

Enjoy, Don't Destroy, Our Public Parks – More Visitors Put Native Wildlife and Habitat at Risk

**Dee Rosario** | [drosario@bparks.org](mailto:drosario@bparks.org)

Dee Rosario is the Board member representing Ward 2. Prior to his retirement, Director Rosario worked at the East Bay Regional Park District for 37 years as a park ranger, firefighter, fire lieutenant, and as park supervisor of Redwood Regional Park. He has served on the Alameda County Parks, Recreation and Historical Commission; the Board of Directors for the Friends of Sausal Creek; the Regional Parks Association Board of Directors; the Oakland Fire-Safe Council Board; and currently he co-convenes for the California Alliance for Retired Americans, Alameda County. Director Rosario was born in Oakland and raised in the East Bay. He graduated from Mt. Eden High School in Hayward, earned an associate's degree from Chabot Community College, and attended

California State University, East Bay. Director Rosario is married and resides in Oakland.

**Becky Tuden** | [\(510\) 544-2353](tel:5105442353)

Becky Tuden is the Ecological Services Manager in the Stewardship Department at the East Bay Regional Park District. She has been with the Park District for six years and loves her job. In her career, Becky has worked in the Bay Area at all levels of government (federal, state and local) on water quality and natural resource protection. Projects include watershed plan for Tomales Bay, trash reduction plan for the City of Oakland, implementation of green infrastructure in urban areas and dredged material management plan for San Francisco Bay. Most recently, she led an effort to complete an ecological health assessment of wildlife in the East Bay.

**Joe Sullivan** | [\(510\) 544-2342](tel:5105442342)

Joe Sullivan, Fisheries Program Manager, East Bay Regional Park District. He has been with the Park District for 11 years. Joe holds a B.S. degree in Wildlife, Fisheries and Conservation Biology from UC Davis and a M.S. degree in Natural Resources and Environmental Science from University of Nevada, Reno. His key interests are in aquatic ecology and native fish conservation. Joe's position at the Park District allows him to promote recreational fishing while also protecting and enhancing aquatic habitat for a variety of fishes and amphibians.

**Doug Bell** | [\(510\) 544-2341](tel:5105442341)

In addition to his duties as the Wildlife Program Manager with the East Bay Regional Park District (EBRPD), Doug is an Adjunct Professor of Biology at California State University, Sacramento, and a Research Associate in the Department of Mammalogy and Ornithology at the California Academy of Sciences. Doug holds a B.A. in Zoology from Humboldt State University, a Diplom -Biologie from the University of Muenster, Germany, and Ph.D. in Zoology from U.C. Berkeley. His research interests range from avian systematics and population genetics to conservation biology. He has been engaged in a long term studies of golden eagles, prairie falcons and other raptors in California with an emphasis on assessing impacts from anthropogenic activities, especially renewable energy development, and finding ways to lessen those impacts. Doug is past president of the San Francisco Bay Chapter of the Wildlife Society and the Western Section of the Wildlife Society.
