Programs are available at the following East Bay Regional Parks: Anthony Chabot, Elsie Roemer Bird Sanctuary, Encinal Beach, Lake Chabot, Leona Canyon, MLK Jr. Shoreline, Oyster Bay Shoreline, Redwood, Roberts, Sibley, Temescal	<u>Location:</u> Various (see description)
COYOTE HILLS PROGRAMS		
Ohlone Cultural Program	Learn about Native People, their connection to the land and natural resources, and traditional skills. Using hands-on activities and time outdoors, students will explore artifacts, specimens, and tools that Native People still use today.	<u>Location:</u> Coyote Hills Regional Park & Visitor Center (Fremont)
Wetland Wonderers	Explore the wetlands of Coyote Hills and learn the types of plants and animals in wetland habitats. Meet animal ambassadors, explore specimens, and get time outside in this adaptable, exploration-heavy, and sensory-engaging program.	
DEL VALLE PROGRAMS		
Discover Del Valle	Discover how water, wildlife, and wilderness come together at the lake. We'll walk through the new Del Valle Visitor Center and head out on a walk with a lake view through the shade of trees.	<u>Location:</u> Del Valle Regional Park (Livermore)
Nature Walk & Talk	Topics from animal homes and adaptations, bird life, creek critters, and lake ecology are a few of the many possible programs that naturalists can customize for your needs on a variety of trails in the park.	
SUNOL PROGRAMS		
Naturalist Nature Exploration	Join a naturalist on the trail as you search for wildlife, discover native plants, and connect to your park! Programs are geared to what you're learning in class while routes and times can be modified for the students' age group.	<u>Location:</u> Sunol Regional Wilderness (Sunol)
Sunol History Exploration	Learn about the diverse cultural history of the land from the first peoples, Mexican rancheros, and European farmers. Discover evidence in the landscape of how many cultures have thrived throughout with the hills and valleys we now call Sunol.	
TILDEN PROGRAMS		
Explore Tilden	Are you curious about nature and the history of the land? We will go on a nature walk and explore the Little Farm, where we'll meet farm animals and learn the importance of agriculture in our daily lives.	<u>Location:</u> Tilden Nature Area (Berkeley)
Nature Walk	Meander the trails at Point Pinole Regional Shoreline through breezy meadows, aromatics eucalyptus woods, and along bluffs and beaches, investigate the rolling hills of Briones Regional Park, or see the beautiful views at Miller Knox Regional Shoreline. Explore nature, learn about the Bay, and discover your area's rich history.	Various Parks in Pinole, Martinez, Lafayette, and Richmond

## Community Outreach Virtual Programs

### ARDENWOOD PROGRAMS

Explore Ardenwood	Get a glimpse into life on an 1890s farm, as costumed naturalists demonstrate some typical farm tasks, and give you a virtual visit with some farm animals.
-------------------	---

### BIG BREAK PROGRAMS

Meet the Delta	Come share the sights, sounds, and stories of the Delta on a virtual tour of the shoreline. We will explore the Delta exhibits at the visitor center and head out on a wetland exploration to the waterfront.
----------------	---

### BLACK DIAMOND PROGRAMS

Virtual Mine Tour	Dive into the depths to discover the history hidden underground. Join a naturalist on this virtual tour to learn about coal and sand mining in the Bay Area.
Animals & Their Habitats	Explore how the animals of Black Diamond Mines find everything they need to live, grow, and thrive. Learn about the different habitats that make this park so special and what adaptations the local animals use to meet their basic needs.

### COYOTE HILLS PROGRAMS

Cultural History of Ohlone Peoples	Learn about Native People, their connection to the land and natural resources, and traditional skills. We'll explore artifacts, specimens, and tools that Native People still use today.
Natural History of Plants & Animals	Explore the wetlands of Coyote Hills and its inhabitants to learn ways to conserve natural resources. We'll learn the types of plants and animals in wetland habitats and how they have adapted to survive.

### DEL VALLE & SUNOL PROGRAMS
