned upon, and effective only after, the recordation of this Covenant, which wholly replaces the 2003 Covenant with respect to the 2003 CRUP Property. In conjunction with the execution
and recording of this Covenant, the Navy and City are simultaneously executing
Amendment One to the FOST Property Quitclaim Deed to conform the restrictions in that
deed to those in this Covenant and are executing and recording a new Quitclaim Deed for
the remainder of NFD Point Molate designated as Disposal Areas 3, 5, 10, and 13 being
transferred pursuant to a Finding of Suitability for Early Transfer (known as the “FOSET
Property” and generally depicted in Exhibit B) with restrictions which conform to this
Covenant. Together, the 2003 CRUP Property and the FOSET Property comprise the
Property. Disposal Areas 4, 7, 8, and 9 are not subject to this Covenant (as generally
depicted in Exhibit B).

The Covenantor and the RWQCB (collectively, the “Parties”) therefore intend
that the use of the Property be restricted as set forth in this Covenant until the RWQCB
makes a written determination that all the activities required by the applicable Site
Cleanup Requirements Order have been completed or that the restrictions as outlined in
this Covenant are otherwise no longer necessary to protect human health, safety and the
environment.

The Covenantor currently has legal title and interest in the Property sufficient to
enter into and record this Covenant to provide for continuing enforcement of the
restrictions contained in this Covenant. This Covenant shall run with the land to all
successors and assigns. Further, in any subsequent transfers or conveyances of the
Property or any portion thereof, the City or any subsequent owner transferring or
conveying the Property while this Covenant is in effect shall ensure that the subsequent
transferee is provided with a copy of this Covenant and of any RWQCB Site Cleanup Order applicable to the Property.

ARTICLE I
STATEMENT OF FACTS

1.01 The Property is more particularly described and depicted in Exhibit A. The Property consists of the sum of the 2003 CRUP Property and the FOSET Property (as generally depicted in Exhibit B). The Property is located just north of the Richmond-San Rafael Bridge, on the western edge of the Point San Pablo Peninsula in the City of Richmond, County of Contra Costa, State of California. The 2003 CRUP Property was transferred by the Navy to the City of Richmond in September 2003 after the Navy issued a FOST pursuant to Section 120(h)(3) of the Comprehensive Environmental Response, Compensation and Liability Act ("CERCLA") (42 USC 9620(h)(3)), concluding that all necessary remediation of hazardous substances had been completed. The Navy had not completed non-CERCLA activities related to Underground Storage Tanks ("USTs") on the 2003 CRUP Property at that time. The 2003 Covenant placed restrictions on the 2003 CRUP Property.

1.02 The Navy has issued a FOSET dated September 2008, to transfer the FOSET Property, which was not transferred pursuant to the 2003 FOST. This transfer is being completed prior to regulatory closure for the Installation Restoration ("IR") Site 3 in Disposal Area 3, and IR Site 4 (consisting of the non-contiguous areas known as Drum Lot 1 and Drum Lot 2) in Disposal Areas 5 and 13 and prior to a final assessment of the adequacy of any interim response action. This type of transfer is known as an early
transfer and is subject to Section 120(h)(3)(C) of CERCLA (42 USC 9620(h)(3)(C)), and requires a determination by the Governor of the State that the FOSET Property is suitable for early transfer. Among other findings, the early transfer provisions of CERCLA require that the deed or other agreement governing the transfer contain assurances, among other things, that provide for any necessary restrictions on the use of the property to ensure the protection of human health and the environment; one intent of this Covenant is to fulfill that requirement.

1.03 The investigation of the FOSET Property conducted by the Navy indicates that hazardous materials are present in certain areas of the Early Transfer Property. Petroleum compounds, a small area of Volatile Organic Compounds ("VOCs"), metals, and polycyclic aromatic hydrocarbons ("PAHs") are present in the area of the Property known as IR Site 3 in Disposal Area 3. A small area of Volatile Organic Compounds (VOCs) is present in the soils and shallow groundwater in a portion of IR Site 4, Drum Lot 2 in Disposal Area 5. In addition, the RWQCB has not yet approved final regulatory closure at the remainder of Drum Lot 2 and Drum Lot 1 in Disposal Area 13. As a result, these sites may require further remedial action, which could be disrupted unless the restrictions set forth in this Covenant are established and followed.

1.04 The 2003 Covenant contains a finding that the 2003 CRUP Property has previously been determined to be unsuitable for residential use in its present condition. There are a number of remaining former USTs within those areas for which the RWQCB has not approved closure, thereby creating the possibility that further environmental
investigation activities could be disrupted unless the restrictions set forth in this Covenant are established and followed.

1.05 For the reasons set forth in Section 1.03 and 1.04 above, the RWQCB has determined that certain restrictions are reasonably necessary to protect present and future human health and safety and the environment and to ensure that required remedial investigations, response actions, and oversight activities on the Property will not be disrupted. The RWQCB and Covenantor anticipate that, as the RWQCB determines that no further action is necessary to prevent harm to human health or the environment or that the restrictions in this covenant are no longer necessary to protect human health or the environment at portions of the Property, those portions of the Property will be released from this Covenant pursuant to the provision of Article VI.

1.06 The Navy has determined, and the RWQCB has concurred, in a 2005 Record of Decision ("ROD") that the long-term operation and maintenance of the now-closed site landfill known as IR Site 1 in Disposal Area 10 (Disposal Area 10 is depicted in Exhibit B) on the FOSET Property requires the recording of the restrictions prescribed for that area herein.

ARTICLE II
DEFINITIONS

2.01 RWQCB. "RWQCB" means the California Regional Water Quality Control Board, San Francisco Bay Region, and includes its successor agencies, if any.
2.02 **Owner.** "Owner" means the Covenantor and/or its successors in interest
who hold title to all or any portion of the Property, during their ownership of all or any
portion of the Property.

2.03 **Occupant.** "Occupant" means Owner and those persons or entities entitled
by ownership, leasehold or other legal relationship to the right to use and/or occupy all or
any portion of the Property.

2.04 **Improvements.** "Improvements" shall mean all buildings, structures,
roads, driveways, regradings, and paved parking areas, constructed or placed upon any of
the Property.

ARTICLE III
GENERAL PROVISIONS

3.01 **Restrictions to Run with the Land.** This Covenant sets forth protective
provisions, covenants, restrictions, and conditions (collectively, "Restrictions"), subject
to which the Property and every portion thereof shall be improved, held, used, occupied,
leased, sold, hypothecated, encumbered, and/or conveyed. Each and all of the
Restrictions shall run with the land, and pass with each and every portion of the Property,
and shall apply to, inure to the benefit of, and bind the respective successors in interest
thereof, for the benefit of the RWQCB and all Owners and Occupants. Each and all of
the Restrictions are imposed upon the entire Property unless expressly stated as
applicable to a specific portion of the Property. Each and all of the Restrictions are
enforceable by the RWQCB.
3.02 Binding upon Owners and Occupants. Pursuant to H&SC Section 25355.5(a)(1)(C), this Covenant binds all Owners and Occupants of the Property, their heirs, successors, and assignees, and the agents, employees, and lessees of the owners, heirs, successors, and assignees. Pursuant to Civil Code Section 1471(b), all successive owners of the Property are expressly bound hereby for the benefit of the RWQCB.

3.03 Concurrence of Owners and Lessees Presumed. All purchasers, lessees, or possessors of any portion of the Property shall be deemed by their purchase, leasing, or possession of the Property or any portion thereof, to be in accord with the foregoing and to agree for and among themselves, their heirs, successors, and assignees, and the agents, employees, and lessees of such owners, heirs, successors, and assignees, that the Restrictions as herein established must be adhered to for the benefit of the RWQCB and the Owners and Occupants of the Property and that the interests of the Owners and Occupants of the Property shall be subject to the Restrictions contained herein.

3.04 Written Notification. Upon a determination that a hazardous substance is present upon or beneath nonresidential real property, a notification must be made pursuant to H&SC Section 25359.7. Specifically, prior to the sale or lease of a portion of the Property to be used for nonresidential purposes where hazardous substances are present, the Owner or lessor shall give the buyer or lessee notice that a hazardous substance is located on or beneath that portion of the Property.

3.05 Incorporation into Deeds and Leases. Covenantor desires and covenants that the Restrictions set out herein shall be incorporated in and attached to each and all deeds and leases of any portion of the Property. Recordation of this Covenant shall be
deemed binding on all successors, assigns, and lessees, regardless of whether a copy of
this Covenant has been attached to or incorporated into any given deed or lease.

3.06 **Conveyance of Property.** The Owner shall provide notice to the RWQCB
not later than thirty (30) days after any conveyance of any ownership interest in the
Property (excluding mortgages, liens, and other non-possessory encumbrances). The
RWQCB shall not, by reason of this Covenant alone, have authority to approve,
disapprove, or otherwise affect a conveyance, except as otherwise provided by law, by
administrative order, or by a specific provision of this Covenant.

**ARTICLE IV**
**RE_RESTRICTIONS**

4.01 **Restrictions.** The following Restrictions on the FOSET Property (Areas 3,
5, 10, & 13) and the 2003 CRUP Property (Areas 1, 2, 6, 11 & 12) shall apply until the
RWQCB makes the written determination required by Section 6.03 below that the
necessary remedial actions have been completed or that the restrictions are no longer
necessary to protect human health or the environment:

(a) **Use Restrictions.** The FOSET Property and the 2003 CRUP Property
shall not be used for any of the following purposes:

(i) A residence including any mobile home or factory built
housing constructed or installed for use as residential human habitation;

(ii) Hospitals for humans, schools for persons under 21 years of
age, day care centers for children, or any permanently occupied human habitation.
(b) General Activity Restrictions. Without written approval of the RWQCB pursuant to Section 4.03 below, the Owner or Occupant shall not engage in any of the following activities in or on the FOSET Property or the 2003 CRUP Property:

(1) Remove and dispose of contaminated soil or groundwater unless in accordance with all applicable Federal, State and local regulations governing removal, transport, and disposal of hazardous substances and hazardous waste.

(2) Conduct dewatering activities unless in accordance with a RWQCB-approved dewatering workplan.

(3) Disturb or use existing groundwater monitoring wells and other test wells without the prior written approval of the RWQCB.

(4) Disturb or excavate soils greater than twenty-four (24) inches below ground surface for any purpose other than environmental investigation or remediation unless Owner or Occupant provides prior notice to, and obtains approval of, the RWQCB to the extent, and in the manner, such approval is required under an approved soil and groundwater management plan applicable to the relevant area and the proposed excavation is implemented in a manner consistent with the requirements of that soil and groundwater management plan; if the excavation is consistent with the requirements of the approved applicable soil and groundwater management plan, and that plan does not require additional prior approval by the RWQCB, then no such approval is required for the specific excavation work. If the RWQCB has not approved a soil and groundwater management plan applicable to the area, or if the proposed excavation is inconsistent with the requirements of the soil and groundwater management plan, Owner
or Occupant shall obtain RWQCB approval pursuant to Section 4.03(a) prior to disturbing any soils as described above.

(5) Install groundwater production wells nor use the groundwater for residential, municipal, agricultural, or industrial uses without the written approval of the RWQCB.

(c) UST -Related Activity Restrictions. Without written approval of the RWQCB pursuant to Section 4.03 below, the Owner or Occupant shall not engage in any of the activities set forth in subparagraphs (1), (2) and (3) below with respect to the USTs that are located within Disposal Areas 1 and 6 (as depicted generally on Exhibit B hereto). If an issue arises relating to what specific property the UST-related Activity Restrictions apply, the RWQCB may require the Owner or Occupant to properly identify such property through a survey or other appropriate means.

(1) Use or access USTs or property on or around the USTs for a distance of 150 feet from the perimeter of the UST for any reason in a manner that may disrupt the structural integrity of the USTs, unless a licensed structural engineer certifies that such use, in conjunction with any appropriate mitigation measures, would not adversely affect the structural integrity of the UST, and the local government entity that issues permits for the installation of USTs gives its prior approval for such use.

(2) Install, place, cover or load the top of any UST with any combination of structures, vehicles, or equipment, unless a licensed structural engineer certifies that such activity, in conjunction with any appropriate mitigation measures, would not adversely affect the structural integrity of the UST, and the local government
entity that issues permits for the installation of USTs gives its prior approval to such activity. This restriction shall apply to all USTs.

(3) **UST Removal.** Remove any UST, or disturb the soil in preparation for removing a UST, unless in accordance with a RWQCB-approved workplan for such removal or disturbance.

4.02 **Post-ROD Restrictions for Disposal Area 10 (IR Site 1).**

(a) Disposal Area 10 (as depicted generally in Exhibit B) shall not be used for any of the following purposes:

(i) A residence including any mobile home or factory built housing constructed or installed for use as residential human habitation;

(ii) Hospitals for humans, schools for persons under 21 years of age, day care centers for children, or any permanently occupied human habitation.

(b) **Activity Restrictions.** Without the written approval of the RWQCB pursuant to Section 4.03(a) below, the Owner or Occupant shall not engage in any of the following activities in Disposal Area 10 (as depicted generally in Exhibit B):

(i) Engage in any activity which disturbs, breaches, or otherwise affects the integrity of the soil cover;

(ii) Extract or use groundwater for any purpose other than monitoring, remediation, or construction dewatering.

4.03. **Procedures for obtaining RWQCB approval.**

(a) If the Owner or Occupant wishes to seek RWQCB approval to engage in an activity which is otherwise prohibited pursuant to Section 4.01(b) or 4.02(b), Owner or
Occupant shall make a written application to the RWQCB and obtain RWQCB approval before engaging in the activity and shall provide the RWQCB with information sufficient to demonstrate that engaging in the proposed activity would be protective of human health, safety and the environment and would not disrupt the environmental investigation or remediation activities planned in the Restricted Area where the proposed activity would take place. If the RWQCB concurs with this demonstration, it shall approve the application. The RWQCB may require appropriate conditions on the approval, including but not limited to, preparation and implementation of a soil and groundwater management plan as a condition of granting its approval, with which Owner or Occupant shall comply.

(b) The Owner or Occupant may prepare, and submit to the RWQCB for approval, a soil and groundwater management plan for part or all of the Property. The soil and groundwater management plan shall establish appropriate procedures and contingency plans designed to ensure that excavation and groundwater disturbance activities do not disturb investigation or remediation activities and do not exacerbate existing contamination, and to ensure proper handling of contaminated materials.

4.04. Non-interference with ongoing monitoring, assessment or the final remedy: Non-Disturbance. No Owner’s or Occupant’s construction activities and/or operations on the Property shall interfere with ongoing corrective actions including monitoring or assessment work or the final remedy being conducted by responsible parties. No Owner or Occupant of the Property shall act in any manner that will aggravate or contribute to the existing environmental conditions of the Property.
4.05 **Access for RWQCB.** The RWQCB shall have reasonable right of entry and access to the Property for inspection, monitoring, and other activities consistent with the purposes of this Covenant and the applicable Site Cleanup Requirements Order, as may be amended, as deemed necessary by the RWQCB to protect the public health or safety or the environment.

4.06. All uses and development of the Property shall preserve any remedial measures taken or remedial equipment installed, and any groundwater monitoring system installed on the Property pursuant to the requirements of the RWQCB, unless otherwise expressly permitted by the RWQCB.

ARTICLE V
ENFORCEMENT

5.01 **Enforcement.** Failure of the Owner or Occupant to comply with any of the restrictions shall be grounds for the RWQCB, by reason of this Covenant, to have the authority to require that the Owner modify or remove any Improvements constructed in violation of the Restrictions. Violation of the Covenant shall be grounds for the RWQCB to file civil actions against the Owner as provided by law.

ARTICLE VI
VARIANCE, TERMINATION AND RELEASE

6.01 **Variance.** The Owner, or with the Owner’s consent, any Occupant, may apply to the RWQCB for a written variance from the provisions of this Covenant. The RWQCB will grant the variance only after finding that such a variance would be protective of human health, safety and the environment. No variance, termination, release, or other terms of this Covenant shall extinguish or modify the retained interest
held separate and apart from this Covenant by the Navy in the 2003 FOST Deed and 2010 FOSET Deed and any amendments thereto.

6.02 Termination. The Owner, or with the Owner’s consent, any Occupant, may apply to the RWQCB for a termination of the restrictions or other terms of this Covenant as they apply to all or any portion of the Property. No variance, termination, release, or other terms of this Covenant shall extinguish or modify the retained interest held separate and apart from this Covenant by the Navy in the 2003 FOST Deed and 2010 FOSET Deed and any amendments thereto.

6.03 Release of Restrictions. Upon the RWQCB making a written determination that: (i) all removal or remedial actions required for any portion of the Property by the applicable Site Cleanup Requirements Order have been completed, or (ii) that any or all of the restrictions on the Property are otherwise no longer necessary to protect present or future human health or safety or the environment, the RWQCB shall promptly authorize a release for terminating this Covenant or the relevant restriction with respect to the relevant portion of the Property. No variance, termination, release, or other terms of this Covenant shall extinguish or modify the retained interest held separate and apart from this Covenant by the Navy in the 2003 FOST Deed and 2010 FOSET Deed and any amendments thereto.

6.04 Amendments. Any amendment to this Covenant must be approved and signed by both the RWQCB and the City.
ARTICLE VII
MISCELLANEOUS

7.01 No Dedication Intended. Nothing set forth in this Covenant shall be construed to be a gift or dedication, or offer of a gift or dedication, of the Property, or any portion thereof to the general public or anyone else for any purpose whatsoever.

7.02 Recordation. The Covenantor shall record this Covenant, with Exhibits A and B, in the County of Contra Costa within ten (10) days of the Covenantor’s receipt of a fully executed original.

7.03 Notices. Whenever any person gives or serves any notice ("Notice" as used here includes any demand or other communication with respect to this Covenant), each such notice shall be in writing and shall be deemed effective: (1) when delivered, if personally delivered to the person being served or to an officer of a corporate party being served, or (2) three (3) business days after deposit in the mail, if mailed by United States mail, postage paid, certified, return receipt requested:

To Owner:                        City of Richmond
                                      450 Civic Center Plaza

                                      Attention: Executive Officer

Any party may change its address or the individual to whose attention a Notice is to be sent by giving written Notice in compliance with this paragraph.
7.04 Partial Invalidity. If any portion of the Restrictions or other term set forth herein is determined by a court of competent jurisdiction to be invalid for any reason, the surviving portions of this Covenant shall remain in full force and effect as if such portion found invalid had not been included.

7.05 Exhibits. All exhibits referenced in this Covenant are deemed incorporated into this Covenant by reference.

7.06 Section Headings. The section headings set forth in this Covenant are included for convenience and reference only and shall be disregarded in the construction and interpretation of any of the provisions of this Covenant.

7.07 Representative Authority. The undersigned representative of each party to this Covenant certifies that he or she is fully authorized to enter into the terms and conditions of this Covenant and to execute and legally bind that party to this Covenant.

7.08 Statutory References. All statutory references include successor provisions.

7.09 Construction. Any general rule of construction to the contrary notwithstanding, this instrument shall be liberally construed in favor of the Covenant to effect the purpose of this instrument and the policy and purpose of the Water Code. If any provision of this instrument is found to be ambiguous, an interpretation consistent with the purpose of this instrument that would render the provision valid shall be favored over any interpretation that would render it invalid.
IN WITNESS WHEREOF, the Parties execute this Covenant.

SURROUNDING SITES: SEARCH RESULTS

Surrounding sites were identified in the following databases.

Elevations have been determined from the USGS Digital Elevation Model and should be evaluated on a relative (not an absolute) basis. Relative elevation information between sites of close proximity should be field verified. Sites with an elevation equal to or higher than the target property have been differentiated below from sites with an elevation lower than the target property. Page numbers and map identification numbers refer to the EDR Radius Map report where detailed data on individual sites can be reviewed.

Sites listed in bold italics are in multiple databases.

Unmappable (orphan) sites are not considered in the foregoing analysis.

STANDARD ENVIRONMENTAL RECORDS

Federal RCRA CORRACTS facilities list
CORRACTS: CORRACTS is a list of handlers with RCRA Corrective Action Activity. This report shows which nationally-defined corrective action core events have occurred for every handler that has had corrective action activity.

A review of the CORRACTS list, as provided by EDR, and dated 06/09/2015 has revealed that there is 1 CORRACTS site within approximately 1 mile of the target property.

Federal RCRA generators list
RCRA-LQG: RCRAInfo is EPA’s comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Large quantity generators (LQGs) generate over 1,000 kilograms (kg) of hazardous waste, or over 1 kg of acutely hazardous waste per month.

A review of the RCRA-LQG list, as provided by EDR, and dated 06/09/2015 has revealed that there is 1 RCRA-LQG site within approximately 0.25 miles of the target property.

RCRA-SQG: RCRAInfo is EPA’s comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Small quantity generators (SQGs) generate between 100 kg and 1,000 kg of hazardous waste per month.

A review of the RCRA-SQG list, as provided by EDR, and dated 06/09/2015 has revealed that there are 2 RCRA-SQG sites within approximately 0.25 miles of the target property.

RESPONSE: Identifies confirmed release sites where DTSC is involved in remediation, either in a lead or oversight capacity. These confirmed release sites are generally high-priority and high potential risk.

A review of the RESPONSE list, as provided by EDR, and dated 11/07/2015 has revealed that there is 1 RESPONSE site within approximately 1 mile of the target property.

ENVIROSTOR: The Department of Toxic Substances Control’s (DTSC’s) Site Mitigation and Brownfields Reuse Program’s (SMBRP’s) EnviroStor database identifies sites that have known contamination or sites for which there may be reasons to investigate further. The database includes the following site types: Federal Superfund sites (National Priorities List (NPL)); State Response, including Military Facilities and State Superfund; Voluntary Cleanup; and School sites. EnviroStor provides similar information to the information that was available in CalSites, and provides additional site information, including, but not limited to, identification of formerly-contaminated properties that have been released for reuse, properties where environmental deed restrictions have been recorded to prevent inappropriate land uses, and risk characterization information that is used to assess potential impacts to public health and the environment at contaminated sites.

A review of the ENVIROSTOR list, as provided by EDR, and dated 11/07/2015 has revealed that there are 4 ENVIROSTOR sites within approximately 1 mile of the target property.

State and tribal landfill and/or solid waste disposal site lists

SWF/LF: The Solid Waste Facilities/Landfill Sites records typically contain an inventory of solid waste disposal facilities or landfills in a particular state. The data come from the Integrated Waste Management Board’s Solid Waste Information System (SWIS) database.

A review of the SWF/LF list, as provided by EDR, and dated 08/17/2015 has revealed that there is 1 SWF/LF site within approximately 0.5 miles of the target property.

State and tribal leaking storage tank lists

LUST: The Leaking Underground Storage Tank Incident Reports contain an inventory of reported leaking underground storage tank incidents. The data come from the State Water Resources Control Board Leaking Underground Storage Tank Information System.

A review of the LUST list, as provided by EDR, and dated 10/21/2015 has revealed that there are 3 LUST sites within approximately 0.5 miles of the target property.
SLIC: SLIC Region comes from the California Regional Water Quality Control Board.

A review of the SLIC list, as provided by EDR, and dated 10/21/2015 has revealed that there are 3 SLIC sites within approximately 0.5 miles of the target property.

Site History: Port of Richmond Terminal 4 is owned by the Port of Richmond, and consists of two historic leaseholds adjacent to one another: the Vopak North America Inc. (Vopak) leasehold and the United Molasses Company leasehold. The Vopak leasehold consisted of approximately 9.5 acres of land used for a bulk oil storage facility and included a large quantity of aboveground tanks, related structures, and underground storage tanks. The United Molasses Company leasehold (see Geotracker case # T100000001311) consisted of approximately six acres of land hydraulically downgradient and southwest of the Vopak leasehold used for bulk storage, handling, and distribution of agricultural products in aboveground, underground storage tanks, and related structures. More details can be found in the Site Cleanup Requirements outlined in Order No. R2-2007-0067. Vopak and its predecessors, which include Dorward & Sons and Paktak California, began operating a bulk oil storage facility on its leasehold at the Site in 1917. Vopak and its predecessors stored products including, but not limited to, lubricating oils, gasoline, diesel fuel, neutral oil 100 and 500, Grade 4 oil, distillate oil, No. 5 fuel oil, No. 6 fuel oil, jet fuel, polybutane, toluene, xylene, linear alkylbenzenes, alcohols, animal and vegetable oils, liquid fertilizers, and phosphoric acids. The products were contained in approximately 100 aboveground storage tanks with a capacity ranging from 1000 to 3.9 million gallons, with a total capacity of 21,000,000 gallons. Vopak ceased operations in 2000, and demolished and removed the tanks by February 2001. An undetermined number of underground storage tanks were also located at the Site. Two former pipelines transported alkenes, propylene tetramer, and polymers from the neighboring Chevron Refinery to the Vopak facility. The pipelines were constructed, owned and operated by Chevron. United Molasses Company and its predecessors, PM Ag and Pacific Molasses Company, began operating on their Site leasehold in 1936. PM Ag and Pacific Molasses Company were engaged in aboveground bulk storage, handling, and distribution of commercial agricultural products. Products included coconut oil, lignin liquor, linseed oil, cane molasses, blackstrap molasses, beet molasses, and tallow. Two boilers were used to heat and improve the transfer of products. The boilers were fired by diesel or light heating oil stored in two underground storage tanks (one was partially buried), one of unknown size and one with a capacity of approximately 8,000 gallons. United Molasses Company removed the two underground storage tanks and eight aboveground storage tanks formerly containing agricultural products in the 1980s and 1990s, and ceased facility operations in 1993.

NFD POINT MOLATE SITE 1 - FORMER LANDFILL (Continued)

Potential Media Affected: Not reported
Potential Contaminants of Concern: Not reported
Site History:

Paper copy of a Record of Decision dated June 1, 2005, is available. The Site 1 landfill is located approximately 1,600 feet east of the San Francisco Bay, near the center of NFD Point Molate. From approximately 1957 until 1979, Site 1 was primarily used for disposal of construction and landscaping debris. The debris was deposited over a one-acre area. In 1998, an investigation was conducted to determine the general nature and extent of the waste in the landfill. The estimated volume of fill at Site 1 was 20,000 cubic yards (TIEMI 2001a). The soil cover for Site 1 was designed in 2001 and constructed in 2002. The soil cover is 3 feet thick, has drainage controls and a monitoring system, and was hydrosedemed with an annual native grass for erosion protection. The overall goal of the ongoing postclosure monitoring and maintenance program is to ensure the integrity, effectiveness, and long-term maintenance and performance of the Site 1 soil cover and drainage system and associated institutional controls established for the site.

Action: CA225NR - Stabilization Measures Evaluation, This facility is, not amenable to stabilization activity at the, present time for reasons other than (1) it appears to be technically, infeasible or inappropriate (NF) or (2) there is a lack of technical, information (IN). Reasons for this conclusion may be the status of, closure at the facility, the degree of risk, timing considerations, the status of corrective action work at the facility, or other, administrative considerations.

Site History: Chevron Products Company, a subsidiary of Chevron U.S.A. Inc. owns and operates the Richmond Refinery. The refinery, built in 1902, produces a broad range of fuels, lubricants, asphalt and petrochemicals. The 2,900-acre refinery is located along the southern shore of San Pablo Bay in Contra Costa County. The City of Richmond lies to the east of the facility. To the east and within one mile from the facility is industrial, residential, commercial and
agricultural land use. Certain wastes generated from the refinery’s processes have historically been deposited at various locations within the refinery. The refinery has multiple waste disposal units and release areas; there is no one single plume or source area. Each sector has unique hydrogeology and varying degrees of environmental concern. Chevron has subdivided the facility into nine geographic sectors, plus the former Pollard Pond. The sectors are as follows: Landfarms/Landfills Sector Castro Sector Main Yard Sector North Yard Sector Bayside Sector - North Bayside Sector - South Alkane Sector Effluent Sector Reclamation Sector Former Pollard Pond The current waste discharge requirements can be found in Order No. 00-043, which replaced orders established during 1990 to 1993. See ECM and Fortis for more documents. According to Order No. 00-043: *Chevron has implemented a corrective action program described in the report “Groundwater Protection System (GPS) Engineering Report” dated December 20, 1991 for the interception of contaminated groundwater from the facility prior to entering San Pablo Bay. The GPS is intended to be a hydraulic control measure composed of a varying combination of slurry wall, extraction trench and/or extraction wells. Groundwater extraction through the trenches and/or wells establishes and maintains a contiguous capture zone which prevents migration of potentially contaminated A-Zone groundwater past the GPS alignment. The slurry wall was installed where thick and/or highly permeable intervals of A-Zone fill soils are encountered. A low permeability Bay Mud “floor” inhibits transport of A-Zone contaminants to the underlying C-Zone in the “Flats Zone” of the Refinery. The Board, in Waste Discharge Requirements Order 93-109, determined that the GPS is a satisfactory corrective action measure for the containment and removal of contaminated groundwater along the perimeter of the facility adjacent to San Pablo Bay. In addition, Chevron will remediate any contamination at discrete sites within the facility according to a Free-Phase Hydrocarbon Recovery Plan and a Soils Management Plan, both of which are to be submitted pursuant to Provisions C.5 & C.7 of this Order, thereby maximizing the efficiency of the GPS as a corrective action. Approximately 24,700 linear feet of extraction trench, 15,185 linear feet of barrier wall, 200 extraction locations, and one groundwater treatment plant have been installed and are operating as of the first quarter of 2000. The extracted groundwater is routed to the refineries effluent treatment system and discharged in accordance with existing NPDES permit requirements.*

**Description:**
The flare gas recovery compressor is shut down on high temperature valve due to high concentration of nitrogen in the system. The gasses in the relief system are being burnt at the flare and the product of that combustion has generated more then 10 lbs of NO, no impact on the public other than visual. Flare between 6-8’.

Description: Possible release is due to the RLOP unit being warmed up and South ISOMAX unit being taken off recovery.

OES Incident Number: 08-2488
OES notification: 04/02/2008
OES Date: Not reported
OES Time: Not reported

Possible release is due to the RLOP unit being warmed up and South ISOMAX unit being taken off.
A hydraulic line leak on a vapor recovery arm was the cause of this release. Caller states the small release is boomed and is being padded for removal from the water.

The flare gas recovery compressor is shut down due to high concentration of nitrogen in the system. The gasses in the relief system are being burnt at the flare and the product of that combustion has generated more than 10 pounds of NO, no impact on the public other than visual. Flare between 6-8'.
