Thursday Birding- Raptor Baseline September 29th 9:00-11:30am

The morning (eastern) side of Mount Diablo hosts a magnificent array of birds of prey: hawks, falcons, eagles. Help us document their variety and numbers in this fun, social citizen science research project. No experience necessary - we'll teach you how to identify these birds. We'll meet at a different park on the last Thursday of each month. Join in for one or all.
