- ♦ Engineers' presentation at 10:30 a.m. in the classroom
- ♦ Light refreshments on the deck following the program

**FREE and open to the public!**

Free parking at McKay Avenue Visitor Center lot.

This Park District project will place some 82,000 cubic yards of sand along nearly 8,000 feet of beach between September and November. This will restore the beach to its original 1987 engineered footprint, protect the road and infrastructure, and improve enjoyment of the beach.
