PROJECT DESCRIPTION

The East Bay Regional Park District (Park District) is soliciting proposals for Federal legislative and policy advocacy consultant(s) to provide assistance in introducing, supporting and tracking legislation and maintaining relationships with elected and agency offices in Washington, D.C.. The consultant(s) are expected to provide grant support, letter writing, committee hearing attendance, support for annual Park District Board Advocacy Conference, and regular reports on relevant issues and bills. The consultant or consultants will support the Government Affairs staff with the Park District and, as requested, attend Board of Director meetings and/or Committee meetings. The Park District is interested in a consultant with a demonstrated expertise and experience in the technical aspects of strategic advocacy and engagement. Specifically, the Park District is seeking a consultant that possesses strong relationships with the Department of Interior and other Federal agencies, as well as relevant Senate and House Committees and Subcommittees. The Park District seeks a consultant or consultants who can work effectively and strategically to achieve advocacy success and relationship building.

BACKGROUND ON THE PARK DISTRICT

The Park District is a system of beautiful parklands in Alameda and Contra Costa counties to the east of San Francisco, California. The system comprises of 73 parks spanning across 125,000 acres; 1,250 miles of trails; 55 miles of shoreline. The Park District manages and preserves natural and cultural resources for all to enjoy and protect. The regional parks are ideal for healthful recreation and environmental education.

The Mission statement defines the essential role of the Park District:

The East Bay Regional Park District preserves a rich heritage of natural and cultural resources and provides open space, parks, trails, safe and healthful recreation and environmental education. An environmental ethic guides the District in all of its activities.

The Vision statement sets the direction, values and objectives of the Park District:

The Park District envisions an extraordinary and well-managed system of open space parkland in Alameda and Contra Costa counties, which will forever provide the opportunity for a growing and diverse community to experience nature nearby.

HISTORY OF GOVERNMENT AFFAIRS AT THE PARK DISTRICT

The unique nature of the East Bay Regional Park District began in 1934 when, in the midst of the Depression, voters imposed a tax of 5¢ for every \$100 of property owned to fund the creation of a Public Resources Code 5500 Special Park District in the East Bay. This vote was precipitated by a survey commissioned by the Olmsted Brothers and Ansel F. Hall which highlighted the need to preserve land as parks. Women's groups in the 1930's notably advocated to turn out the vote through lunches with elected officials. In 1936, the Park District started with three parks spanning 2,166 acres. All three parks were located in Alameda County. From 1934 - 1939 the Park District provided work for Civilian Conservation Corps and Works Progress Administration crews, whose skilled work can still be found in District infrastructure today. The Park District's growth would not be possible without the public support it relies on for funding. Currently, 87% of the Park District's funding base comes from property tax, while the remainder comes from robust state and federal grants, as well as local parcel tax and bond measures.

Community support continued to grow as the Park District delivered on services and projects benefitting the public as the East Bay became increasingly urbanized. In 1988, over two thirds of voters in Alameda and Contra Costa counties voted to pass Measure AA which provided \$225 million in bond funding for the Park District and local parks. This was the first bond measure for the acquisition and preservation of thousands of acres of land. In 2008, 72% of voters chose to extend the bond measure by passing Measure WW, providing \$500 million in bonding authority. Measure WW included \$125 million for a local grant program which benefitted municipal park departments and unincorporated areas of both counties during the recession. Also, voters in the northwestern area of the Park District supported a parcel tax to fund, maintain and enhance services, and provide staff by voting for Measure CC in 2004 and extending the tax with an 85.6% vote for Measure FF in 2018.

The Park District's mission to preserve a rich heritage of natural and cultural resources and to provide open space, parks, safe trails, essential healthy activity and environmental education is meaningful to the growing and diverse communities of Alameda and Contra Costa counties. Increasing opportunities to provide welcoming visitor use facilities is a primary goal of the Park District's advocacy. To ensure this, the Park District has employed surveys since 1976 to understand the community's needs and interests. The first survey identified a 94% user satisfaction rate of visitors. In compliment, a 2023 scientific survey of East Bay residents confirmed 91% of respondents agree East Bay parks are welcoming to people like them, 94% agreed they are a valuable public resource and 89% agreed they hold a sense of ownership of these parks and agree they are theirs to care for and enjoy.

The Park District is governed by a seven member, publicly elected Board of Directors who each serve four - year terms. Each Director represents a specific geographic area of the Park District known as a Ward. Currently, Wards consist of approximately 400,000 individuals, roughly the same size as a state Assembly district. Directors must be a resident of their Ward to serve on the Board. The Board appoints a General Manager, who is responsible for leading the Park District. The tenth General Manager, Sabrina Landreth, was appointed in March 2021.

Service #2 Federal Emergency Management Agency (FEMA) Assistance

PARK DISTRICT CHALLENGE:

The Park District's 125,000 acres are impacted by events – fire, flooding, drought stress, high winds, etc. – which trigger FEMA's assistance. When Park District lands and waters are damaged to an unsafe level, they must be closed to the very public which pays for them. Increasingly, it has been challenging for the Park District to secure FEMA's approval to initiate repair work. In addition to last winter's atmospheric river storm damages, there are still a number of projects from the 2017 winter storms which have not been approved.

PARK DISTRICT OBJECTIVE:

Secure FEMA project approval, assistance and financial reimbursement in a timely manner so parklands and trails can be re-opened for the public.

ROLE OF CONSULTANT:

Develop and implement strategy to secure FEMA assistance in a timely manner. Consider reform legislation as part of the strategy. Develop relationships with FEMA executive staff and political appointments.

Service #3: Support for Wildfire Resilience

PARK DISTRICT CHALLENGE:

The Park District manages over 3,000 acres in the wildland-urban interface of the East Bay hills. There is an adopted environmentally approved vegetation management plan for these lands which needs on-going funding and support. The Park District has identified over a million dead trees, mostly flammable eucalyptus on its lands in need of removal. In addition, the Park District manages over 80,000 acres of grasslands which are susceptible to fire during the dry season.

PARK DISTRICT OBJECTIVE:

Develop and implement a more holistic strategy to secure at-scale funding for ecologically sensitive vegetation management. Implement strategies for grasslands management including grazing and pond restoration.

ROLE OF CONSULTANT:

Assist in securing funding and increasing awareness of the Park District's history and work in wildfire resilience, including developing stronger relationships with the Administration, House and Senate Committee staff.

Service #4: Support for Permitting Reform

PARK DISTRICT CHALLENGE:

Land management agencies are held to the same standard as private developers under the National Environmental Policy Act for projects involving resource conservation, restoration and public access to the outdoors

PARK DISTRICT OBJECTIVE:

In order to address the changing climate, nature-based solutions are needed. Projects which build resilience and meet the goals of 30x30 should be permitted quickly to help adapt to and mitigate for climate impacts.

ROLE OF CONSULTANT:

Develop and implement strategy to introduce pilot legislation supported by the current Administration which recognizes the role of land management agencies in providing resilient, nature-based land management services.

Service #5: Land and Water Conservation Fund Updating

PARK DISTRICT CHALLENGE:

An agency cannot use multiple Land and Water Conservation Fund (LWCF) grants for the same project. As an example, if a project received \$500,000 in the 1980s, but needs additional funding today it would not be eligible.

PARK DISTRICT OBJECTIVE:

Create opportunities for a project to receive funding more than once over a certain period of time.

ROLE OF CONSULTANT:

Develop strategy for increased eligibility of Land and Water Conservation Fund monies for previously designated projects and increase the overall authorization of LWCF funding.

To the extent that this Agreement may be funded by fiscal assistance from another governmental entity or public grant program, Consultant and any subconsultants shall comply with all applicable rules and regulations to which District is bound by the terms of such fiscal assistance program.

15. Nondiscrimination.

During the performance of this Agreement, Consultant and Consultant's sub-consultants agree as follows:

- a. Contractor and Contractor's subcontractors will not discriminate against any employee or qualified applicant for employment on the basis of any legally protected classification including but not limited to sex, race, gender identity, creed, color, ancestry, religion, national origin, ethnic group identification, age, disability, medical condition, genetic information, marital status, or sexual orientation. Contractor and any subcontractors agree to comply with all nondiscrimination requirements for public contracting under State and Federal law. Contractor and Contractor's subcontractors will take affirmative steps to ensure that qualified applicants are employed and that employees are treated during employment without regard to their sex, race, gender identity, creed, color, ancestry, religion, national origin, ethnic group identification, age, disability, medical condition, genetic information, marital status, sexual orientation or any other legally protected classification. This equal treatment will apply but not be limited to, the following: upgrade, demotion, transfer, recruitment, recruitment advertising, layoff, termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship. Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices setting forth the provision of this non-discrimination clause.
- b. Contractor and Contractor's subcontractors will, in all solicitations or advertisements for employees placed by or on behalf of Contractor, state that all qualified applicants will receive consideration for employment without regard to sex, race, gender identity, creed, color, ancestry, religion, national origin, ethnic group identification, age, disability, medical condition, genetic information, marital status, sexual orientation, or any other legally protected classification.

- c. Contractor and Contractor's subcontractors will send to each labor union or representative of workers with which he/she has a collective bargaining agreement or contract or understanding, a notice advising the labor union or workers' representative of Contractor's commitments under this non-discrimination clause.

16. Labor Code/Prevailing Wages.

To the extent applicable, Consultant and Consultant's subconsultants shall comply with the requirements of the California Labor Code including but not limited to hours of labor, nondiscrimination, payroll records, apprentices, workers' compensation, and payment of prevailing wages as determined by the Director of California Department of Industrial Relations, pursuant to the Director's authority under Labor Code Section 1770 et seq. To the extent applicable, Consultant shall post a copy of the prevailing rate of per diem wages at each job site. Consultant shall forfeit fifty dollars (\$50) for each calendar day or portion thereof for each worker paid less than the stipulated prevailing rates for any public work done under the Agreement by it or any subconsultant.

An error on the part of an awarding body does not relieve the Consultant from responsibility for payment of the prevailing rate of per diem wages and penalties pursuant to Labor Code Sections 1770-1775. The District will not recognize any claim for additional compensation because of the payment by the Consultant for any wage rate in excess of prevailing wage rate set forth. The possibility of wage increases is one of the elements to be considered by the Consultant. Consultant shall defend, indemnify and hold harmless the District for any costs, claims and expenses arising from the failure of Consultant or Consultant's subconsultants to pay applicable prevailing wage rates.

17. Indemnification.

- a. Separate Professional Liability (PL) Indemnity. To the fullest extent permitted by law, including without limitation California Civil Code Section 2782 and 2782.8, and with respect to the performance of professional services, Consultant agrees to indemnify and hold harmless District, its officers, employees, authorized agents/volunteers, and invitees (collectively, the "District Indemnitees"), from and against any claims, damages, losses, demands, liabilities, judgments, settlements, expenses, and costs (including reasonable and necessary attorneys' fees, costs and expenses) to the extent caused by Consultant's negligent acts, errors or omissions or willful misconduct in the performance of services under this Agreement and anyone for whom Consultant is legally liable. Consultant has no obligation to pay for any of District Indemnitees defense related cost prior to a final determination of liability, or to pay any amount that exceeds Consultant's finally determined percentage of liability based upon the comparative fault of Consultant.
- b. Separate Other than Professional Liability (OPL) Indemnity. As respect to its operations, other than the performance of professional services, Consultant agrees to indemnify, hold harmless and defend District with counsel approved by District, the District Indemnitees, from and against any damages, liabilities, judgments, settlements, costs, claims, demands, actions, suits, losses, and expenses (including

reasonable and necessary attorneys' fees, costs and expenses) arising out of the death or bodily injury to any person or destruction or damage to any property, to the extent caused by Consultant's negligent acts, errors or omissions or willful misconduct in the performance of services under this Agreement and anyone for whom Consultant is legally liable.

- c. Common PL & OPL Indemnity Provisions. Consultant's obligations under this Section 17 shall not apply when (1) the injury, loss of life, damage to property, or violation of law arises from the gross negligence or willful misconduct of the District or its officers, employees, agents, or volunteers and (2) the actions of Consultant or its employees, subcontractor, or agents have contributed in no part to the injury, loss of life, damage to property, or violation of law. It is understood that the duty of Consultant to indemnify and hold harmless under Section 17(b) includes the duty to defend as set forth in Section 2778 of the California Civil Code. Acceptance by District of insurance certificates and endorsements required under this Agreement does not relieve Consultant from liability under this indemnification and hold harmless clause. This indemnification and hold harmless clause shall apply to any damages or claims for damages whether or not such insurance policies shall have been determined to apply. By execution of this Agreement, Consultant acknowledges and agrees to the provisions of this Section and that it is a material element of consideration.
- d. 18. Insurance.

- a. Consultant shall procure and keep in force during the term of this Agreement, at Consultant's own cost and expense, the following policies of insurance with companies licensed to do business in the State of California, which are rated at least "A" or better by A.M.  - b. Each of the above policies must contain a provision that the policy shall not be cancelled or the terms or conditions thereof materially changed without thirty (30) days’ prior written notice to District. No cancellation provision in any insurance policy shall be construed in derogation of the continuous duty of Consultant to furnish the required insurance during the term of this Agreement.

- l. In case of the breach of any provision of this section, District may, in addition to any other remedies it may have, at District's option, take out and maintain, at the expense of Consultant, such types of insurance in the name of the Consultant as District may deem proper and may deduct the cost of taking out and maintaining such insurance from any sums which may be found or become due to Consultant under this Agreement or may demand Consultant to promptly reimburse the District.
