

## EBRPD FUEL MANAGEMENT UPDATE

**BACKGROUND:** In 2010, the East Bay Regional Park District’s Board of Directors approved the Wildfire Hazard Reduction and Resource Management Plan (“Plan”) and the accompanying CEQA document which covers hill and shoreline parklands from Richmond to Castro Valley within the Measure CC funded area. The approved Plan is an integral component of the Park District’s Safe and Healthy Forests initiative for wildfire protection.

**PURPOSE:** The purpose of this work is to establish a zone of natural habitat that is resistant to wildfires. Hazardous wildland vegetation, including dense, overgrown brush and trees will be reduced in the wildland-urban interface near homes. Healthy native oak and bay trees will be preserved where feasible. The work is prescribed by FEMA and fully permitted by State and Federal environmental regulatory agencies. The Park District’s Fire Department is managing the implementation of this project while the Stewardship Department is coordinating project biomonitoring, resource protection, and regulatory compliance.

### Current Vegetation Removal Projects

Park	Treatment Area	Location	Link to Prescription	Status
Anthony Chabot	AC012	Lost Ridge Camp	<a href="#">AC012</a>	Initial Treatment Complete
Anthony Chabot	AC013	Group Camp Kiosk	<a href="#">AC013</a>	Initial Treatment Complete
Anthony Chabot	AC014	Quail Trail/Towhee Trail	<a href="#">AC014</a>	Initial Treatment Complete
Tilden	TI012	Summit Road	<a href="#">TI012</a>	Initial Treatment Complete
Wildcat Canyon	WC003	Jerilynn Ave	<a href="#">WC003</a>	Initial Treatment Complete
