Be a Pup Pro – The Park District is one of the most dog-friendly districts in the nation, with many parks allowing off-leash dogs in designated areas. To help keep trails and parks enjoyable for everyone, including pups and park-goers, the Park District launched the “Be A Pup Pro” public information campaign urging dog owners to be respectful, follow dog rules, and share parks with others. #PupPro

## Parks Are Essential

**Wildfire Preparedness Month** – The height of fire season is typically October when the heat of summer has dried out vegetation, and hot, dry Diablo winds from the east create dangerous fire conditions. To reduce fire risks, the Park District grazes approximately 65 percent of parklands with cattle, goats, and sheep throughout the year. Grazing cattle play an important role in wildfire protection as “Four-Hoofed Firefighters” that reduce flammable grass and brush in parks.
