Entrances of the park.

Equestrian accommodations are found near the east end of the park. Hikers can imagine the forest's grandeur before aggressive logging at a heritage viewing deck and interpretive exhibit introduces them to the Old Growth Redwood Heritage Viewing Deck and Interpretive Exhibit. The exhibit preserves an old-growth footprint with an observation deck for educational programs on Redwoods and climate change. To visit the viewing platform and interpretive exhibits, hike to the Redwood Bowl area along the Roberts Ridge Trail.

In December 2018, the Park District in partnership with the Save the Redwoods League unveiled the Old Growth Redwood Heritage Viewing Deck and Interpretive Exhibit. The exhibit preserves an old-growth footprint with an observation deck for educational programs on Redwoods and climate change. To visit the viewing platform and interpretive exhibits, hike to the Redwood Bowl area along the Roberts Ridge Trail.
