REVENUE/COST

The proposed measure would annually generate approximately $3.3 million in revenue for the District, for 20 years, beginning in FY 2020-21, if approved by more than two-thirds of the voters within the CFD at the Tuesday, November 6, 2018 election. This is the same annual revenue that the current Measure CC generates.

The cost of forming CFD No. A/C-3 is expected to be $100,000, which includes the costs of using NBS as Special Tax Consultant, Meyers Nave as Special Counsel, and SRI Consulting for polling and research. Funding is budgeted in the General Manager’s, Management Services’ and Legal Division’s budgets. The cost of the election for the extension remains to be determined but is estimated to be between $1.2 and $1.5 million. Funds for election costs are available in the General Fund reserves and will be appropriated by the Board of Directors as necessary. The measure is expected to provide approximately $65.7 million in revenues over the 20-year life of the measure. The use of the tax revenues would be restricted to the purposes described in the Resolution of Formation and the Expenditure Plan and would be managed as an account separate from the District's General Fund.

BACKGROUND

In 2004, more than two-thirds of the voters in the boundary of “Zone 1”, which includes the cities and communities of Alameda, Oakland, Piedmont, Albany, Richmond, San Pablo, El Sobrante, Kensington, Berkeley, Emeryville, and El Cerrito, approved Measure CC which levied a $12 per year tax on single-family parcels and $8.28 per year tax on multi-family units. Measure CC expires in 2020. Zone 1 is the same territory and boundary as the proposed CFD No. A/C-3.

Since its adoption, funding from Measure CC has supported police protection at shoreline and urban regional parks and catastrophic fire prevention in the East Bay Hills, with more than 500 acres of hazardous vegetation thinned or removed. It has enhanced public access to parks by allowing upgrades to regional parks and trails, including visitor centers, staging areas, picnic tables,
restrooms, and water fountains. Over 30% of the measure’s revenue has been used for resource-related investments, funding the enhancement and conservation of natural areas including shorelines, marshes, wetlands and urban creeks; protection of sensitive habitat for endangered species; and preparing parks and the surrounding communities for the future impacts of climate change. The District has been able to leverage Measure CC revenues with over $34 million in grant funding to create and enhance quality public access and recreational opportunities for visitors.

There are 22 parks in CFD No. A/C-3 including Alameda Point, Anthony Chabot, Crown Beach/ Crab Cove, Gateway, Kennedy Grove, Lake Chabot, Leona Canyon, Martin Luther King, Jr., McLaughlin Eastshore, Miller-Knox, Point Isabel, Point Molate, Point Pinole, Redwood, Roberts, Sibley/ Huckleberry/ Claremont Canyon, Sobrante Ridge, Temescal, Tilden, and Wildcat Canyon. These include the oldest parks in the District, a number of which were established over 80 years ago. The natural and built infrastructure in these parks averages over 60 years old, and will continue to need proactive investments.

CFD No. A/C-3 includes the District’s most populous region and heavily used parks. Virtually every resident in Zone 1 lives less than 10 miles from a regional park and/or trail. Numerous studies demonstrate the benefits of parks and natural areas on mental and physical health as well as social well-being. (www.hphpbayarea.org/health-benefits). Demand for parks and outdoor recreation is greater than ever. In order to continue to fund the essential park programs and services funded by Measure CC, the District has, for the past several years, been contemplating placing an extension before the voters. The District has conducted numerous public meetings, workshops, surveys, committee meetings, and other outreach activities to discern the interests of the community with respect to continuing the local funding for park infrastructure, maintenance, safety, and services in the Measure CC Zone. In response to positive public interest, the District assembled a Commitment List and Proposed Use of Funds attached to the Expenditure Plan reflecting the projects and services that would be funded by an extension of Measure CC.

Formation of Community Facilities District No. A/C 3

In developing a ballot measure, the District’s special tax advisors and legal counsel recommended that a “CFD” be formed encompassing the same territory and boundary as the Measure CC Zone 1. The Mello-Roos Community Facilities Act of 1982 (sections 53311 and following, California Government Code, hereinafter “the Act”) authorizes the District to form a CFD and levy special taxes in a specific area. The CFD Boundary Map and the Rate and Method of Apportionment are designed to replicate Measure CC with the same boundaries and territory and the same special tax levy of $12.00 per dwelling unit for single-family residential properties and $8.28 per dwelling unit for multi-family residential properties.

The services to be funded by the special tax are set forth in the Description of Services “Exhibit B” to the Resolution of Formation and include maintenance, improvement, and servicing of parklands, trails, open space, and related parkland access improvements; public safety protection services; recreation and open-space program services; flood and storm protection services; maintenance and operation of District property including open space; and the construction,
expansion, improvement, or rehabilitation of District property including park, recreation, open space, and flood and storm protection facilities.

The CFD will be named CFD No. A/C-3 to reflect that it will serve Alameda and Contra Costa Counties. This is the third CFD established by the Board of Directors.

To-date, the following actions have been taken to form CFD NO. A/C-3:

- Local Goals and Policies adopted by the Board of Directors on June 16, 2015.
- The Resolution of Intention, which includes the proposed boundaries of CFD No. A/C-3, the description of services to be funded, the Rate and Method of Apportionment (RMA), and the dates for public hearing, approved by the Board of Directors on May 1, 2018.
- The Boundary Map for CFD No. A/C - 3 recorded with the County Recorders of Alameda County and Contra Costa County on May 2, 2018.
- Notice of Public Hearing regarding the District’s intention to form CFD No. A/C–3 published in newspapers, serving both counties, the week of May 18, 2018.

The next steps include holding a noticed public hearing on June 5, 2018 where written and oral protests against the proposed CFD may be made. If 50% or more of the registered voters within the CFD No. A/C-3 boundary or the owners of one-half or more of the area of land within the proposed boundaries (and not exempt) file written protests, the proceedings must be abandoned. In the absence of a majority protest, then following the public hearing, if the Board of Directors determines to proceed, the Board will consider and adopt the attached three resolutions.

Expenditure Plan Including Commitment List and Proposed Use of Funds

The Expenditure Plan replicates the principles of the Measure CC spending plan so that the special tax will be administered in the same manner as Measure CC. Included in the Expenditure Plan is the Commitment List and Proposed Use of Funds which was developed with input developed after extensive community workshops, stakeholder discussions, and solicitation of public comments.

On January 16, 2018, the Board of Directors by Resolution No. 2018-1-007 adopted the Draft Commitment List and Proposed Use of Funds. On May 18, 2018, the Board Legislative Committee recommended that the full Board of Directors approve a revised Commitment List and Proposed Use of Funds. The revisions to the Commitment List and Proposed Use of Funds now reflects a tax horizon of 20 years and updated allocations. The staff presentation at the Board of Directors meeting will discuss the revisions to the proposed Commitment List and Proposed Use of Funds.

The Commitment List is consistent with the District’s Master Plan and deemed necessary to provide continuing and enhanced levels of service and park projects in CFD No. A/C-3 for purposes of wildfire protection, safe parks and trails, public access, and natural habitat, among other things. The Commitment List continues local grant funding for the Oakland Zoo which was included in Measure CC. The Commitment List and Proposed Use of Funds identifies that the current allocation of the proceeds from the special tax is as follows:
<table>
<thead>
<tr>
<th>Natural Resource Related</th>
<th>40%</th>
</tr>
</thead>
<tbody>
<tr>
<td>Safety, Access, Facility Improvements</td>
<td>50%</td>
</tr>
<tr>
<td>10% Contingency</td>
<td>10%</td>
</tr>
<tr>
<td>Total</td>
<td>100%</td>
</tr>
</tbody>
</table>

The approval of the Expenditure Plan does not guarantee that each and every project or program on the Commitment List and Proposed Use of Funds will be completed or undertaken in the timeframe proposed. The Board may amend the Expenditure Plan and make adjustments reflecting opportunities that arise over the life of the Expenditure Plan that are found to be beneficial for resource enhancement or public access and safety projects but are not necessarily identified on the Commitment List. The Expenditure Plan commits that a minimum of 30% of proceeds from the special tax shall be used for natural resource related projects, programs or services over the life of the measure.

The Expenditure Plan also provides that the Board of Directors will annually review project selections and allocations funded by the measure. Each year there will be an annual report and public accounting of the use of funding during the past year and approval of the funds for the next year. Funds from the proceeds of the tax levied may be spent only in the territory or vicinity of CFD No. A/C-3.

**Statement Regarding the Annual Appropriations Limit and Accountability Measures**

Subject to voter approval, the Resolution of Formation authorizes the levy of a specified tax on property within CFD No. A/C-3 and preliminarily established an appropriations limit pursuant to the Act. If voters approve the measure, the initial annual appropriations limit for the CFD, as defined by the California Constitution, shall be an amount equal to $3.3 million. In the Resolution adopting the Expenditure Plan, the Board will also be approving a Statement Regarding the Annual Appropriations Limit and Accountability Measures. The Statement describes the appropriations limit and provides that it will be adjusted annually in accordance with the provisions of the Act and the California Constitution. The Accountability Measures provide that in accordance with section 50075.1 of the Government Code: (a) the facilities and services that may be financed with the special tax constitute the purposes of the special tax; (b) the proceeds of the special tax shall only be applied to the specified purposes; (c) that the funds shall be deposited into a special account; and (d) that there shall be an annual report regarding the special tax funds.

**Ordering and Giving Notice of an Election**

The Resolution Ordering and Giving Notice of an Election serves to call for the election and places the measure on the ballot in CFD No. A/C-3. The election will be consolidated with the Statewide General Election to be held on Tuesday, November 6, 2018.
The form of the 75-word question to be printed on the ballot is included in the Resolution Ordering and Giving Notice of an Election and reads as follows:

**Wildfire Protection, Safe Parks/Trails, Public Access, Natural Habitat**

Without increasing tax rates, to protect against wildfires; enhance public safety; preserve water quality, shorelines, urban creeks; protect redwoods and parklands in a changing climate; and restore natural areas, shall East Bay Regional Park District be authorized to extend an existing parcel tax of $1 monthly ($12/year) per single-family parcel and 69¢ monthly ($8.28/year) for multi-family units, raising approximately $3.3 million annually, to expire in 20 years?

The Resolution authorizes the Board President to prepare and file a written argument in favor of the measure on behalf of the Board and authorizes the Board President, in his discretion, to allow members of the Board, bona fide associations or voters within the CFD to sign the argument in favor. The President of the Board is also authorized to submit a rebuttal argument on behalf of the Board of Directors, which may also be signed by members of the Board, by representatives of bona fide associations or by individual voters who are eligible to vote on the measure, which may be different from those who signed the primary argument. The same argument will appear on the ballot in both counties.

The County Election Officials are allowed by law to pass on election costs to the local agencies submitting measures and/or candidates for the ballot. Final billing for the costs will take place after the elections. The Resolution Ordering the Election commits the District to paying the counties for the cost of administering the election which is estimated to be between $1.2 to $1.5 million.

**California Environmental Quality Act (“CEQA”)**

The District has identified the uses to which it will utilize the tax proceeds; however, approval of the Expenditure Plan is not a commitment to a specific project that will affect the environment. To the extent that a use of tax proceeds described in the Expenditure Plan would constitute a project within the meaning of the CEQA, those projects will be subject to environmental review pursuant to CEQA at the earliest feasible time prior to the Board of Directors approving any particular project, consistent with CEQA Guidelines sections 15004 and 15352. Approval of the Expenditure Plan is not itself a project as it can be seen with certainty that there is no possibility that the approval of the Expenditure Plan itself may have a significant effect on the environment.

**Next Steps**

Following adoption of these three resolutions, the next steps of the CFD NO. A/C-3 formation process and the election are as follows:
- Aug. 10, 2018 – Deadline for requesting consolidation of the election.
- Aug. 17, 2018 – Primary Argument submission deadline.
- Nov. 6, 2018 – Election Day.
- Nov. 20, 2018 – Or as soon as election results are certified, Board of Directors considers the Resolution Declaring the Results of the Election. Adoption of Ordinance Levying Special Taxes within CFD No. A/C-3.
- Feb. 4, 2019 – Notice of Special Tax Lien recorded with Alameda and Contra Costa Counties.

<table>
<thead>
<tr>

</tr>
</thead>
<tbody>
<tr>
<td>Single-Family Residential Property</td>
<td>$12.00 per Dwelling Unit</td>
</tr>
<tr>
<td>Multi-Family Residential Property</td>
<td>$8.28 per Dwelling Unit</td>
</tr>
</tbody>
</table>

D. METHOD OF APPORTIONMENT OF THE SPECIAL TAX

The Special Tax shall be levied each Fiscal Year by the CFD Administrator. The Special Tax Requirement shall be apportioned to each Assessor’s Parcel of Taxable Property within CFD No. A/C-3 by the method shown below.

First. Determine the Special Tax Requirement.

Second. Levy the Special Tax on each Assessor’s Parcel of Taxable Property, Proportionately, up to the Maximum Special Tax Rates described in Section C to satisfy the Special Tax Requirement.

Notwithstanding the above, under no circumstances will the Special Tax levied in any Fiscal Year against any Assessor’s Parcel of Taxable Property be increased by more than ten percent above the amount that would have been levied in that Fiscal Year had there never been any delinquency or default by the owner(s) of any other Assessor’s Parcel within CFD No. A/C-3.

E. EXEMPTIONS

The CFD Administrator shall classify Assessor’s Parcels with the following Property Use as Exempt Property: Floating Home Property, Mobile Home Property, Non-Residential Property, Public Property, Assessor’s Parcels exempt from ad valorem taxation, and Assessor’s Parcels with public or utility easements making impractical their utilization for any use other than the purposes set forth in the easement shall also be classified as Exempt Property.

If, in any Fiscal Year, the Property Use of an Assessor’s Parcel of Exempt Property changes so that such Assessor’s Parcel is no longer classified as Exempt Property, such Assessor’s Parcel shall cease to be classified as Exempt Property and shall be classified as Taxable Property.
F. APPEALS AND INTERPRETATION

Any property owner may file a written appeal of the Special Taxes with the CFD Administrator claiming that the amount or application of the Special Taxes is not correct. The appeal must be filed not later than one calendar year after having paid the Special Taxes that are disputed, and the appellant must be current in all payments of Special Taxes. In addition, during the term of the appeal process, all Special Taxes levied must be paid on or before the payment date established when the levy was made.

The appeal must specify the reasons why the appellant claims the Special Taxes are in error. The CFD Administrator shall review the appeal, meet with the appellant if the CFD Administrator deems necessary, and advise the appellant of its determination.

If the property owner disagrees with the CFD Administrator’s decision relative to the appeal, the owner may then file a written appeal with the Board whose subsequent decision shall be final and binding on all interested parties. If the decision of the CFD Administrator or subsequent decision by the Board requires the Special Taxes to be modified or changed in favor of the property owner, no cash refund shall be made for prior years’ Special Taxes, but an adjustment shall be made to credit future Special Taxes.

This procedure shall be exclusive and its exhaustion by any property owner shall be a condition precedent to filing any legal action by such owner.

The District reserves the right to make minor administrative and technical changes to this Rate and Method that do not materially affect the rate and method of apportioning the Special Tax. In addition, the interpretation and application of any section of this Rate and Method shall be at the District’s discretion. Interpretations may be made by the District by ordinance or resolution of the Board for purposes of clarifying any vagueness or ambiguity in this Rate and Method.

G. MANNER OF COLLECTION

The Special Tax shall be collected in the same manner and at the same time as ordinary *ad valorem* property taxes, provided that the District may directly bill the Special Tax, may collect the Special Tax at a different time or in a different manner if needed to meet the financial obligations of CFD No. A/C-3.

H. NO PREPAYMENT OF SPECIAL TAX

The Special Tax may not be prepaid.

I. TERM OF SPECIAL TAX

The Special Tax shall be levied for a 20-year period, commencing in Fiscal Year 2020-2021 through Fiscal Year 2039-40, as necessary to satisfy the Special Tax Requirement.

EAST BAY REGIONAL PARK DISTRICT
COMMUNITY FACILITIES DISTRICT NO. A/C-3
EXPENDITURE PLAN

INTRODUCTION

On June 5, 2018, the East Bay Regional Park District (“Park District”) Board of Directors authorized submitting a special tax measure to the voters of Zone 1 to extend an existing parcel tax for a period of 20 years in order to continue to fund essential park projects and services. As part of the measure, the Board authorized the formation of Community Facilities District No. A/C-3 (“CFD No. A/C-3”) to encompass the same boundary and territory as Zone 1 and authorized the levy of a special tax on property within CFD No. A/C-3 of $12/year for single-family and $8.28/per multi-family unit for a period of twenty (20) years.

This Expenditure Plan for CFD No. A/C-3 (“the Expenditure Plan”) is intended to provide guidance for the implementation of spending proceeds of the tax authorized as part of CFD No. A/C-3. This Plan continues the purposes of Measure CC, consistent with the Board adopted Resolution of Intention, Resolution of Formation, and Rate and Method of Apportionment required for the formation of CFD No. A/C-3.

The focus for expenditure of the tax revenues includes wildfire protection, safe parks and trails, public access, and natural habitat, among other things.

BACKGROUND

The Park District includes all of Alameda and Contra Costa Counties. The Park District operates 73 regional parks, recreation areas, shorelines, preserves, wilderness and land banked areas, on more than 121,390 acres of parkland and over 1250 miles of trails.

In 2004, Measure CC was approved by more than two-thirds of the voters in the boundary of Zone 1 which encompasses the cities and communities of Alameda, Oakland, Piedmont, Albany, Richmond, San Pablo, El Sobrante, Kensington, Berkeley, Emeryville and El Cerrito. Measure CC levied a $12 per year tax on single-family parcels and $8.28 per year tax on multi-family units to improve park facilities, protect the environment and open-space, enhance public access and maintain public safety. Zone 1 is the same territory and boundary as CFD No. A/C-3. Measure CC tax funding will expire on June 30, 2020.

Measure CC was created with the recognition that the Park District’s General Fund annual revenue is appropriated in support of existing operations which enables the Park District to support current operations, but provides limited funding for new park services or facilities. CFD No. A/C-3 has the highest population density and park use in the Park District with some of the oldest parks in the regional park system. There are 22 parks in CFD No A/C-3 including Alameda Point, Anthony Chabot, Crown Beach/Crab Cove, Gateway, Kennedy Grove, Lake Chabot, Leona Canyon, Martin Luther King, Jr., McLaughlin Eastshore, Miller-Knox, Point Isabel, Point
Molate, Point Pinole, Redwood, Roberts, Sibley/Huckleberry/Claremont Canyon, Sobrante Ridge, Temescal, Tilden and Wildcat Canyon, and such new parks or properties that may be purchased and/or annexed to parks within the CFD.

The Board of Directors has determined that it is necessary to extend the Measure CC parcel tax to continue to provide for essential park projects and services in CFD No. A/C-3. In furtherance thereof, the Board has authorized putting a special tax measure to the voters within CFD No. A/C-3 with the same boundaries and territory as the Measure CC zone. The proposed levy of special taxes is the same as Measure CC: $12 per year on single-family parcels and $8.28 per year on multi-family units. The proposed tax will expire in 20 years.

INVESTMENTS IN PARKS AND PROGRAMS

The purpose of the special tax levy is for maintenance, improvement, and servicing of parklands, trails, open space, and related parkland access improvements; public safety protection services; recreation and open-space program services; flood and storm protection services; maintenance and operation of Park District property, including open space; and the construction, expansion, improvement, or rehabilitation of Park District property, including park, recreation, open space, and flood and storm protection facilities.

The Park District engaged in substantial public outreach to develop the attached “Commitment List and Proposed Use of Funds” (“Commitment List”) which is incorporated herein by this reference. The Commitment List is consistent with the Park District’s Master Plan and deemed necessary to provide continuing and enhanced levels of service and park projects in CFD No. A/C-3 for purposes of wildfire protections, safe parks and trails, public access, and natural habitat, among other things.

The Commitment List currently identifies the current allocation of the proceeds from the special tax as follows:

<table>
<thead>
<tr>
<th>Category</th>
<th>Percentage</th>
</tr>
</thead>
<tbody>
<tr>
<td>Natural Resource Related</td>
<td>40%</td>
</tr>
<tr>
<td>Safety, Access, Facility Improvements</td>
<td>50%</td>
</tr>
<tr>
<td>10% Contingency</td>
<td>10%</td>
</tr>
<tr>
<td><strong>Total</strong></td>
<td><strong>100%</strong></td>
</tr>
</tbody>
</table>

The approval of this Expenditure Plan does not guarantee that each and every project or program on the Commitment List will be completed or undertaken in the time frame proposed. The Board may make adjustments reflecting opportunities that arise over the life of the Expenditure Plan that are found to be beneficial for resource enhancement or public access and safety projects but are not necessarily identified on the Commitment List. This Expenditure Plan commits that a minimum of thirty (30%) of proceeds shall be used for natural resource related projects, programs or services over the life of the measure.
ADMINISTRATION, OVERSIGHT, AND IMPLEMENTATION

Term of Plan

This Plan and the tax levied within CFD No. A/C-3 will be in effect for 20 years, starting on July 1, 2020 and continuing through June 30, 2040. It may be extended by voters within the CFD prior to expiration.

Restrictions on Use of Funds

Funds from the proceeds of the tax levied within the CFD shall be accounted for and paid into a separate account restricted to the uses described in the Resolution of Intention, Resolution of Formation, and Rate and Method of Apportionment required for the formation of CFD No. A/C-3, and this Plan, including the Commitment List, as it may be amended. Funds from the proceeds of the tax levied may be spent only in the territory or vicinity of CFD No. A/C-3.

The park facilities in the CFD, in common with the majority of Park District facilities, are currently supported by monies derived from property taxes, grants, revenues from fees and charges, and other miscellaneous funding sources, and it is the specific intention of the Board that new funds raised by the special tax will augment existing funding sources.

Continued Public Engagement in Selection of Projects

Annually each year that the tax is in effect, the Park District Board of Directors will review project selections and allocations supported by revenue from the tax. For projects that are not ongoing, this Plan contemplates that the Board will decide which to initiate, based upon a variety of factors, including but not limited to equity in allocation of funds within the CFD, availability of funds, opportunities for supplemental outside funding, the timing of related projects sponsored by other agencies, and the time necessary for planning projects.

The Board may hold public forums from time-to-time regarding the allocation of funds and support of projects, whenever questions and/or issues arise that merit additional input from the general public, including stakeholder groups and organizations. Proposed allocations and expenditures of tax revenue shall be reviewed by the Board Finance Committee. Meetings of the Board Finance Committee shall be open to the public with opportunities for the public to comment upon the proposals.

Annual Accounting

The Board of Directors will annually review project selections and allocations funded by the tax proceeds. Each year there will be an annual report and public accounting of the use of tax proceeds during the past year. The annual accounting shall be a public document available for review prior to Board consideration of each year’s proposed allocations and expenditures.

Amendment of the Expenditure Plan

Based upon the Park District’s experience with Measure CC, over the life of the Expenditure Plan, the Park District may find that some projects or programs in the Commitment List require
modification, re-prioritization, or elimination or replacement to meet the overarching goals of the Expenditure Plan. The Board is therefore authorized to amend this Plan, including the Commitment List, to provide for the use of additional federal, state or local revenues, to account for unexpected revenues, to take into consideration unforeseen circumstances or respond to a comprehensive review over the 20-year life of the tax. Any amendments to the Expenditure Plan must be consistent with the voter-approved purposes of the tax. The Board may amend the Expenditure Plan, including the Commitment List, by the adoption of a separate resolution or by including the amendment in a resolution approving or authorizing a project or program.

**Compliance with Environmental Law in Project Approval Process**

To the extent that a use of tax proceeds described in this Plan would constitute a project within the meaning of the California Environmental Quality Act (“CEQA”), those projects will be subject to environmental review pursuant to CEQA at the earliest feasible time prior to the Board approving any particular project, consistent with CEQA Guidelines Sections 15004 and 15352. The Park District has identified the uses to which it will utilize the tax proceeds, however approval of this Plan is not a commitment to a specific project that will affect the environment. Approval of this Plan is not itself a project as it can be seen with certainty that there is no possibility that the approval of the Expenditure Plan itself may have a significant effect on the environment.

Second. Levy the Special Tax on each Assessor’s Parcel of Taxable Property, Proportionately, up to the Maximum Special Tax Rates described in Section C to satisfy the Special Tax Requirement.

Notwithstanding the above, under no circumstances will the Special Tax levied in any Fiscal Year against any Assessor’s Parcel of Taxable Property be increased by more than ten percent above the amount that would have been levied in that Fiscal Year had there never been any delinquency or default by the owner(s) of any other Assessor’s Parcel within CFD No. A/C-3.

In addition, during the term of the appeal process, all Special Taxes levied must be paid on or before the payment date established when the levy was made.

The appeal must specify the reasons why the appellant claims the Special Taxes are in error. The CFD Administrator shall review the appeal, meet with the appellant if the CFD Administrator deems necessary, and advise the appellant of its determination.

If the property owner disagrees with the CFD Administrator’s decision relative to the appeal, the owner may then file a written appeal with the Board whose subsequent decision shall be final and binding on all interested parties. If the decision of the CFD Administrator or subsequent decision by the Board requires the Special Taxes to be modified or changed in favor of the property owner, no cash refund shall be made for prior years’ Special Taxes, but an adjustment shall be made to credit future Special Taxes.

This procedure shall be exclusive and its exhaustion by any property owner shall be a condition precedent to filing any legal action by such owner.

The District reserves the right to make minor administrative and technical changes to this Rate and Method that do not materially affect the rate and method of apportioning the Special Tax. In addition, the interpretation and application of any section of this Rate and Method shall be at the District’s discretion.
