Regional Parks Foundation
2016 Annual Report

Gaining Traction,
Building Momentum

Supporting East Bay Regional Parks Since 1969!
Access for All
The Regional Parks Foundation supports the East Bay Regional Park District through fundraising to provide universal access, environmental stewardship, educational and recreational programs and the acquisition of parklands.

At the Regional Parks Foundation we believe connections with nature are critical for leading a healthy, balanced life. Every day, we provide resources to ensure underserved populations have equal access to nature through the East Bay Regional Park District’s parks, trails, programs and services. As a result of what we do, lives are changed, and we inspire the next generation of environmental stewards to value and protect open space and the environment.

8,997 people served in 2016, a 121% increase from 2015!
Dear Friends,

We are pleased to share this 2016 Annual Report with you, our members and donors, whose generous contributions have boldly blazed a path for the Regional Parks Foundation to “Gain Traction and Build Momentum”!

It is our hope that this report highlights the impact of your generous support whether through memberships, grants and donations, or participation in the new 1-in-a-Million Sustainer’s Circle. We know it is only through the kindness of this community that we could beat our goal and raise $21 million to provide “Universal Access” to the most vulnerable. We do this through transportation assistance, camp scholarships “Camperships”, and social education for seniors; Environmental Stewardship through habitat restoration and wildlife protection; and Health, Wellness and Safety through Trails Challenge, Multi-Cultural Wellness Walks, SHINE, and more.

In addition, the Foundation received a generous land donation of 50 acres valued at $3.75 million from Antioch Holdings, LLC. This land was transferred to the East Bay Regional Park District where it preserves the last remaining undeveloped portion of ridgeline between Black Diamond Mines and Contra Loma Regional Parks.

We believe the Foundation is on a path to making an even bigger difference for our East Bay Regional Parks by increasing our support to expand services for the underserved, protect cultural and natural resources, and improve infrastructure for enhanced visitor experiences. We invite you to celebrate your accomplishments and we hope you will continue to partner with us on this journey.

Sincerely,

William Yarborough
Board President
2.8 MILLION residents in Alameda and Contra Costa Counties

25 MILLION Park District visitors in 2016

9,922 Regional Parks Foundation members
The Regional Parks Foundation ensures “access for all” by funding programs that make it easy for the most underserved in our community to enjoy their Regional Parks. Programs include transportation through Parks Express, Multi-Cultural Wellness Walks, Senior Outreach, and Camp Scholarships “Camperships” for youth.

Universal
Access

Funded 111 bus trips to parks
Youth Development

Your donations for Youth Development, also known as “Campership,” programs support under-resourced children and youth. You give children the opportunity to attend camp, experience parks, learn through award-winning environmental education programs and gain skills through employment.

Key initiatives include: Park’n It Day Camp, Camp Arroyo, Swimming Lessons and Scholarships for Junior Lifeguards, Ash Street Day Camp, Teen Eco Action Week and Youth Job Fairs.
8,997 total served in Youth Development
121% increase!

60 kids attending Park’n It Summer Day Camp Program

1,078 kids served through Camp Arroyo

143 youth served in the Boating Scholarships Program

5,000 youth served through Mobile Fish Exhibit

649 kids served through Fishing Derbies

678 kids attending Community Outreach Outdoor Programs

546 swim lessons and Jr. Lifeguards
The Foundation invites our community to engage with us by volunteering, donating, becoming a member or attending a variety of educational and outreach events.

Membership
A great way to show support for the East Bay Regional Parks and explore all the parks have to offer! The newly revamped program offers options for individuals, families and special access pricing for veterans, seniors, students and persons with disabilities.

Donations
Gifts to the Regional Parks Foundation provide resources to protect open space, preserve wildlife habitats, and educational and recreational opportunities where you inspire the next generation of environmental stewards.

Legacy
Our planned giving program supports donors wishing to leave a legacy through a gift that will help protect their favorite park or continue a program that matters most to them.

Corporate Engagement Program:
Every year the East Bay Regional Park District (EBRPD) has more than 16,000 volunteers contribute over 155,000 hours of service to the parks. The RPF Corporate Engagement Program provides corporations with volunteer opportunities throughout the year including: shoreline clean-ups, trail maintenance and trail building, and park stewardship projects. Corporations also participate by providing event sponsorships, matching gifts, and grants to support projects.
Individuals make an enormous impact by leaving a variety of legacy gifts from cash, stocks, real estate, IRA’s, charitable trusts and more. These support the important work to preserve open space, maintain trails, and keep the parks beautiful and accessible.

**Legacy Special Gifts**

Bequests in 2016

- **$190,893** bequest from Jill Bryans Trust (RPF and Botanic Garden)
- **$80,000** Philip Scholz Memorial (New trail at Pleasanton Ridge)
- **$25,000** bequest from Charles Campe Trust
- **$10,000** gift from V. Lorel Bergeron Living Trust (Tilden Little Farm)

Special Gifts

Donors Nancy and Gary Harrington made a special $50,000 gift for the design of the Park District’s first open Interpretive Pavilion at Shadow Cliffs Regional Recreation Area! Once constructed, this pavilion will serve as the gateway to the natural area of Shadow Cliffs where it will showcase the natural, cultural, and philanthropic history of the park.

The 1-in-a-Million Sustainer’s Circle is an opportunity for 4,000 donors to join together by contributing $21/mo or $250/year. Donors enrolled in the 1-in-a-Million Sustainer’s Circle, collectively contribute $1 million a year to protect open space, sustain parklands and provide excellent educational programs for youth!

Donations

$70,016 Raised in first 2 months of the campaign!

Corporate Projects

$40,000 PG&E to Reduce Fire Hazards

$35,500 Fremont Bank for Horse Trailer for Mounted Horse Patrol

$10,000 Drake’s Brewing Co. for Trails Maintenance

$75,000 Tesoro Refinery for Mobile Incident Command Center

$20,000 REI for Trails Maintenance

$165,000 Kaiser Permanente Trails Challenge and various health, multi-cultural and personal development programs.

Leona Canyon
Rifle Range Creek
Restoration

With your support, the Foundation provided $15,000 to the Park District’s Stewardship Department to reduce damage and repair habitat along Rifle Range Creek in Leona Canyon Regional Open Space. Some makeshift paths created over time by park visitors resulted in trampled plants that killed vegetation and exposed the soil to erosion. Residues from the impacted areas entered the water flow and sediments began to clog the creek, impacting the wildlife that depends on this riparian ecosystem. The Park District used these funds to thin out the willow branches that were impeding the flow and reused the same branches, by bundling and anchoring them to the ground, to catch the soil and prevent further sediment from entering the creek.

Coastal Clean-up
Caltrans:

A generous grant from Caltrans enabled the Park District to engage with 3,183 volunteers, who provided 8,949 hours of community service at 37 sites along the shoreline, to remove invasive species, plant 20 native trees and remove nearly 23,700 lbs. of debris to preserve coastal habitats.

Ivan Dickson
Trails

Since 1996 the Ivan Dickson Volunteer Trail Maintenance Program has managed 209 trail projects with 10,087 volunteers contributing over 39,938 hours of volunteer labor. We are thankful for REI Inc.’s ongoing support for the program and welcome Drake’s Brewing Company as a new sponsor.
Since 2012, Regional Parks Foundation has proudly supported the Healthy Parks, Healthy People Bay Area Initiative with programs such as Trails Challenge, Kids Healthy Outdoors Challenge, Parks RX, and our newest program, SHINE (Stay Healthy in Nature Everyday).
Trails Challenge
Celebrating the 23rd year of Trails Challenge with nearly 10,000 participants.

Multi-Cultural Walks
Thanks to a generous grant from Kaiser Permanente in 2016, the Park District hosted five multi-cultural wellness walks attracting an average of 125 participants per walk. These walks represented both young and old members of the diverse communities that make up the Alameda and Contra Costa counties, particularly Latino, Korean, Chinese, African American, Filipino and South Asian.

Health and Wellness
10 years of Kaiser Permanente supporting Trails Challenge
In keeping with its mission to provide safe access to the East Bay Regional Parks, the Foundation funds a variety of programs and equipment to protect and educate park guests. From water safety equipment to bike bells and helmets our goal is to increase safety for human and animal visitors.

Mounted Horse Patrol
To cover large, inaccessible areas, the EBRPD utilizes one of the nation’s oldest policing tools—mounted patrol units. The method, which might seem a little old-fashioned, continues to be a valuable resource in urban areas and in the parks. The EBRPD currently has 2 full-time horse mounted officers to patrol the parks with plans to expand the mounted patrol unit. To enable the EBRPD to expand its equestrian force Fremont Bank covered the cost of a new 4-horse trailer. The new trailer replaces a 3-horse trailer that is approximately 20 years old and at the end of its usable life.

Aquatics Outreach and Swim Lessons
With funding from the Regional Parks Foundation, Lifeguard Services provides a variety of high quality outreach programs in East Bay Parks and in the community. These include water safety presentations at elementary schools, 3 Aquatic Adventure Camps in Richmond, Antioch and Livermore, and Vamos a Aprender at Del Valle Regional Park.

In addition, the Foundation provides funding for swim lessons and loaner life jackets that are available for park guests.

707 kids took swim lessons or participated in Jr. Lifeguards
Mobile Incident Command Center
Rapid response to fires, natural disasters, accidents and public safety incidents is very important to the safety of the Park District’s 25 million visitors each year. To ensure the Park District is ready to respond to emergencies spanning thousands of miles, and to ensure its capacity to effectively communicate with partnering agencies, the Tesoro Foundation provided a $75,000 grant for the purchase of a new Mobile Incident Command Center vehicle. The unit will be built and delivered in 2017 and it will provide the resources needed to flexibly and nimbly coordinate air, ground and aquatic resources in the future.

Bike Bells and Helmets
To promote harmonious interactions between walkers, runners, bicyclists and equestrian riders on EBRPD trails, the Park District hosts numerous trailside informational events to share tips about safety and proper passing etiquettes. As part of the ring out and call out program, the Park District hands out bike bells and helmets to bicyclists to increase safety and reduce conflicts between cyclists and other trail users. 930 bells and 690 bicycle tail lights were handed out in 2016.
