The Fungus Among Us IN PERSON PROGRAM

Interpretive Staff
Every Saturday & Sunday
11:00am & 2:00pm (1 hr. program)
No programs on 12/25

With some cooler weather, and the typical Tule fog rolling in along the Delta as we move into Winter, there is more moisture in the air. You may have noticed mushrooms, or fungi popping up out of the damp soil along the trails in the park, or even in your nearby neighborhoods. If you're curious about why we are currently seeing fungus all among us, come join us at Big Break! We'll learn about the fungi life cycle, and their importance to us, and the natural world that they are interconnected with.

Program material is geared to children (6-13) and their caretakers. However, all are welcome!

Registration required.
Fee: Free Program

Visitor Center Hours
