

Follow these COVID protocol when Volunteering at the Park District

The safety of Park District employees and volunteers is our top priority. This message is to be posted by Park District staff to reduce potential exposure to COVID-19. Public health agencies report nearly half of those testing positive for COVID-19 have mild or no symptoms. Preventative measures are required.

All Volunteers **MUST** follow this protocol while Volunteering.

- ❑ **DO NOT VOLUNTEER IF FEELING ILL**, this includes, but is not limited to experiencing any of the following COVID-19 symptoms:
 - Fever, cough, shortness of breath, chills, muscle pain, headache, sore throat, and/or new loss of taste or smell.
- ❑ **Complete the self assessment questionnaire and sign-in, ONLY when volunteering indoors.**
 - Wear a face covering until assessment has been completed
 - Confirm temperature <100.4 within 1 hour prior to entry and sign the entry sign in sheet.
- ❑ **Use a hand-sanitizing agent before using tools or shared materials.**
 - Wash your hands with soap and water for 20 seconds after the event.
- ❑ **Please consider wearing a face covering**
 - Face covering, while not mandatory, can reduce exposure to COVID 19.
- ❑ **When possible, maintain at least 6-foot distance from others.**
- ❑ **The Park District strongly recommends that volunteers complete their COVID Vaccines.**

By joining this volunteer event, you acknowledge you have reviewed the EBRPD Volunteer COVID Protocol and that you agree to implement best practices for avoiding the spread of COVID-19.
